Publisher of Weekly Courier Succumbs After Brief Illness; Funeral Tuesday.

Special to The Daily Tribune.
Bozeman, Jan. 9.—Henry F. Sears, one of the most widely known newspaper men of the state, publisher of the Bozeman Courier, died Sunday morning at his home here after a brief illness from heart trouble. He was 54 years old and was born in England but came to Canada when a boy. He came to Bozeman from Brantford, Ont., 25 years ago and for a time worked as a printer in the Avant-Courier office. He engaged in farming south of Salmon for several years and then sold his farm and with John H. Daves established the Gallatin County Republican, which in 1905 was combined with the Avant-Courier, the present Courier being the result of that combination.

Mr. Sears is survived by his wife, three children, Frank Sears, Mrs. George Davenport and Thomas Sears of Bozeman and one grandson. One brother, Chas. J. Sears and a sister, Mrs. Frank Alderson, live in Bozeman, one brother in Chicago and another brother and a sister in Canada.

John H. Daves came from California a few days ago hoping to induce Mr. Sears to return to the coast with him. The funeral will be held Tuesday afternoon under the auspices of the Elks. Mr. Sears was also affiliated with the Woodmen of the World and Brotherhood of Yeomen. As a Republican, he has taken a prominent part in political affairs but has never been a candidate for any office. He was a member of the Montana Press association, and prominent in its councils.

ASK FOR and GET Horlick's The Original Malted Milk for Infants and Invalids Avoid Imitations and Substitutes

Special to The Daily Tribune.
Miles City, Jan. 8.—That the little matter of the alleged theft of a chicken coop can round out into the hardest fought of legal battles is the story brought down from Garfield county, where in Jordan it is reported that it was near 3 o'clock Thursday morning of last week before the contending attorneys in the petit larceny case brought by Joe Kirby against Clyde White finished their arguments after which the jury, consisting of six true and tried men, took 10 minutes to find the defendant not guilty of purloining his neighbor's hen house, which consisted of a small building 10 by 12.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Fewer Elk Killed This Season Than in 10 Years, Says Warden

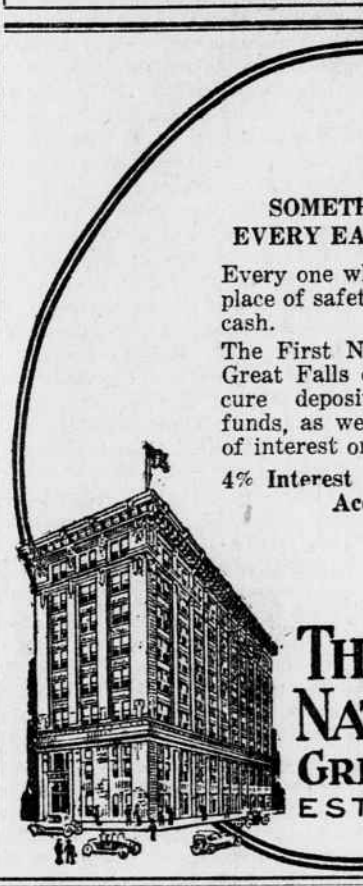

Special to The Daily Tribune.
Helena, Jan. 9.—Elk in Yellowstone national park fared better during the hunting season which closed Christmas day than they have in the last 10 years, according to a statement given out by the office of the Montana state game warden. Because of lack of snow and severe weather in the park the elk stayed in the protected area and did not come to the lower levels in Gallatin and Park counties. Usually the elk come out of the park to feed and are an easy target for hunters. Last year in Gallatin and Park counties it is estimated, considerably under 4,000 elk were killed. Deer also, it was stated, stayed within the park boundaries and not many of these animals were killed.

Fortune Favors Shoppers at McCoy's Store This Week

Launching out on the second week in a determined effort not to give the big Spokane firm a single bargain outside of the low price paid for fixtures, the management of this store has decreed that every inducement possible will be given to Great Falls people to make use of this entire stock. Were Culbertson-Grote-Rankin company of Spokane to buy this merchandise, they would have to pay the freight from Great Falls, making the stock that would be shipped cost more in the western metropolis than it does here.

We have already advertised that we are willing and expect to take a loss to close out by local sales. Now we have made up our minds that each yard of Goods, each pair of Hose, every Suit, every Overcoat, every Dress, in short every item that comprises this up-to-date stock, that is sold in Great Falls will cheat the Great Northern Railway company out of just so much freight and we are going to give the buyers the advantage of that anticipated freight charge.

We have already gone through the stock and marked many items lower than they were last week to speed up the sale. With our original below-cost prices and a deeper cut still made, we have no fear of competition under-selling us or even duplicating the bargain offers from this store.

If bargains ever presented themselves anywhere they will be found at
