

TO OUST FALL AIM AT BACA

New Mexicans Who Seek Defeat of Senator Fall Be- lieve They Must First Get New Speaker

FALL IS ON GROUND

SANTA FE N. M., Jan. 14.—On the eve of the second session of the New Mexico legislature within a year, interest centers in the almost certain precipitation of a senatorial contest, brought about by the attack on the validity of senator A. B. Fall's second election and the rumored fight having for its object the deposition of Speaker Ramos L. Baca.

The fight on Speaker Baca, it is reported in legislative circles, is to be the first step towards the attempt to "recall" Senator Fall. Backing the fight on Baca is said to be the regular republican organization, which could make little headway in an attempt to elect a man to succeed Fall in the United States senate, were Speaker Baca to retain his position, for with the power that goes with the position of presiding officer of the house, he would probably wield enough influence to block the election of any standpat candidate.

After Baca's Job. The position of Speaker Baca, it is reported in legislative circles, is to be the first step towards the attempt to "recall" Senator Fall. Backing the fight on Baca is said to be the regular republican organization, which could make little headway in an attempt to elect a man to succeed Fall in the United States senate, were Speaker Baca to retain his position, for with the power that goes with the position of presiding officer of the house, he would probably wield enough influence to block the election of any standpat candidate.

There are two candidates for speaker to succeed Baca, prominently mentioned. These are Blas Sanchez, of Mora county, a standpat member, and John Baron Burg acknowledged leader of the "progressives," and whose followers, 25 in number, embracing a coalition of "Progressives" and democrats, had blocked the legislature a year ago for nine weeks, aided and abetted by several recalcitrant members of the old guard.

Fall is Not Inactive. That Senator Fall does not intend to allow his interests to suffer is evidenced by his presence in the capital. It is said that he is here for the purpose of seeking a re-election, providing the senate committee on privileges and elections gives the credentials gained by his second election, just before the legislature adjourned early last summer.

UTAH LAWMAKERS ASSEMBLE

SALT LAKE CITY, Utah, Jan. 14.—The Utah legislature assembled today and proceeded to the work of organization. The republicans control both houses. Revision of the state election laws, reforms in the methods of assessment and taxation, and a mothers' pension law are among the important subjects on the legislative program. No United States senator is to be chosen at this session.

WIFE CANNOT TELL STORY OF HUSBAND

Law Prohibits Testimony of Spouse Against Husband in Felony Case

PHOENIX, Jan. 14.—On the grounds that a wife is not a competent witness to testify either for or against her husband in a felony case, Justice O. L. Johnson yesterday dismissed a case in which a Mexican was being tried for not supporting his wife and minor children.

The point was raised by Attorney John B. Wright, who represented the defendant. The man was charged with not contributing to the support of his wife and two children and the state relied on her testimony to make its case. The woman testified that when the point was raised, that her testimony could not be considered as she was not a competent witness, being the wife of the defendant, it was disregarded and the case dismissed.

This condition of affairs will be called to the attention of the state code commission, S. L. Patten, and it is probable that a law will be introduced in the next legislature that will make a wife a competent witness against her husband in cases of non-support.

Similar cases have been tried in Tucson justice courts but the point raised by Attorney Wright yesterday has not been raised before.

The necessity for additional provisions to safeguard the wife and mother will probably be taken up by the women of the state who have been recently elected to suffrage and efficient legislation insisted upon.

In another non-support case recently it was held that where a man and woman had not been legally married regardless of how long they had lived together as mates or how many children they had, he could not be compelled to contribute to their support.

OREGON LEGISLATURE OPENS

SALLEM, Ore., Jan. 13.—For the second time within a few years an Oregon legislature is about to elect a United States senator whose political faith is the opposite of that of the majority of its members. Notwithstanding that the legislature which convened today is overwhelmingly republican it will elect as United States senator, Dr. Harry Lane, a democrat, as the colleague of Senator Chapman, also a democrat, who was elected under similar circumstances four years ago. The election of Dr. Lane will be in compliance with the much-discussed Oregon law which pledges the legislators to vote for the candidate for senator who received the highest popular vote at the November election.

DUNNE TAKES OFFICE

SPRINGFIELD, Ill., Jan. 14.—Edward F. Dunne, the first democrat to be elected governor of Illinois since John P. Altgeld retired from office sixteen years ago, was inaugurated today in the presence of a large assemblage of people, who gathered here from all parts of the state to witness the ceremony. Democratic marching clubs escorted the governor-elect from his hotel to the capitol, where the inauguration ceremony took place at noon in the assembly chamber. Chief Justice Dunne of the state supreme court administered the oath of office. Governor Dunne delivered a short inaugural address in which he outlined the plans of his administration. Later in the afternoon the new governor held a public reception at the executive mansion.

