Funny Sights in Jasper.

Jasper is "dry" but about 9 a. m. Wednesday one of our men, full as a goat, staggered around the square, tried to fall in a drug store whose door was locked, and as he turned around he faced the Judge. "Hello Judge," he then coughed; the Judge smiled and passed on. Another sight is a sign in big red letters saying "Everybody Welcome" in the door window of the hospital. Who wants to go a hospital, anyhow?

Candidly, isn't the giving of class plays by high schools or colleges a big piece of foolishness as well as a waste of time. Pupils are very seldom sent to high school or college for the purpose of making actors or actresses out of them or of teaching them how to dissemble and if they were the high school can't qualify. There are schools for that purpose only.

County Council Meets.

The County Council held a special session at the Auditor's office Thursday to make appropriation for bridge and to pay various township assessors. It is law, but the law should be repealed, the assessors office, all of them, should be abolished. Make every man his own assessor. IN FACT, as he is in reality now, but without the penalty.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally, and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Give it in Time Every mother knows that coughs and colds, neglected, may lead to the most dreaded diseases. Croup, bronchitis, pneumonia and consumption often have their beginning in a slight cold. The wise mother gives

Foley's Honey and Tar at the first signs of a cough or cold. She knows it stops coughs quickly, puts a soothing, healing coating on an inflamed and tickling throat, and gives a feeling of warmth and comfort to the sufferer.

Mrs. M. E. Eckhart, Ashland, Penn., writes: "Foley's Honey and Tar is the best cough and cold remedy I have ever tried. When my little girl had a cold on her chest, I gave her a few drops, and it relieved her right away."

THE MAN IN LOUISVILLE.

Harold Kuntz of the L&N office said he was not feeling so well. He said he had a bone in his foot.

In office employees at the office had to go to a station list examination. The Jasper boys all went over the top, that is what it means to be (away) from Jasper. Some school teachers however contended that there was another general office at Nashville because its name shows it. Well! what does a school teacher know about railroadings.

Such a difference. Columbus contended the world is round, and it was found that he was right. At our time comes Wilson and says it must be square.

Last week there was a noise in town as if Charlie Flick was here. All right Charlie if you stay up here long enough, your eyes will be much improved, and finally you will be able to see all sorts of things.

Since the armistice is signed Mr. Steinkamp and Willie Dudine are making frequent visits to Camp Taylor, to have peace terms signed with two nurses, one of whom is a Chasper damsel.

Henry Gutzweiler, formerly of Chasper, is building a house, but he thinks if dog tax gets any higher he will discontinue and dispose of his dogs.

Geo. Eckenfels of Jasper is up here. He likes it in town, but George would not make a good teacher; he does not like people to save soles, because he is working in a shoe factory, and his business is to test soles.

Mrs. Mary Goebel, wife of the late Wm. F. Goebel, several years ago in Merchandise business at Jasper, died at Louisville last week at the age of 78 years. Mrs. Goebel had many friends at Jasper and Portersville where they were in business also.

Whenever any of our Chasper friends come to Louisville this summer, I wish to call your attention, that whatever you do or say, do not call Mayor Smith's police "Keystoner" or he will say "Ten dollars". He absolutely will not stand for it, also be careful not to fall a victim to a hold up, or you will be arrested and he will say "ten days" and the hold up will be "a mystery to the police," so be careful.

Lee Swenney is back in town again; he is counting bolts and nuts at Belnap Hardware and in the evening giving lessons at a second hand store.

Well boys, it will not be a very long time now until the Government will take all breweries and distilleries under control and turn telephones over to private ownership, a bad horse swap. John Birk.

Do You Enjoy Life?

A man in good physical condition is a man certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

Marriage Licenses.

Otto E. Hartig 27 to Alfreda Sunderman 27, both of Evansville.

Walter F. Stippler 24 to Amelia S. Vogel 21.

Lin's G. Bohnert 25 to Ardella R. Saib 22.

Victor Goepfner 24 to Bertha M. Himsel 16.

Cause of Headache.

By knowing the cause, a disease may often be avoided. This is particularly true of head ache. The most common cause of head ache is a disordered stomach or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.

Mrs. Chas. Bartley, wife of the circuit court clerk, is confined to her home with an attack of the flu.

Harry Buechler and family returned to Milwaukee Tuesday after a visit with friends and relatives at Jasper.

Carl Gutzweiler and A. Haller made a business trip to Evansville last Tuesday. Of course they didn't go to Henderson, Oh, no! No time.

Bank Boxes Robbed.

Some time last Thursday night the rear door of the Farmers and Merchants Bank was forced open and the lock on the Safe Deposit Bank vault was blown off and then the hinges of 19 boxes were chiselled off and Liberty Bonds amounting to between \$9,000 and \$10,000 taken. One guess is as good as another and we guess the bonds are still in town, as work of the robbers was very crude. Less than one fifth of the boxes were opened, the burglars evidently were scared of their own shadows, as the robbery was no known of until late next morning.

LUTHERANS IN A RALLY

Entire Church is Urged to Give Full Support to the Victory Loan.

Members of the National Lutheran Council and every pastor of the Lutheran church in the United States is urged to respond to the government's call in the Victory Liberty Loan in a special message that has just been sent out to the church by H. G. Stubbs, president of the national council.

"The Victory Loan is at hand," he states in the message. "Our government has urged the people of the country to do their best in order to reach the goal, as in all former Liberty Loan drives. According to communications from government officials, we know that our Lutheran church has done its share in raising every former Liberty Loan, and our church will not hold back when the call for the Victory Loan comes to its members."

