BASEBALL.

Rain on Memphis Games at Other Southern Cities.

The game between Memphis and Savannah was interrupted in the first inning by a rain-storm, which rendered a postponement of the game necessary. It was a lucky storm for the Browns, for their new catcher, Broughton, had not arrived, and the indications for a crushing defeat were promising, as there was a man on first, another on second and a slugger at the bat, with nobody out when the storm came up. If Broughton can play to-day, and can hold O'Leary, Memphis will doubtless do herself proud.

The other league games yesterday were genuine surprises, every favorite losing.

Baseball Notes.
At Macon--Macon, 7; Nashville, 6. At Augusta, Ga.--Augusta, 11; Atlanta, 5.

At Charleston--Charleston, 2; Charleston, 1. KILROY only gets \$1500.

PROBABLY winners to-day: Memphis, Nashville, Charleston, Atlanta. The Pittsburg played at Cincinnati yesterday and won by tremendous margin. Barkley was spiked at the plate in the third inning and Carroll was substituted. Attendance, 3500. Score--Cincinnati, 13; Pittsburg, 13.

HEAVY LOSS started a race yesterday by Fasselbach's present for faithful work behind the bat. The necessary sum was raised in fifteen minutes. A suit of clothes has been suggested as the most acceptable gift.

The Linden Street Nine defeated the Shelby Street Nine yesterday by a score of 30 to 12. Clavin and Goodbar were the batteries for Linden Street and Gilson and Pease for Shelby Street. Two double plays were made by Moore and Saunders.

MOORE was looked to pitch for St. Louis at St. Louis yesterday, but at the last moment Carthage was substituted, and he being sick, pitched very badly and was batted all over the grounds, and the Louisville won the game easily and without special feat. St. Louis, 1; Louisville, 12.

The tables were turned on the Metropolitan at Baltimore and they were defeated in an interesting game. Heavy batting and fine fielding was done by both sides. The visitors, with the exception of Orr, were unable to do anything with Kilroy until the eighth and ninth innings, when five of their nine hits were made. Somers and Green did the best batting. Score: Baltimore, 12; Metropolitan, 6.

Tax Brooklyn club secured its first victory at Philadelphia yesterday, and administered a crushing defeat to the Athletics. Weaver pitched for the Athletics and the visitors began pounding him in the first inning, and never let up until the game was ended. The visitors also played an excellent game in the field. The Athletics made a miserable exhibition in the field and could do very little with the bat. Attendance, 2500. Athletics, 2; Brooklyn, 18.

The Little Strike UPON WHICH THE CAR DRIVERS WERE BENT.

The Lines All Idle for Seven Hours--A Written Contract Signed.

The street-car drivers were determined to have a little fun at the expense of the Memphis City Railway Company, and actually made a feeble attempt yesterday to imitate their first movement here. The demand was made by them on the company was given in the APPEAL Tuesday morning, followed by the statement that they had agreed to pay the same as the new company, 1 1/2 cents an hour with half an hour for dinner, the drivers accepting their demand and not insisting upon their demand of 16 cents an hour. Everything went along smoothly Wednesday, but yesterday morning a demand for a written contract for the 16 cents an hour was renewed. The company declined to pay 16 cents, and no cars went out. Stable hands made a trip or two, and at the corner of Main and Beale a red car, filled with ladies and driven by a heeler, was stopped by a crowd, one of the men turning on the brake in the rear, while two others reversed the miles and forced the man to drive back toward the stable. Chief Davis and Sergt. Kunholz arrested the trio and threatened the remainder with so much success that the car was enabled to proceed on its way and there was no more trouble. The strikers who were in charge were as H. T. Jordan, Mike Rohr and Ed Rose, and were charged with malicious trespass and attempting to incite riot. Shortly after they were arrested the drivers agreed to go to work if the company would sign a written contract to do that upon which they had verbally agreed the day before, 1 1/2 cents an hour and half an hour for dinner, and the cars were started out once more. The captured trio were released and went to work again.

The Knights of Labor are understood to have had nothing to do with the affair, and the movement was entirely without public sympathy.

He Went by the Rules.
Puck: "I wish you wouldn't grin at me in that idiotic way. Mr. Lightweight, you make me nervous."

"Can't help it. My Hand-book of High-toned Etiquette says you must wear a pleasant smile during the pauses in conversation, and I'm wearing one, that's all."

