Local Brevities.

TOO INQUISITIVE.

He blew into his gun to see if loading up it needed;
The jury to a man agree
The gun blew after he did.
—Chicago Sun.

FIRESIDE DIALOGUE.

We sat beside the glowing fire,
The hour was growing late,
I turned and to my heart's desire
Said "How you fascinate."

And then she said with smile benign,
"With flattery have done;
I cannot fascinate—or nine—
But I can fasten one."
—Evansville Argus.

1884!

Happy New Year.
This is Leap Year.
Have you learnt to write it 1884 yet?

Robert Mara was in town on Thursday.

Business starts in good with our local merchants this year.

The Bisbee murderers have been held to answer without bail.

Mineral Park is still in need of a good bakery and barber shop.

E. M. Sanford, Esq., attorney at law, has removed to Flagstaff.

J. W. Thompson and Louis Siebrecht were in town last Thursday after supplies.

We are afraid the schoolmistress has struck a hard case. Our devil is going to school.

We would like to see a four-horse coach on the stage line between Kingman and the Park.

Two feet of snow fell in the San Francisco mountains on Christmas day and the day following.

Charles Atwood has resumed his old position as driver of the Mineral Park and Kingman stage line.

J. J. Dawson of Hackberry was in town last Monday. We are indebted to him for many items of interest.

The great comet will soon be visible to the naked eye, if it is a good one—the eye, we mean, not the comet.

J. W. Michael is hard at work on the addition to the school house. He expects to have it completed in a few days.

E. H. Winters, a former resident of this county was in town last Thursday. He is in the grain business at Phenix at present.

A verdict of "not guilty" was rendered in the case of A. J. Spencer, tried in Tucson last week for the murder of Wm. M. Lovell.

There was another dance at the Court House on New Year's night, and as usual nearly everybody attended and had a good time.

"Where did you get that fine pair of boots?" "At Welton & Beecher's. They are selling at prices to suit the times—\$5 and \$6 per pair."

The MINER acknowledges the receipt of a fine bottle of wine, on New Year's day, from Messrs. Smith & Yocham of the Eureka Saloon.

All persons indebted to the late firm of Krider Bros. are requested to settle their accounts at once.

W. M. KRIDER.

The chain-gang, composed at present of John Higgins and Wallapai Bob, are doing good work in front of the Sheriff's office. We would like to see our main street leveled up and freed from rocks and garbage, and the members of the chain-gang are the ones to do it.

Rich strikes are being made daily in the camp, the richest we have heard is of at the Miners' Headquarters of Welton & Beecher. Extra family flour \$2.50 per sack of 50 pounds, barley 3½ cents per pound, sugar seven pounds for one dollar.

Laura A. Canty and Harvey Hubbs have brought suit in the District Court against Robert Steen, Sheriff to recover the possession of a pile of ore on the Bay State mine, valued at \$1000. The Sheriff seized the property under an execution in the case of Samuel Hamilton vs D. J. Canty.

We call attention to the new adv. of W. H. Hardy & Co. which appears in this issue. Mr. Hardy means business and his well known enter-

prise and energy needs no comment from us. We bespeak for him a large share of the patronage from all parts of the county.

Dr. Burdick was sent for in a hurry last Wednesday to attend Tom Bothwell at Kingman. The doctor returned on Friday leaving his patient much better.

The Phenix Gazette reports that the Salt river was higher last Sunday morning than at any time for the past ten years. The rise was at least 16 feet above low water mark. Some ranches were flooded, and the grand canal somewhat damaged.

Have you heard the news that is agitating the whole population? Why, the Major has reformed, and is almost giving away goods at Welton & Beecher's! If you don't believe it call and see for yourself, and Ed. Thompson will convince you of the fact.

Now is the time for the boys and girls to get their pictures taken. Jas. Hildreth, a photographer has opened up in the Brooks house and will remain two or three weeks. He promises a good picture at a low price, which ought to be enough to satisfy every one. Give him a call.

Mining Matters.

Latest San Francisco quotations are as follows: Silver, \$1.10½; lead \$3.60.

John O'Brien and Joe Pomer are working on a claim near Layne Springs and are taking out some good ore.

Several of the boys who make a business of relocating claims got badly left last Tuesday morning.

Arthur Macy, a graduate of Columbia School of Mines, New York, has been appointed Superintendent of the Silver King mine, Pinal county.

New silver mines have been discovered in San Bernardino county on the edge of the Mojave desert, about forty miles south of Calico. The ores from the mines are chlorides, and the discoverers believe they will prove as rich as those at Calico.

We are pleased to record the fact that a good streak of ore has been struck in the face of the 100-foot level of the Capel mine. The ore streak is from four to eight inches in width and will assay in the neighborhood of \$400. Superintendent Springer feels good over the prospect.

There are five men working on the Lone Star mine.

The Schuytkill mine at Chloride is looking well. Three feet of solid galena in the face of the drift is enough to make one's eyes water. Ore is being taken from this mine at the rate of a ton and a half a day to the man. The ore will average twenty-five or thirty ounces in silver and over 50 per cent lead.

Steps have been taken to hold an International mining Exhibition in London next year.

The South Silver King company have made a rich strike in their mine at Silver King, Ariz., having struck native silver, and are now sinking a new working shaft.

Henry P. Ewing and J. J. Goshorn are at work on the Altata mine at Chloride. They propose to take out a carload of ore as soon as possible. Ore from this claim contains from sixty to seventy ounces in silver, thirteen per cent copper and a few dollars in gold.

Lynching at the Needles.

From Wm. Krider who came in last evening from Kingman we learn that there was a "hanging bee" at the Needles, just across the river, on Friday night. From what our informant could learn of the matter it appears that the victim was notified to leave the town within a certain time on pain of death. He refused to leave and when the time expired was immediately hung by the citizens. What his particular crime was, and the circumstances which led up to his being ordered to leave the town, we have been unable to learn, nor could we ascertain the name of the unfortunate who met with such a sudden and miserable end. It is to be hoped that fuller particulars will justify the course taken by the citizens of the Needles.

Sinking Fund.

TREASURER'S OFFICE,
Mineral Park, Mohave County,
January 5, 1884.

Bids for the surrender of Mohave county warrants will be received by me until 2 o'clock p. m., January 21st A. D. 1884.

Amount in the Sinking Fund to be bid for is fifteen hundred (\$1500) dollars.

Bids must be in the form of sealed proposals accompanied by the warrants offered to be surrendered, addressed to the County Treasurer and endorsed "Sinking Fund."

W. M. KRIDER,
County Treasurer.

ROYAL BAKING POWDER Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall-st., N. Y.

Dissolution of Co-partnership.

The co-partnership heretofore existing between Wm. M. Krider and John P. Krider, under the firm name and style of Krider Bros., is this day dissolved. W. M. Krider will settle the outstanding indebtedness of the late firm and collect all accounts.

W. M. KRIDER,
J. P. KRIDER.
