PERRY HOWARD'S PREDICAMENT.

We read with much interest the account of the indictment of Hon. Perry W. Howard, the Republican leader of Mississippi by a grand jury in that State upon a charge of conspiracy. We do not presume that there is a criminal lawyer of standing in this country, who does not know that a charge of conspiracy is one of the most difficult allegations to prove and for that reason is seldom appealed to save for the purpose of affecting some other issues in a pending criminal case.

It is not alleged that Howard took the money, but by the use of this dragnet, so to speak, the effort is made to supplant him in the political campaign now pending and to place in charge the "Lily-white element", which was defeated at the Republican National Convention at Kansas City. The blow is not only aimed at competent Negro leadership, but at the "old-line" white Republicans, who have always affiliated with colored men of the Perry W. Howard type.

Similar tactics were resorted to in the fight on Walter L. Cohen of Louisiana. The indictments were dismissed. The gratifying part of the whole business is that Perry W. Howard is capable of taking care of himself. He is a high-toned, Christian gentleman. This kind of attacks can have but one effect. A reaction will be observable among the Southern voting blacks, who have gone into the Northern States and can with telling effect give the Republican leaders, who tolerate this kind of thing, "a Roland for their Oliver". It is to be hoped that they will voice a protest.

If the Republicans care to risk the loss of votes in that section of the country, where there is a prospect of carrying a State for the national ticket in order to pander to Negro-hating animosities in a State, where the electoral vote is already for "Al" Smith, before a vote has been cast into the ballot boxes of the nation, then let them proceed to do it. Gentlemen, you had better call off your hounds, today; not tomorrow or the next day. You had better call them off, today. Tomorrow or the next day may be too late. "A hint to the wise is sufficient." You had better call them off, today.

Colored people should stand squarely behind Perry W. Howard. He is the central figure, so far as colored people in this country are concerned, today. He is the only political leader that emerged from the Republican National Convention unscathed, unafraid and with the political power of a State within his grasp. They side-tracked Walter L. Cohen, the great Louisiana leader. They "black-jacked" the uncompromising Ben Davis of Georgia. They threw out "Goose-neck Bill" McDonald of Texas and now they are assassinating Perry W. Howard of Mississippi after he had won in the struggle.

Gentlemen, this kind of business will not do. You must face an electorate of colored folks, both in the North and in the South, but most particularly in the North. What are you going to do about it? "Al" Smith is slated for a political beating, but "There is many a slip 'twixt the cup and the lip".

THE SMITH CAMPAIGN

The militant wing of the Democratic Party, under the transcendent leadership of Governor Alfred E. Smith, of New York, aided and promoted by that superb political organization known as Tammany Hall, has captured the National Demo-

cratic machinery. Dissenters must either take orders or yield their positions to either new or old comers, who will obey without question. Insurrection and manifest disloyalty are being observed on all sides and it will be something of a job to complete the weeding out process, before or even after the campaign is well under way.

The test of democracy is an oath of allegiance to Al Smith, of New York, and his pronounced policy to modify the Eighteenth Amendment by means of a modification of the Volstead Act. This has resulted in the practical withdrawal of the "bone dry" element from the Democratic Party. Robinson, of Arkansas, is all right with them, but Smith, of New York, is all wrong by the same process of reasoning.

The virtual repudiation of the Prohibition plank in the platform adopted at Houston, Texas, was made by presidential candidate, Alfred E. Smith, and emphasized by the naming of John J. Raskob as Democratic National Chairman. He, in turn, declared himself to be in favor of whiskey in the home, as in the saloon or other public places. His record became at once a stench in the nostrils of Southern people and a red flag in the eyes of the Ku Klux Klan bull. He is recognized as a Republican and is a member of the Union League Republican Club of Philadelphia. Couple this with the fact that he is a devout

Roman Catholic and the reasons for "old time cussings", so far as Governor Smith is concerned are complete.

The bands of the country can make "There'll Be a Hot Time in the Old Town Tonight" a national anthem for the duration of this campaign. Governor Smith's National Committee officials announce that the amount of contributions will not be limited and that the Republican suggestion that the expenditures shall not exceed three million dollars in the entire country was practically treated with disdain. In the meantime, the following question was propounded:

Is it probable that Governor Smith's campaign will cost more than that of other Democratic presidential candidates in recent years? There may be factors which will make it expensive, said Col. Lehman, in my opinion every State in the North, East and West may be considered a debatable ground. That may increase expense.

This, then, tells the whole story. The "wet" element will furnish the "fats" from which the financial grease is to be obtained. Will the plans so successful in New York State operate in the other parts of the country. New York Republicans elected "Al" Smith Governor of that State. Can New York Republicans be aided by those from other sections of the country place him inside of the White House of the nation? If the South shall remain solid, they

Richmond, Va., July 8, 1915.

A perfect cure has been effected by L. J. Hayden's Pure Herb Medicines. After waiting thirteen years and have not suffered from the horrible disease, gravel, I desire to state a statement to L. J. Hayden:

Thirteen years ago twelve leading physicians of my city treated me for kidney trouble and gravel without the desired benefit. These doctors advised me to be operated on, as that was the only chance for me. I was advised to go and get some of L. J. Hayden's Herb Medicine and try before being operated on. I did so, before being operated on. I passed at least in twenty-four hours after using my medicines. I passed at least a half dozen gravel, some as big as a large pea. Since that time I have not suffered with the gravel. I highly recommend L. J. Hayden's medicine to all suffering humanity. I am, J. A. FAGG, 4 Auburn Ave., Richmond, Va.
