Even though you may not be prosperous, adopt as far as possible the appearance of prosperity. It is sound capital and will bring good interest in the long run. Shabby-looking people, you may have noticed, always appear apologetic and can easily be turned down when they are most in need of a helping hand. Keep a brace front. Buy a box today, take one or two pills tonight. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c. at your druggist.
