Mr. Dallas has every reason to be satisfied with his reception here. Lord Palmerston called on him as soon as he arrived, and in the most friendly way pressed him to dine with him the next day without any form; which he did, and was much pleased with every thing that passed. Lord Palmerston has promised to present him to the Q-een as soon as she arrives in London. Lady Palmerston also called on Mrs. Dallas, with, I believe, Lady Wodehouse, Under Secretary of State. The Earl of Ellesmere, being in the country, wrote a most kind note and sent the family admissions to his splendid gallery of paintings in his town house, and stated he would make a point of calling as soon as he came to London, having applied to Mr. Dallas on the subject of the missing steamer Pacific, and wishing to prevail on the Admirality to send a steamer in search of her, Mr. Dallas gave him a letter to Lord Palmerston. Wr. Oakford went on Sunday to Lord Palmerston by private residence, and, although he foundhim very much engaged with two secretaries writing down and the promise of party as soon as he received Mr. Dallas letter he entered immediately on the subject and introduced Mr. Oakford to Admiral Pichards and it was agreed to send two passenger daily, (Sanday's exception for sometimes, sorting appared to Mr. Dallas on the subject and introduced Mr. Oakford to Admiral Pichards and it was agreed to send two passenger daily, (Sanday's exception for sometimes, sorting appared by the proposition of the same by the mid Reambest route. Massins. Rahway & Co.—I tried your Ready Relief, and had by joints rubbed with it, and I never felt pain after the first ten minutes I was rubbed with it up to the present time. Sirs, I do not knew what to campare it to but a charm; for it is a mystery to me. I was a cattery to read you was as, and had not the proper use of my limbs for three years. I was worn down to a skeleton. I then commenced the use of your Ready Relief, Resolvent, and Regulators. The pain eit me in ten minutes, and I began to gain strength very fast, and could walk with case in a few weeks. Erfore I heard of your Remodies, I was taken to Dr. Farker, Dr. Rome, Dr. Wardlitt very fast, and could walk with case in a few weeks. Erfore I heard of your Remodies, I was completely pulled to pieces by them. My constitution was foot to the ground, nor pick up a pin. I was lifted and carried up and d-wn stairs like an infant; and now, thank God I by the use of your Remodies, I am as strong as ever. VALENTISE & SON, mb17 No. 99 Broad street, Valentine Square. TO FARMERS AND OTHERS. TO FARMERS AND UTILERS,

WE are now prepared to manufacture and repair every description of Agricultural Implements row used. We have
gone to no small expense in putting up the different machinery require d in carrying on our business. We are prepared to repair in
superior sight the various Respers now used. One very important
feature in our business is, that we sell no Implements but our own
'manufacture,' and they "warranted." We call the attention of
the Farmers to our Wheat Thresher, Cleaner and Horse-Power, which
is in every respect equal, if not superior, to any other now used. As
a proof of what they have done, we annex the certificates of a s w
gentlemen who have given our machine a fair trial. We also ket

Ge Hemen—Your favor of 20th September, 1825, was received a few days ago, going to the wrong post office. My post office is New Store, Buckingham county, and I do with pleas ure send you the annexed certificate.

Yours, very respectfully,
I hereby certify that I have used one of Messre. Network & Morr's Wheat Thershing Machines the present year, and have no heataful in saying that it came up to my expectation, and is the beat I ever worked. Given under my hand this 4th October, 1855.

GEORGE W. KYLE.

GEORGE W. KYLE.

I purchased one of the above Machines of Mort, Levis & Willey, and having threshed three crops with it, making the amount threshed 15,000 tolds. I do without hesitation pronounce it one of the test machines I have ever used, believing that it will thresh cleaner, faster, and break less grain of wheat than any I have ever used.

Henrico, Nov. 14th, 1855.

Gentlemen—It is with pleasure that we record our evidence in faster of your Threshing Machine. Is required less power for the work it does than any we have ever seen, and is remarkable for its simplification of the proposition of the standard of th
