Civilians may not be competinges of such matters, but it is natural that the unitardinees to which we have alluded should elicit sm. he treated two handred and may parents
asya about it:

'It seems to possess the power of a true specific for the various affections of Rheumanic origin. It has been employed also in outside practice in a considerable number of scute and chronic cases of Rheumanism. In acute cases the pain and fever always disappear the next day.'

The Chloride of Propylamine is the most certain and arrecable form for use. It has been used in the Pennsylvania Hospital, and elsewhere in this country, with asserted almost wonderful success. On receipt of one dollar, I will send by mail, postage prepaid, a sufficient quantity of Chloride of Propylamine for any one to the fits efficacy. Pail directions will accompany it.

I have also I-rade Elixir Propylamine, and all other preparations of Propylamine, and will be glad to give any information about them to those desiring it.

the report, seemingly authentic, that a collision of trains had occurred on the Orange and Alexandria ra lroad, exusing the death of eight of the South Carolina voluntaers, who left this city for Marasass Junction, Friday night. Great anxiety was manifested yesterday, to obtain the reliable particulars of this end calansity, and much relief was afforded by the receipt of intelligence that the reported loss of 1 fe had been enaggerated.

As far as we have been able to ascertain the facts, it stated in and around the city. from Alexandria report that 12,000 Yankee troops are stat oned in and around the ci y. As far as we have been able to ascertain the facts, it ppears that the train which left this city Friday night, sub Col. J. B. Kershaw's Regiment (the 23) of S. C. The stores and business houses, with one or two ex

with Col. J. B. Kershaw's Regiment (the 20) of S. C. volunteers, and one or two Virginia artillery companies, proceeded as far as the Station at Orange Court House on the Orange and Alexandria railroad, where it waited on a side track until the down passenger train passed. The military train being a very long one, occupied the entire length of the switch, the rear car projecting over the main track, and as the down train passed at a rapid rate of speed, the locamative struck the projecting car, and killed two of the occupants, whose names, as reported to us, are Gentry and McMullen. Some accounts state that the unfortunate men were members of Colonic Kershaw's Regiment; others that they belonged to a Virginia company. See rai others in the car were injured, bull not fatally.

Da. Brandarm: - Dear Sir-I have long wanted to write to yound express my gratifude for the beneficial effects that have been and express my gratitude for the beneficial effects that have been experienced in my own family, and in hundreds, aye, thousands o others, by the use of Brandreth's PDs. The first year my friend Breckway sold your pills in B ston, 1828; I was then in a deellring state of health, and my friends as well as myself supposed that my earthly voyage would non triminate. Mr. Brockway urged me to take the Brandreth's Pills, but having used as much medicine with no good effect. I was more inclined to let nature take its course, and calmly solm it to my fate. Mr. B. offered to give me one degran boxes if I would take them as prescribed. By the I saw he had great faithin them, and I finally consented to take them, but not as a gift. I went home and went at it most hor clessly. After taking one box I began to feel bitter. Well, air, when I had used up my twelve boxes I was a well, healthy man—my weight having gone rom lift pounds up to 154 pounds. I then orde ed a supply, as between that time and the present I retailed three the usual do lars worth of these invaluable P Rs, and amounts are that I hav thereby been instrumental in saving, not hundreds, but thousand filves.
