THE WORK OF TRAIN ROBBERS.

A Santa Fe Express Wrecked in Kansas.

Four Trainmen Killed and Thirtyfive Passengers Injured.

The Train Deliberately Derailed for the Parpose of Robbery-The Thieves Unable to Get at the Treasure.

By the Associated Press.l Kansas City, Mo., Sept. 21,-Passenger train No. 8, on the Atchison, Topeka and Santa Fe railroad, east-bound, was wrecked early this morning, three miles west of Osage City, by train robbers, who hoped to plunder the express car of \$1,000,000, being transported from the City of Mexico to Boston, for the Mexican Central railroad. A wrecked train, four men killed and 35 men, women and children injured, are the results of the attempted robbery.

The robbers stole tools from a section house at Barclay, three miles west of the scene of the weck, and removed a fish-plate which joined two rails together. The robbers selected the top of a grade, going up which the train was likely to slow down, lessening the chances of so badly wrecking the train as to bury beneath the debris the treasure they were seeking. The precautions were unavailing, as the very thing they sought to avoid, occurred. When the train reached the spot, the engine left the track and most of the cars followed it, piling one on top of another, and making an awing wreck. The express car ing an awful wreck. The express car was buried so that it required two hours'

digging to get at it.

Fortunately, although the engine was at the bottom of the pile, the debris did not catch fire, and thus an awful horror was averted, as many injured in that event would have perished before the rescuers could reach them.

The engineer, fireman, express mes-senger and guard were crushed to death in the wreck. There were about 250 passengers on the train, but not one was killed. Several were badly injured, however, and a few may die.

The \$1,000,000 was rescued from the wreek by Major Llewellyn of the Santa Fe road, and turned over to the Wells Fargo company. The Santa Fe has offered \$1000 reward for the train wreckers, and several posses are searching the country.

A special from Topeka says the

wrecked train consisted of a baggage, express and mail car, two day coaches, two chair cars and three sleepers. It was thrown over an embankment three feet high, and the first six cars telescoped. Four persons were killed outright and 25 seriously injured. The killed were Express Messenger Frank Baxter, of Kansas City; Express Guardsman Bloomenthal, of Mexico; Fireman James Chaddicks, of Topeka, and Engineer Ed Mayer, of Topeka. Most of the injured were western people, but among the number was Mary Lyman, of Bloomington, Ill., who is badly injured and bruised about the head and tace; C. T. Wordlaw, of Elliott. Ill., was also badly bruised.

The wreck occurred at a small bridge where there was a down grade. The train was running 40 miles an hour and it was impossible for the engineer to see the misplaced rails in time to check the speed of the train. The coaches were caught in seats and thrown through windows. Relief first reached the train from Emporia.

An examination of the track shows that the fish plates had been carefully removed, bolts taken out, and spikes drawn from ten ties, and the rail set over to the inside.

Robbery was unquestionably the object, as the train carried \$1,000,000 in currency en route to Mexican Central headquarters in Boston. A spot was found where three men had lain concealed in the grass, and tracks were discovered leading from this spot to the

The passengers were brought to Topeka, at 10 o'clock this morning. Some of the wounded could not be removed, and several will probably die. California Crops.

PUGILIST CORBETT'S BROTHER.

He Escapes from the House of Correction San Francisco, Sept. 20.-Lrat night two of the prisoners in the house of correction, one of them a brother of Corbett, the champion pugilist, and the other named McBabe, concluded to leave the institution. The prisoners had been acting as trustees, and were allowed freedom about the building. After getting some distance away, they entered a place on the road and stole a horse and wagon. In their haste to escape they drove on a trestle of the electric road. The horse fell through the opening, and the prisoners left him to his fate, attached to the wagon. Early this morning an electric car came along, and as it was dusk the motor man did not as it was dusk the motor man did not see the horse, and ran over its head, which was lying on the rail. The two prisoners proceeded on foot, and separated, going in different directions. Guards were started after them, and captured McBabe. They were informed while on the hunt in which direction Corbett had gone, and he will probably be captured tonight. Corbett was sentenced for three years for robbery, and had seven months to serve. McBabe was sent to the house for petty larceny, and would have been released in another month.

THE HAWAIIAN CRISIS.

QUEEN LILIOUKALINI HAVING AN UNHAPPY REIGN.

The Old Ministry to Be Impeached and the New to Be Rejected by the Legislature-Petitions for a British Protecterate.

SAN FRANCISCO, Sept. 21 .- According to the statements of the passengers arriving on the steamer Australia, from Honolulu, this morning, the Hawaiian legislature has been caucused, with the result that 24 members voted in favor of impeaching the ministry and 22 against such action. The resolution of want of confidence in the new cabinet, as introduced by Representative Smith,

is expected to carry by the same vote.

It is also stated that petitions are being circulated in certain quarters asking the British government to place the islands under its protection. The American residents of the islands are strongly opposing such action, and will ask the government at Washington to interfere on behalf of their interests.

The deadlock which existed for about

two weeks in the legislature, ended temporarily on September 12th, when Queen Lilonkalani appointed Hon. Edward C. MacFarlane premier and minister of finance of the new cabinet, and returned Samuel Parker, expremier, as minister of foreign affairs, Paul Neumann as attorney general and Charles F. Gulick as minister of the interior, vice Spencer, resigned. After the appointment of the new cabinet, the legislature adjourned until September 14th, when a resolution of want of confidence in the new ministry was pre-sented and was being considered at the time the steamer Australia left. It is generally believed the new ministry will
