

FROM FORTY-FIVE TO SIXTY

A Word of Help to Women of Middle Age From Mrs. Raney.

Morse, Okla.—"When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter and daughters-in-law recommend your Vegetable Compound and still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

TRIESTE IS CENTER OF GENERAL STRIKE CALLED BY WORKMEN

Rome, Oct. 15.—A general strike has been declared in Trieste, Bologna and Brescia, the Messaggero announced Friday.

Trieste, Oct. 14.—National demonstrations followed the calling of a general strike here. A newspaper office was set afire. Troops have been called out to patrol the streets.

Joseph E. Haven, American counsel here, narrowly escaped death in the wild firing attending the disorders.

Ex-Soldier Has a Good Stomach. "If a man spends six years in the army he surely would have to have a good stomach. I have a good one now and Foley Cathartic Tablets made it that way. If any one does not believe this, let him write to Arthur L. Lyons, 454 Cincinnati St., Dayton, Ohio. That is a sample of the hundreds of letters received by Foley & Co. You can relieve biliousness, bloating, constipation or other condition arising from indigestion with Foley Cathartic Tablets.—Great Falls Drug Co.—Adv.

Embargo on Coal Is Placed by Great Britain

IMPENDING COLLIERS' STRIKE PROMPTS ACT TO CONSERVE SUPPLY

Miners' Walk-Out Effective Saturday Stopping Production by 1,000,000 Men in United Kingdom Anticipated by All Industrial Institutions; Fuel Situation Here Will Tighten as Result.

London, Oct. 15.—(By The Associated Press.)—The British government Friday put an embargo on the export of coal from the United Kingdom, effective immediately, to conserve supplies for home use, as the result of the threatened coal miners' strike, beginning next Monday.

The miners' conference decided, in view of the unsatisfactory reply made by the government to the miners latest communication, that the mining districts be informed by telegraph that the only course was for work in the mines to cease Saturday.

More than 1,000,000 coal miners throughout the United Kingdom are affected directly, and the country's coal industry will be paralyzed.

It was advised that some men in the engineering departments would remain at work to keep the mines in order.

Many British industries, notably iron, steel and some shipbuilding and engineering works, already are arranging to close down.

The question of whether the railroad men would unite with the miners was the subject of deep public concern but no indication as to its course was forthcoming from the railway union.

The government has made every preparation to maintain food supplies and to provide for other necessities. No fear is expressed of a food shortage in the near future.

The ministry of transport stated that in the event of a coal strike passenger service would not be curtailed the first two or three days of the strike, full service being maintained to allow the people to travel home. After that there will be a reduction in passenger service of from 10 to 20 per cent.

American shipping board officials were told that an order stopping all bunkering was to enable a check up of supplies after which passenger and mail vessels would receive first consideration in allocations.

Washington, Oct. 15.—The turn around of American ships in British ports will not be slowed up by the embargo placed on the export of coal by the British government, officials of the shipping board said today. It was explained that most American vessels clearing for English ports coal here for the round trip. To meet any emergencies the board has an adequate reserve supply of bunker coal on the other side.

New York, Oct. 15.—The impending strike of British coal miners, together with the precautionary embargo order on exports of bunker fuel, will tend to tighten the fuel situation in the United

PRICE DECLINE INVESTIGATION IS AUTHORIZED

Mr. Wilson Takes Action Directing Commission Make Inquiry.

Washington, Oct. 15.—President Wilson has requested Governor Allen of Kansas to forward to the federal trade commission any information he has tending to indicate that the recent decline in wheat prices was due to unfair practices or competition or to other artificial causes.

A letter to this effect sent Friday by Secretary Tumulty was in answer to many appeals for government action looking to an embargo on Canadian wheat. It said:

"The president has received your tele-

gram of October 6 with reference to the wheat situation and has received a number of others of similar tenor. He fully recognizes the importance of the questions you raise and he has, therefore, requested the federal trade commission and the department of agriculture to look into the matter at the earliest possible moment with a view to determine what, if anything, can properly be done.

In the meantime he will appreciate it if you will be good enough to forward to the federal trade commission any information in your possession, which, in your opinion, tends to indicate that the recent decline in wheat prices is due to unfair practices or competition, or to other artificial causes."

San Francisco, Oct. 14.—Sugar dropped from \$17 to \$11 a hundred-weight for "best grades" at the refineries here Thursday. Other grades ranged on an average of 20 cents lower. The \$12 sugar should retail at 14 cents a pound. Declines in the raw output were given as the cause.

He Feels Ten Years Younger

Any man or woman suffering from lame back, headache, stiff joints, sore muscles, rheumatic pains or any other symptom of kidney or bladder trouble will be interested in this letter from H. Bryde, 925 Garden St., Hoboken, N. J.

"I could not bend down for some years, as I can now. My wife had many a time to put on or off my shoes. I obtained relief with Foley Kidney Pills. I feel now as if I were ten years younger."—Great Falls Drug Co.—Adv.

ALASKAN COAL MINERS SERVE STRIKE NOTICE

Government Has Demand for Increase of Pay; Others to Act.

Washington, Oct. 15.—Workers in government coal mines of Alaska have threatened to call a strike unless the

government meets their demands for a wage increase of \$1.50 a day. Demands of the miners were reported to the interior department Friday by the chairman of the Alaskan railroad commission, who said the workers demanded an answer by November 7.

The chairman added that similar demands probably would be made by other classes of labor on the government railroad project if those of the miners were met.

Secretary Payne has not acted on the chairman's instructions that a wage board be sent to Alaska to adjust the demands. The department of labor, it was learned, has recommended that increase be granted but has offered as an alternative to send a conciliator to Alaska.

Automobile manufacturers are planning to standardize hub sizes to any and all wheels.
