THOS. H. SELBY, the gentleman nominated by the Tax-payer's Union for Mayor of San Francisco, is the subject of scandalous abuse from the Examiner since he has dared to run counter to the wishes of a nefarious ring of rascals in that city. We do not remember to have seen or heard anything of the Examiner's opposition to Mr. Selby as President of the Southern Relief Association, two or three years ago; on the contrary, if our memory serves us, that paper was very laudatory of the character of Mr. Selby, and urged liberal contribution because the means were to pass through the hands of a faithful agent, who would be responsible for its application to the purposes for which it was given. Nor did we hear any complaint of Mr. Selby's stewardship in the matter, after the close of the commission. Had Mr. S. consented to see the city continue in the hands of Cooney, McCoppin, Provines, White, Divine & Co., we have no doubt he would still have been a Saint, in the eyes of the Examiner. What astonishes us most is that from a somewhat intimate acquaintance, of several years growth, with the chief editor of that paper, we know he must have more regard for the little finger of either Selby, Judge McKinstry, Rhodes, and a half dozen other old-time Democrats, now on the Tax-payer's ticket, than he can have for the whole bodies of all the roughs and rowdies who compose the ring. It is not in Washington's nature to be a rough, and yet, we find him herding with the chiefs of a rowdy ring, in opposition to the interests of his city, and scandalizing the better class of those who have stood by and did battle with him in the same cause for years.

DAVID HIRAM SMITH, the younger son of the original prophet, is described as a fluent and forcible speaker, and, what is more, he is evidently endowed with a large amount of backbone. In education he is far superior to Brigham, and for his years (he is only twenty-three or four years of age) he seems to be evincing no less sagacity than pluck. The style in which he is attacking polygamy and Brigham's peculiar system of tithing must be peculiarly annoying to his antagonists. He is drawing well, and his speeches are listened to with enthusiasm. Referring to the grinding system of tithing now in force, he is reported to have said: "I believe in tithing the rich to support the poor, but you (Brigham) believe in tithing the poor to put money in the pockets of the rich." This terrible home thrust elicited applause and cries of "That's so" from every part of the hall in which the bold young aspirant to the position of head of the Church was speaking. To be heard Brigham in this audacious style in his own stronghold is an enterprise fraught with peril, and we should not be greatly surprised if the career of David Hiram should come to a sudden and mysterious close. "So wise, so young, they say, do ne'er live long," and David would do well to be exceedingly circumspect in his goings out and comings in. A judicious physician would advise him to beware of the night air and to avoid solitary walks in secluded places as being likely not to promote longevity.—S. F. Chronicle.

THE Alaska Times of August 20th says there are only six hundred inhabitants in Sitka, all told, yet there are sixty bar-rooms and two breweries. Think on't, a bar-room for every ten persons. We venture the guess that Capt. Murphy is running three or four of those cribs on his own private account.

THE Appetite Tobacco Destroyed

Leave off Chewing and Smoking THE POISONOUS WEEP, TOBACCO.

ORTON'S PREPARATION

Established 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco, in any person, no matter how strong the habit may be. If it fails in any case the money will be refunded. It is perfectly safe and harmless in all cases. It is almost impossible to break off the use of Tobacco, by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation, there is not the least trouble. Hundreds have used it who are willing to bear witness to the fact, that Orton's Preparation completely destroys the appetite for Tobacco, and leaves the person as free from any desire for it as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleansing the system and thus allaying the unnatural craving for Tobacco. No more hankering for Tobacco after using Orton's preparation. Recalled it is warranted.

The time taken to allay all desire for Tobacco by the use of the Preparation varies slightly in different persons, the average time being about five days. Some have no desire whatever after using the Preparation ten days.

The Health and Pulse of every Tobacco user in the country calls loudly, ABANDON THE USE OF TOBACCO.

Recommendations.

The following are a few selected from the multitude of recommendations in our possession:

We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco, quickly and permanently, and without any bad effect upon the health, and without creating an appetite either for the Preparation or any substitute.

From Samuel Cassidy, Editor Journal and Argus.

Petaluma, Cal., Dec. 14, 1898.

For about twenty years I had used tobacco in its various forms and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined, if possible, to break myself of the habit. Hearing of Orton's Preparation for destroying the appetite for tobacco, I sent to Portland, Maine, for a box of the medicine which I received through the mail on the 17th of November. A month has not elapsed, and yet the medicine has effectually relieved me of every craving or desire to use tobacco in any form. The preparation is not more difficult or unpleasant to take than common chewing gum. I conscientiously believe the preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief, and from an honest desire to assist others who may wish to break away from the slavish appetite for tobacco, I offer this testimonial.

Beware of Counterfeits and all articles purporting to be like that of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public inferior articles. Purchasers will please order directly from the proprietor, or his duly authorized Agents.

The price of Orton's Preparation is \$2 per box, or six boxes for \$10, sent by mail to any part of the country, securely sealed from abuse, with a passage paid on receipt of price.

How to send the money by mail.—Enclose the amount in a letter, seal carefully, register the letter and take a receipt for it of your Postmaster. Money sent by mail as above directed at my risk.