A Druggist's Story.
Mr. Isaac C. Chapman, druggist, Newburg, N. Y., writes us: "I have for the past ten years sold several gross of Dr. Williams' Pink Pills for Pale People, and I can say of it what I cannot say of any other medicine, I have never heard a customer speak of it but to praise its virtues in the highest manner. I have recommended it in a great many cases of whooping cough, with the happiest effects. I have used it in my own family for several years; and I always have a bottle in the medicine chest ready for use."

Dandruff IS REMOVED BY THE USE OF COCAINE. And it stimulates and promotes the growth of the hair. Burnett's Flavouring Extracts are the best.

Louisville Cement. PREPARE FOR FLOOD. Foundations, cellar walls and buildings subject to overflow should be constructed with Louisville Cement. It is the standard.

INTERESTING FIGURES.

THE STORY TOLD BY THE ASSESSOR'S BOOKS.

Nearly Ten Thousand Polls in the City--The Difference in Wards.

The recent report of tax assessors, to which little attention was paid when it was submitted, contains a good many items of interest not only to tax-payers and to those interested in the growth of the city, but to those who are figuring on the result of the election to take place in August. The following summary will be of use to the public generally:

Table with 4 columns: WARD, No. of Polls, No. of Polls, No. of Polls. Rows include First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Total City, Total County.

Total County, 12,362; Total City, 9,745.

ADD ONE SIXTH FOR OVER POLL-TAXES. The total number of polls in the city is 9,745. The total number of polls in the county is 12,362.

The First will still remain the bloody first, as it has the greatest number of polls, leading the Fifth by 97 and the Tenth by 89. The voting capacity of the wards and districts runs as follows: First, Tenth, Fifth, Eighth, Fourteenth District, Seventh Ward, Third Ward, Second Ward, Ninth Ward, Thirteenth District, Fourth Ward, Second District and so on down the list, the smallest in city or county being the Sixth Ward with 136 polls.

So much for population and politics. When it comes to property owners, the Fourteenth District leads with 1778, followed by the Tenth Ward with 960 and the Eighth Ward with 912.

The city, according to this statement, has 710 less property owners than the country, 730 more privileges and 1735 more taxable polls.

No better proof of the increase of the population of our city can be given. Allowing for mistakes, and without going into theories, it is easy to believe that a city which has nearly 10,000 taxable polls has more population than any late census has given the city of Memphis and suburbs together.

HOLY WEEK. Services in the Catholic Church--Solemn Rites.

To-night the office of the Tenebrae (darkness of the darkening of the churches) will be chanted, the services beginning at 7:30 o'clock. During the time the waxen candles are placed near the altar, bearing fifteen tapers disposed in the form of a triangle, and representing the light of Christ and of the prophets who announced his coming. As the psalms are sung the tapers are extinguished until only the topmost remains. This, as it represents the sun, the moon and the stars, behind the altar during the Miserere, after which it is put back in its place, to signify the temporary extinction of the light of Christ between his death and resurrection.

Thursday--being the anniversary of the Holy Eucharist and the priesthood of the apostles, distinguished by the two ceremonies of great significance, which take place during the solemn mass, which commences at 9 o'clock.

During the "Gloria in Excelsis" of this mass the bells are rung, and thereforward remain silent until the same hymn in the mass of Holy Saturday. A Host, consecrated during this mass, is carried by the bishop in procession to a side altar (called the sepulcher), richly decorated, where it remains and is visited by the adoring faithful during the entire day.

On Good Friday the altar is denuded to signify the desolation of the church, their relations; so much so that Joseph sold his wife to his friend Wells for the paltry consideration of \$100. Wells paid over the money and then told the self-divorced husband to stand not on the order of his going, but to take the children of his wife, thereupon the wife-purchaser became anxious to get back the money paid for the wife he hadn't got. He hunted up L. O'pol, but that individual considered the bargain a good one for him, and preferred to keep the money rather than redeem the wife. Here the matter rests at present.

ROCHESTER, MISS., April 18--A few days ago John Leopold had a friendly sit down at his residence in this city, with his friend, George Wells, a chum from out in the country. They washed their necks on the inside with fluid from the interior of a black bottle, and became more than comfortable in their relations; so much so that Leopold sold his wife to his friend Wells for the paltry consideration of \$100.
