In a speech at the meeting of the Irish National League in Dublin, yesterday, Mr. Sexton said that the interference of the Pope in the Parnell testimonial indicated perilous and intolerable intervention in the future political course of the Irish people, but that the priests maintained a dignified silence, with which, he said, Mr. Parnell's admirers were satisfied.

A CONFLAGRATION AT LYNCHBURG

FIVE LIVES LOST AND \$300,000 WORTH OF PROPERTY DESTROYED.

Lynchburg, Va., May 30.—The most disastrous fire that ever visited this city broke out at 10 o'clock this morning and raged furiously. A large amount of property was destroyed, including the *Daily Virginian*, \$30,000; insured for \$34,000. A number of smaller buildings were destroyed, on which there was a partial insurance, and others were partly damaged by water and fire. Fire men—Halsey Gaudman, Policeman James Vaughan, Felix Beldeore, Jas. Clemens and Capt. Wm. R. Moore, the last a conductor on the Norfolk and Western Railroad—were buried under the walls of the *Virginian* building and killed. It took several hours of hard work to recover their bodies. The City Council held a meeting tonight and passed a resolution of respect to the dead, and calling upon the citizens to suspend business to-morrow and attend the funeral.

A PANIC ON THE BRIDGE.
PEOPLE TRAMPLED UNDER FOOT.
MANY PERSONS KILLED IN THE CRUSH

A Fatal Stairway and a Woman's Screams Precipitating the Disaster—Driving Back the Crowd with Bayonets.

New York, May 30.—The Brooklyn bridge received a dreadful baptism to-day. In a crush that occurred, apparently by accident, on the New York anchorage, a number of persons, mostly women and children, were crushed, some to death, some fatally and still others severely. A scene of terror reigned for fully fifteen or twenty minutes that baffles description. When it was over, hundreds of wounded and crushed human beings were taken out of the New York entrance of the bridge. A small mountain of torn and abandoned clothing was gathered up by the police. The accident occurred on the New York anchorage where the solid bottom of the middle footway ends and two flights of seven steps each with an intermediate landing led up to the plank walk of the span between the New York anchorage and tower. It was shortly after 4 o'clock, and the bridge was crowded from one end to the other, so that there was hardly elbow room on the footway.
