

The Point of View

The holder of a matured Endowment Policy in the Equitable Society, says: "Twenty years ago, when I took out my Endowment Policy, the premium looked to me like this:

\$47.68

while the Endowment, looked at from a distance of twenty years, appeared like this:

\$1,000

Now, my policy has matured, and coming just when I need money, the result of my policy looks like this:

\$1,467.25

While looking back, and realizing that they are amounts that would have been saved in no other way, this is the appearance the premiums have:

\$47.68

All County Conventions in electing delegates to the State Convention will also elect alternates, and it is also deemed best that the County Conventions to elect their delegates to the State Convention be held at least 10 days prior to May 11th, 1904.

It is recommended that at the time of selecting delegates to the State Convention the County Conventions in those counties which are included in judicial or senatorial districts composing two or more counties also select delegates based on the same apportionment as delegates to the state convention are elected to judicial or senatorial conventions for such districts, to be held at such time and place as may be determined by the Republican County Central Committees of the counties in such districts.

The State Central Committee recommends that all voters who believe in the principles of the Republican party and endorse its policies and will support the nominees of the party at the November election, are cordially invited to participate in the primaries.
