## Silos silos Silos

In the practice of economy on the modern farm, the SILO plays an important part. It makes CHEAPER feed and it makes BETTER feed.

The man who has ten head of cattle to carry through the winter will save more than the price of a silo by its use for one year.

Ensilage can be put into a silo for a total cost of not more than \$2.00 per ton. A cow will eat about 40 pounds of it per day. There you have it! Make your own figures.

It is almost impossible to feed on any other feed without the loss of upwards of \$3.00 per month per cow. Ten cows would mean \$30.00 per month. For four months the total saving would be upwards of \$120.00 for the ten cows. The more cows the more saving.

## McBee Silos

Are decidedly the Best—And that's Why we are Selling them ALL OVER MISSISSIPPI

and across the boundary lines of other states. Aside from their many good qualities, there is one point that renders it impossible for you to buy any other silo with any good business judgment. That point is in the saving in freight. We can save you from thirty to sixty dollars per silo on the freight. Let's hear from you.

## PLEASANT WAY TO STOP CONSTIPATION

Dodson's Liver Tone Takes The Place of Disagreeable Calomel and Its Often Dangerous After-Effects.

You probably know that calomel is a poison, a form of mercury, very dangerous to a great many people and sometimes causing disagreeable after effects for nearly everyone who tries it.

Dodson's Liver Tone is recommended as a perfectly safe and reliable remedy to take the place of calomel. This is exactly what it is made for and has been made for ever since the first bottle was put up and sold.

Dodson's Liver Tone is pretty widely imitated. But be careful to judge between the loud boasts of the imitators and the plain truth of the original.

Dodson's Liver Tone is sold and guaranteed by Swinney & Stigler, who will refund purchase price (\$1.00) instantly with a smile if you are in any way dissatisfied.

Dodson's Liver Tone is a palatable vegetable liquid. Its action is easy and natural, with no grip, no pain and the after-effects are pleasant instead of disagreeable. Dodson's Liver Tone does not interfere with your regular duties, habits and diet, but builds and strengthens instead of weakening you or "knocking you all out" for days. Try Dodson's and feel better and brighter, as thousands have.
