MAJOR W. H. TOLER.

His Sudden Death Last Evening From Grip.

Last night at 8 o'clock, Major W. H. Toler died at his residence, 606 West Second street, from the grip. He was down in town on Wednesday, pleasant and jolly as ever. That evening he was taken with a chill, and rapidly grew worse. None of his many friends imagined for a moment when they heard of his illness that he was on his death bed.

Major Toler was born in Wayne county, North Carolina, October 18, 1833, and was, therefore, 58 years, 2 months and 25 days old. He honorably earned his military title by actual service in the artillery department of the confederate army during the civil war. He settled in California in 1875, after making several visits to this state. He lived first at Orange till 1878, and then moved into Los Angeles city. He was the father of six children, four boys and two girls. Five children survive his death.

Major Toler was in the real estate business, and was prominent in promoting immigration to Southern California. He was an active member of the chamber of commerce. The Herald only wishes it had more data of his active life, which it is impossible to obtain amid the gloom of death. A bright, sunny life has gone out, leaving a painful blank in the hearts of many friends.

The time and place of the funeral have not yet been appointed.

The board of directors of the chamber of commerce adopted the following, last night, when informed of the death of Major Toler.

Resolved, That the directors of the chamber of commerce learn with regret of the death of Major W. H. Toler, long a director of this chamber, working disinterestedly for the public good.

The directors express to the sorrowing relatives their heartfelt sympathy in their sudden bereavement.

Resolved, That a copy of these resolutions be transmitted to the immediate relatives of the deceased and to the papers for publication.

Resolved, As a mark of respect for the deceased, that the directors of the chamber of commerce be requested to attend the funeral of Maj. W. H. Toler in a body; that this chamber be closed during the holding of the funeral services, and that the members of the chamber be also requested to attend the funeral.

Later in the day, in company with Officer Benson, he captured Frank Thompson while in the act of selling fifty feet of hose to a second-hand dealer for \$1. He could not satisfactorily account for his possession and was locked up.

A REFORM SCHOOL EXPERT.

The Chief Deputy of the New York Reformatory Here.

Irving P. Winnie, the chief deputy of the New York state reformatory, at Elmira, N. Y., called to see Chief of Police Glass yesterday. Captain Winnie is on his way to visit the Whittier Reform school, as he is making a general study of reformatory institutions.

"We have 1400 prisoners in our reformatory," said he yesterday, "and our prisoners range from 16 to 30 years of age. We do not put our inmates in striped suits or use any convict badge. Prisoners sent to us by judges are given indeterminate sentences. If they earn nine credit marks, three for demeanor, three for school and three for labor each month for six months, they are promoted to the upper grade, and for one year's good record they can be released on parole. If their record outside is good for one year, their absolute release is secured. If they relapse of course they are brought back. We have a very thorough school, and also teach the inmates in all the rudiments of thirty trades. We turn out 10 tons of shelf hardware, 1500 umbrellas, 1200 pipes, 2500 lounes, 1500 sideboards and 25 cedar boats every day. Every inmate receives plenty of schooling and religious training. We have a thoroughly equipped gymnasium and military company of 1200 members.

"It is a reformatory institution in the truest sense of the word, our superintendent, Z. R. Doubleday, being one of the best men in the country for that work. There is a banker in New York worth \$200,000, and an insurance man getting \$12,000 per annum who received their training at our reformatory. We make a thorough study of crime and criminals, and trace out and keep a complete record of their ancestry. Yes sir, our institution is not a prison, but a grand reformatory. I shall take a great deal of interest in studying the methods pursued at Whittier."

CAN * BE * CURED.

DR. M. HILTON WILLIAMS

Medicated Inhalation System of Practice.

Over 102,000 Persons treated during the past Twenty-Five Years from all parts of the globe.

READ THE FOLLOWING:

Dr. M. Hilton Williams—DEAR SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city to whom I could have referred when I first came to Los Angeles from my home in New York state.

I have been suffering for several years with what various physicians in the east pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clinton Sanatorium, and employed the best medical skill I could find, but all without any permanent benefit, and a last resort, our family physician recommended Los Angeles. For a time I improved, and then began to go backward, and all my former symptoms returned.

Through a medical friend I was induced to try your treatment, which I did August 29, 1891. I became very much discouraged at times, but persevered, as I felt almost desperate, and knew of nothing else to turn to. My throat trouble, being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with the use of your remedies, I consider I am permanently cured. If this will be of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours,

MISS ANNIE H. HARRIS, Riverside, Cal.

NEWELL, Cal., Sept. 22 1890.
Dr. Williams—DEAR SIR: I write to tell you how much I thank you for what you have done me. My catarrh and deafness, which have been a burden to me for so long a time, are entirely cured, and my general health is so much improved that I feel like a different person. Thanking you again for your many deeds of kindness, I am, respectfully yours,

JAMES WILSON, Esq., Los Angeles, late of Chicago, Ill., says:
"For ten years I have been a terrible sufferer with chronic bronchitis, but with Dr. Williams' Medicated Inhalations and the climate of Southern California, I have been entirely restored to health in three months' time. I have seen so many cases cured that I do not consider any case positively hopeless, unless both lungs are in a great measure destroyed, and even then the inhalations prolong life and render death easy."

PEOPLES STORE.

THURSDAY, JANUARY 14, 1892.

Our buyers in New York keep sending us goods, whether we will or no. They pile it upon us as if we had a couple of million souls to sell. We remonstrate and they reply, "SELL! SELL! SELL! Do business. The values we send you ought to crowd every available standing room in your stores." They are right, the values are gilt edge; we know it and so will you if you come in and inspect what we advertise.

In a word, we take stock February 4th. We want to reduce our stock as much as possible ere that. Our goods are a new, bright and fresh from the eastern markets, and we'll sell them to you cheaper than others can purchase. We have no old chestnuts that we want to shove off on you. Anything you buy and is not to your liking, we'll exchange, and if you think you can do better we'll refund your money.

DRESS GOODS.

In this department our values are beyond comparison. Our stock of fancy dress goods is the newest in design and pattern to be found in town. We added 200 pieces of fancy dress goods to our stock since January 1, 1892. We have always sold goods cheaper than anyone else, but going into the market in December and buying up a lot we could at our own prices for spot cash, enables us to name the lowest prices for quality you've ever heard of. Don't take our word for it; you are not importuned to buy; come in and see. Our salespeople will gladly show you what we have whether you wish to purchase or not.
