

WOMEN OF THE SOUTH TO TAKE LARGE HAND IN COMING ELECTION

Are Registering in Large Numbers and Showing Great Interest in Politics.

By H. E. C. BRYANT.

Special to The Daily Tribune. Washington, Oct. 28.—The contention that southern women were not interested in the ballot, and the claim that they would not vote if the federal amendment were adopted are being answered every day by the registration of thousands of women. Women of the south are going to vote, and among those who have registered are many negroes. In Richmond, Va., the capital of the Confederacy, more than a thousand colored women have qualified to vote. In other states the color line has not been drawn but with few exceptions the whites have outnumbered the colored women.

In Virginia a number of registrars resigned rather than register women. That was the last kick of the anti-suffragist of the old school in the south.

In Virginia more than 75 per cent of the white women are expected to vote. In Richmond about 10,000 white and 1,000 colored women registered. The proportion is kept up throughout the state. A poll tax of \$1.50, for the year 1921, was required before registration in Virginia. The women gladly paid it, for two-thirds of it goes to the schools. In North Carolina communities more than 90 per cent of the white women, Republicans and Democrats, registered. In some instances the registration records show 100 per cent. There negro women registered when they proved that they were qualified.

In South Carolina Democratic leaders made an effort to register at least 50 per cent of their women, and that was done in most places. In various sections of the state many educated negro women enrolled for the election. In Georgia, where the state laws require that prospective voters register six months before the election, the women will not take part in the November election. The attorney general held that women could register and vote but has been overruled. Anyway they will qualify and vote in the spring city and town elections. The same situation prevails in Mississippi, where four months must lapse between the date of registration and election day.

In Florida, Louisiana and Arkansas all hands are busy registering women. In Alabama more than 50 per cent of the women of the dominant party will vote. In Tennessee, where suffrage was hard fought, the registration record of the women is fine. It will be 50-50 with that of the men in many places. It looks now as if Governor Roberts' stand for suffrage would save him from defeat.

In Kentucky the situation is most interesting. A very large woman vote is expected. There the race issue has bubbled up, and is playing an important part. In the city of Louisville, the storm center of the present campaign, the registration of negro women outnumbered that of the men. The figures are: Colored men 12,276, and colored women, 12,417. In that city 16,962 Republican white men, and 13,347 Republican white women registered. Of the 46,159 Democrats (white) registered 24,945 were men, and 21,214 women. The south is seeing it that their women, especially the Democratic women, are registered. The men have found that the women are eager to vote, and that they are going to show an independent spirit. In Texas and Oklahoma the activity of the women is even greater than it is in the older southern states.

I sent for a free sample of Cuticura Soap and Ointment and after the third application the itching was less. WHISKY SMUGGLING IS MADE DIFFICULT BY ALBERTA'S VOTE

Task of the Booze Runners Is Greatly Hampered—but Small Strip of Line Open.

Helena, Oct. 28.—Bootleggers who have been running the international boundary from Canada to Montana since the state went dry are seriously hindered in their operations in the future with the adoption of dry laws in Alberta and Saskatchewan, according to Joseph M. Pope, superintendent of the Montana anti-saloon league who is in Helena. "These states adopted a law which forbids importation of liquor into the provinces and leaves only a narrow bottle-neck for bootleggers to continue their efforts across a 75 mile stretch on the northwestern corner of the state," Mr. Pope said.

"These provinces went dry on Monday, when they adopted the dry laws," while British Columbia voted "wet." The southeastern corner of British Columbia extends across Montana's northwestern boundary line about 75 miles and it is in some of the roughest country in the United States, which will further hinder bootlegging activities.

"With the bootleggers shut off from all but one small part of the boundary, we feel confident that law enforcement in this state can be handled effectively. It will be restricted largely to moonshiners and that is only a question of time, before we get them all."

Of the Canadian provinces which voted on the question, Manitoba, Saskatchewan, Alberta and Nova Scotia voted dry and liquor cannot be carried in or out of "dry" province.

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from back-ache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

SAN FRANCISCO, CALIF.—"I have used Dr. Pierce's remedies in my family for fifteen years and have found on every occasion that they gave satisfactory results. Recently I was troubled with my kidneys and my back constantly pained me. I took three packages of Dr. Pierce's Anuric Tablets which removed all pain and cleared up conditions. I advise every one to give Dr. Pierce's remedies a fair trial."—Mrs. E. EVE, 422 Brannon Street.

SPEAKING of elections.
BUT GENTLY, if possible.
TO AVOID bloodshed.
YOU KNOW what chance.
A REPUBLICAN used to have
OF GETTING votes.
IN THE "Solid South."
WELL, THERE was a bird,
WHO RAN for office.
ON THE Republican slate.
IN GEORGIA, of all places.
AND WHEN the returns.
WERE FIGURED out.
HE HAD two votes.
AND THE election officials.
HAD HIM arrested.
FOR REPEATING.
SO ALL you voters.
WHO WANT to repeat.
DON'T DO it with votes.
GO TO some smoke shop
AND CAST a ballot.
FOR CHESTERFIELDS.
THEN YOU'LL "repeat."
YOU JUST can't help it.
AND NO election official
CAN PINCH you, either.
FOR "COMING back."
IN FACT, we hear.
FOUR MILLION smokers.
OF THIS cigarette.
REPEAT REPEATEDLY,
"THEY SATISFY."

NO other candidate has a chance with Chesterfields in the running. Over four million smokers have picked Chesterfields, and every return swells the votes. It surely is a landslide for the "satisfy" platform. Are you on?