"As president of the National Lutheran Council, consisting of a large majority of the Lutheran bodies, I urge all those who belong to the council to do what they can. Every pastor and every member of every synod and congregation should take part. The government would not have issued this call if it were not necessary. But the great reconstruction work and the assistance needed by the people of Europe require that we do as much as we possibly can."

WILSON ENDORSES SALVATION ARMY.

President Wilson, burdened as he is, found time to cable his endorsement of the Salvation Army Home Service Fund Campaign, which will be conducted during the week of May 19-23. The cablegram:

Commander Miss E. Booth, Personal, Salvation Army, 120 West Fourteenth street, New York:

I am very much interested to know that the Salvation Army is about to enter into a campaign for a sustaining fund. I feel that the Salvation Army needs no commendation from me. The love and gratitude it has elicited from the troops is a sufficient evidence of the work it has done, and I feel that I should not so much commend it as to congratulate it. Cordially and sincerely yours, WOODROW WILSON.

U. S. Invents Anti-Rust "Dope."

Incident to the war, the government has faced the problem that has so long proved baffling to commercial concerns of protecting iron and steel from rust. In an attempt to solve this federal specialists have perfected various forms of protective coatings. In this connection it may be pertinent to ask whether commercial uses will not be found also for the so-called "dopes" which the government has invented to be applied to airplane wings and which are possessed of valuable weather-resisting and fireproof qualities.

EVANGELINE BOOTH TELLS HOME SERVICE FUND'S NEEDS.

Evangeline Booth, commander of the Salvation Army in the United States, explaining the purpose of the campaign for \$13,000,000 which will be conducted from May 19 to May 23 for the Salvation Army Home Service Fund, said:

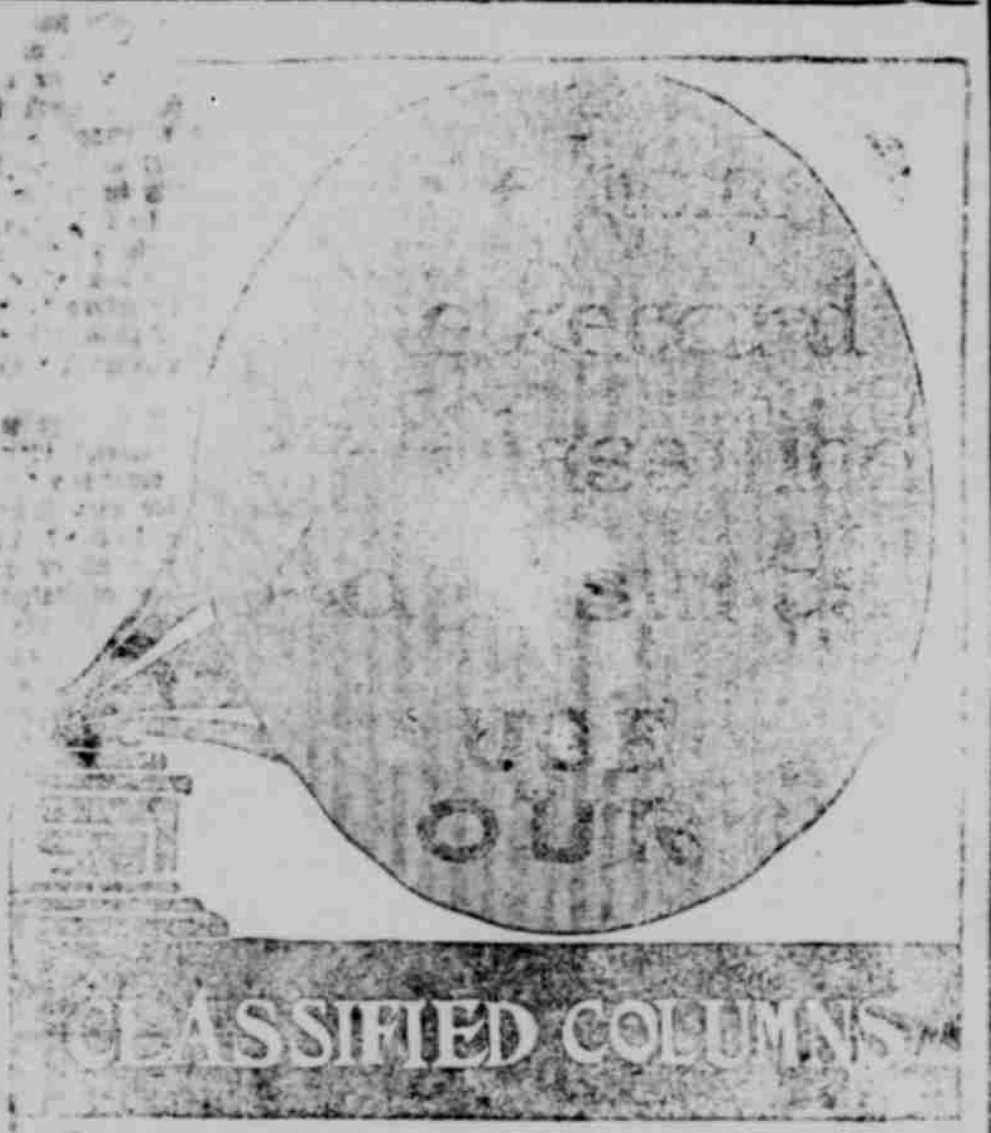

"The Salvation Army has been tolling on the upward trend for more than half a century, doing just what it did in France, all in the same spirit and manner, but you did not happen to hear of it, perhaps."

"The war depleted our forces and our finances at home. There must be not only a rehabilitation now, but we must rise to the new high-tide mark and equip ourselves to maintain here in the United States the contracts we were privileged to make on both sides of the sea."