TRIAL JURY IN SUPERIOR COURT

Fifty Jurors Are Called for Court on January 27; Criminal Docket Will Be Called Jan. 17

TWO ARE SENTENCED

(Special to The Review)
TOMBSTONE, Ariz., Jan. 14.—A jury was drawn today and will report to the superior court in this city for duty on January 27. Fifty jurors were drawn to serve in the trial of criminal cases, of which there are now a great many on the court docket.

These jurors were drawn by J. E. James, clerk of the superior court, Owen E. Murphy, county recorder, and Jay Welsh, under sheriff, who acted for Sheriff Wheeler in his absence.

The criminal calendar of the superior court will be called on January 17, when all these cases will be set for trial. Those who are out on bond will be required to present themselves on that date for arrangement and entering of their pleas.

James clerk of the superior court, both of Douglas, charged with burglarizing the Grove saloon in that city, plead guilty yesterday to burglary in the second degree and were both sentenced to serve five years in the penitentiary. It is alleged that they secured over \$100 from the saloon when they surreptitiously entered it.

WORLD ALMANAC IS INFORMATION BUREAU

1913 Edition of This Almanac Is Vast Compendium of Knowledge

Packed within the 822 pages, "The World Almanac and Encyclopedia" (for 1913) is a vast compendium of useful knowledge, remarkably inclusive in its scope and at the same time generous as to detail. It is a printed information bureau which answers the thousands of questions raised every day in home, office, and even in the school, bearing on political, historic, scientific, legal, commercial, and other subjects. It is a tabloid reference library condensed in one volume, yet so generously yielding information that it corresponds to a library comprising hundreds of volumes. What is the question in your mind? The index gives you the subject and in less than a minute the page is open before you and your answer is there. What is the Hay-Pauncefote Treaty? What were the benefactions in 1912? What have been the Polar discoveries? What is the population of Detroit, Mich.? What are the penalties for crime in the various states? Who are the Chaplains in the U. S. Army and Navy? What is the "Income Tax"? What are the Trusts in the United States? These are only samples from the great store of information in the book. Art, Music, Literature, Drama, Geographical Research, Electrical Progress, Sporting Records, Marine Disasters, The Panama Canal Act of 1912, and the New Pension Law of 1912—these but hint at the wide scope of subjects covered in the book's inclusive range. Of convenient size—it can be carried in the coat pocket—it is invaluable to the man who needs a reference library within hand's reach to broaden not only his knowledge of general affairs, but also his field of usefulness and general efficiency. It is not only a reminder, but an educator as well. It is a ready-made memory and an authority of the last word. It is compact, it is complete, it is comprehensive, it is a little book.

Now You Can Get Beer

Without that "SKUNKY" Taste or Odor

That offensive taste and odor in some beers is easily avoided. Light starts decay even in pure beer. Dark glass gives the best protection against light.

"While beer quickly deteriorates when it is exposed to direct sunlight, such deterioration, although greatly retarded, will eventually take place in diffused light.*** Beer exposed to the rays of the sun will very quickly acquire the so-called 'skunk taste'."

DOG LICENSES ARE SLOW IN PAYMENT

Reasonable Time Will Be Given But Officials Are Anxious to Clear Dogs

Although the dog licenses have now been due for some time, hardly a dog owner has yet paid his license. "We desire to give the owners of dogs all the time necessary to pay their licenses," said Marshal Watkins yesterday, "but at the present rate that they are coming in, it will be months before the licenses are paid and the dogs properly tagged. Dogs without tags are not allowed on the streets and, after giving a reasonable time in which to pay the taxes, the police will be instructed to take up all dogs that are not tagged."

ELLEN BEACH YAW PLEASES BISBEE FOLK

Recital Proves to Be One of
Pleasantest Events of
Winter Season

A recital of more than usual interest to music lovers was given at the Orpheum Theater last evening by Madam Ellen Beach Yaw, who is one of the most popular singers in the United States, assisted by Franklin Cannon, solo pianist.

Madam Yaw has a voice of purest melody, and her singing was a revelation to her hearers. The marvelous scope of her attainments cannot easily be framed in comprehensive English. Her clear soprano, flexible and powerful, soars to daring heights with the socialization of a bird, and its extent and volume and brilliance make it the best vehicle of the master's inspirations, and her dramatic art is hardly less than her distinction as a prima donna.

The program was a full one, and in responding to encores she sang many of the old time melodies, and several compositions of her own, among which were the "Cradle Song," "The Cuckoo" and the "Skyline." The latter is a most remarkable piece of work, with runs and trills of eerie-like sweetness and highness.

The audience was exceedingly enthusiastic, and repeated encores were demanded.

Another rare treat was the piano numbers of Mr. Franklin Cannon. His rendition of selections from Chopin, Liszt, Lecheritzky and others were a delight to all who heard him, and were enthusiastically applauded. He proved himself a master of his chosen instrument. He is the man who was selected for the position of soloist at the Liszt centennial celebration in Europe last year, and his accompaniments to Madam Yaw's songs were most sympathetically and beautifully played.

Madam Yaw and Mr. Cannon will always find a warm welcome awaiting them by the music lovers of Bisbee.
