

## THE NEW TOWN ROAD LAW

The new town road law, which provides for the appointment of a superintendent of highways, who shall be in charge of town road work, for the payment of road taxes in cash, which eliminates the town road district and makes the town the unit of highway improvements, becomes effective April 7th. It marks a change from a system which began in the territorial days of Wisconsin. Similar town road laws have been in vogue in Minnesota, Iowa and practically all the progressive states for years.

Two new sections are added to the statute bearing upon the office of town road superintendent, which in brief, are as follows:

"The town board shall appoint and fix the compensation of a competent person to superintend the construction and repair of all highways and bridges in the town, under their general supervision, and such person shall be known as superintendent of highways. He shall be appointed in writing for a term of one year and such writing shall be filed with the town clerk. He may be removed for cause by the town board and vacancies shall be filled by the town board. He shall be paid in lieu of all compensation an annual salary, payable monthly, either out of the bridge and road fund or the general fund of the town. He may be paid in addition, an amount per month for the upkeep of a horse and vehicle or automobile or motor truck. Such allowance for vehicle shall be fixed by the town board at a regular or special meeting and the town board is empowered to discontinue this practice in their discretion at any meeting of the board.

Among his duties are the following: To supervise the construction and maintenance of all roads, bridges, culverts required to be done by the town; to keep the highways passable at all seasons; to perform such other duties in connection with the highways as the town supervisors may designate him to perform; to keep a full account of all receipts and disbursements.

"The town highway superintendent is required to execute a bond in an amount fixed by the town board, with such sureties as they shall approve, and file the same with the town clerk. He is required to make a complete and full report of all funds received and disbursed by him, whenever requested to do so by the town board, and shall make a complete report at the annual town meeting."

### FARMERS' SCORE AT WALWORTH

Reports from Walworth, Wis., state that the fight between the condensery interests and the farmers of that vicinity has been settled, temporarily, by a compromise of \$2.75 for April milk. The farmers also retain the right of collective bargaining through the marketing cooperative agency.

The condenseries offered the farmers \$1.85 and also gave notice that they would deal only with the farmers individually. When the farmers began organizing to conduct creameries independently, the condenseries made new terms.

Last week's business of the Madison Clearing House Association totaled \$2,358,772.60.

## ASPIRIN—A Talk

Take Aspirin only as told by "Bayer"

The name "Bayer" identifies the true, world-famous Aspirin prescribed by physicians for over eighteen years. The name "Bayer" means genuine Aspirin proved safe by millions of people.
