Real Estate Agencies. A GENCY TO BUY VIRGINIA LANDS.—The SELLERS of real estate in Vir-The SELLERS of real estate in virginia do not require more agencies. Immigrants and persons desiring to PURCHASE Virginia lands do need a competent and reliable agency. The climate, fertile soil, and central position of Virginia render her lands very attractive, and the owners of many of them are willing to sell them. owners of many of them are willing to sell them at EXTREMELY low prices. Steady, industrious, and thriving citizens in the northern States and in Europe have the ability and the disposition to become the owners and occupants of these lands. But to gain information, have groundless apprehensions dispelled, and purchase at fair prices, they need a resident agent who will PROTECT THERENTERSYS in making investments.

To all persons, therefore, desiring to purchase CITY or TOWN REAL PROPERTY, FARMING and MINERAL LANDS, and SITES FOR MILLS and MANUFACTORIES IN VIRGINIA, I offer my services, pledging myself to guard their interests in making purchases, for which I shall expect and MANUFACTORIES IN VIRGINIA. I other my services, pledging myself to guard their interests in making purchases, for which I shall expect only fair compensation. All persons desiring to purchase real estate in Virginia and those desiring to sell the same are invited to communicate with me immediately in person or by letter, giving full and minute written description as to, location, quantity, and improvements of the property for sale, and the Lowest Case Price at which they are willing to sell.

A lite-long residence in Virginia, extensive travel over her lands, large acquaintance with her velover her lands, large acquaintance with her with many of the people of the northern and western States, qualify me, perhaps, to some extent, for the proposed agency. At any rate, my best efforts will be given to secure to the Commonwealth an infusion of GOOD POPULATION AND CAPITAL, which seem to me to be her especial need at this time.
