The traveler, who was asked by a clerical-looking fellow passenger—whether or not he drank, may have been justified, before answering, in asking whether the question was an inquiry or an invitation. But my advice to you, son, is "Let not opportunity slip between your fingers." Take it, whenever such a query is put to you, as a pressing invitation, provided, son, that there is within convenient reach a supply of

I am instructed to DETAIN AS MISBRANDED all shipments of beer consigned AFTER DECEMBER 1, 1911, labeled "PILSENER" which DO NOT COME FROM the town of Pilsen, Austria. The attention of Shippers, Importers and Brokers is called to this decision in order that they may act accordingly.

Respectfully,

C. L. Winton,

A similar letter has been issued and forwarded to the trade by the New York office of the above department signed by

FR. HOLLENDER, THE PIONEER BEER IMPORTERS of the U. S.

We call the attention of the public to this letter, which we received from the DEPARTMENT OF AGRICULTURE and would advise the public, in as much as they pay for PILSENER BEER, to insist upon getting our GENUINE ARTICLE, which is BREWED IN PILSEN, Bohemia.

No imported beer on the market to-
day has met with greater success than
that handled by August Luchow. The
Original Pilsener, from Pilsen, Bo-
hemia, is sold by this big concern, as
is also the famous Würzburger Hof-
bräu from Würzburg, Bavaria. These
beers are the favorites at Chicago's
leading clubs, restaurants and buffets.
They are without a peer. The Chicago
offices of August Luchow are located
in the Stock Exchange building, 30
North LaSalle street and are under
the management of Hans Luchow. Mr.
Luchow has made a splendid record
for the business in the West and he
enjoys a widespread popularity among
Chicago's leading business men and
citizens.

It is reported that the telephone
company has hit upon a new scheme
for the extraction of the nimble nickel
from the clothes of customers.

The new scheme is called the

"short ring."

Heretofore when a call was made

the telephone bells jingled a long

time or until they were answered.

Now, in some parts of the city they

are barely tapped.

Of course if the party called does

not hear the mild ring or takes the

sound for a "crossed wire" or a "mis-
take," the caller has to try it over
again and drop another nickel.This nickel movement is a great
thing.In fact, in Chicago the telephone
company has discovered the richest
nickel mine on earth.Judge Dunne has the people with

ination.**NEW YORK****CLIPPER**
