NOTABLE ACHIEVEMENTS---EXPERT CALCULATORS TRAINED

NOEL KINNAMAN.

The calculators trained by Mr. Noel Kin-
naman have made a wonderful success and
are meeting the demands of present busi-
ness conditions in all offices. The advent
of the adding calculating machine has
brought out the necessity for the trained
calculator, and to meet this demand Mr.
Kinnaman started training young ladies for
this work eight years ago. (Several years
previous he organized the Chicago Calculat-
ing Company, expert calculators, who
handle the inventory, payrolls, invoices,
specifications, etc., etc., in fact, anything
that can be figured for over 1,000 Chicago
firms.) His training methods are those of
experience. His thorough knowledge of
this work is imparted to his pupils in per-
sonal and individual instruction. His is not
a school, as only one thing, calculating, is taught, and you make as
fast progress as you will. The work is coming more in demand each
year and for over two years past Mr. Kinnaman has not been able to
supply the calls for help. The salaries range from \$65.00 to \$125.00
per month, or about \$18.00 per week. The work is so simple and easy
that it can be mastered easily in six weeks or less under this expert
instruction. Mr. Kinnaman is very particular about the young ladies
he accepts and many applications are rejected, and thus one who is
fortunate to secure this training can be assured of success as soon as
it is completed. The work is much easier than typewriting and will
pay a much larger starting salary than any other profession. In fact,
it is most desirable for any young lady with ambition and who wishes
to protect her future, or is contemplating working for a few years at
some business profession. If interested in this modern and lucrative
business profession call and see Mr. Kinnaman at 337 W. Madison
Street, Room 802, it will surely pay you to do so.
