PASADENA, Nov. 30.-Ever since the election of Grover Cleveland became an assured fact, any number of longing eyes have been cast at fat postoffice positions all over this fair land, and Pasadena is in no way behind in this matter. Already two prominent Democrats have announced their candidacy for this position. One of these is Mr. Webster Wotkyns, a lifelong Democrat and one of our most respected and representative citimake an A 1 officer.

POMONA.

A Most Deplorable Accident to Young

John Martin. Pomona, Nov. 30.-The accidental discharge of a gun and a leaden bullet had crashed through two adjoining walls and plowed its way through the body of John Martin, son of ex-Supervisor M. T. Martin. Entering the back just below the shoulder, moving toward the left side, the missile met some obstruction and glanced off to the right and came out on the right breast. There are hopes entertained that the wound will not necessarily prove fatal, as the young man's vigorous constitution will stand him in good need.

Dr. H. Smith was called, and all that professional skill and the family's tender care can do has been done to alleviate most respected and representative citi-the suffering, Mr. Martin being imme-zens. Mr. Wotkyns would no doubt diately removed to his parents' home, corner Fourth and Towne avenue.

On the south side of Thomas street, just off Second, the main business street, is a little corrugated iron shop, Voest-er's gun and repair shop; adjoining it on the south is the Ninth regimental band's quarters in the Bailey building. This morning, toward the hour of noon, seated with his back toward the north wall, chatting with several young men, was John Martin. Meanwhile a Mexican called at Voester's shop to purchase a gun. Mr. Voester had shown the Mexican a Winchester rifle and was illustrating the loading of the same when the accidental discharge of the weapon occurred, resulting in the de-plorable accident above. The feeling of Mr. Voester can better be imagined than described. He is well known here and has conducted a repair shop in this place for a number of years.

John Martin has suffered from internal bleeding and the chances for his recovery are very doubtful.

The Exhibit to Be Decorated With Park Flowers-Notes.

On November 12th, at one of its meet inge, the chamber of commerce instructed Secretary Willard to communi cate with the park commissioners with a view to getting them to furnish the exhibit with flowers taken from the parks. Mr. Willard is in receipt of the reply to his communication from Secretary Howard of the park commission, as follows:

At a meeting of the board of park commissioners held November 25th, your communication of November 12th was taken into consideration. The commission acted favorably upon the same and directed directed the superintendent of parks, J. H. Tomlinson, to confer with the proper authorities of the chamber of commerce to perfect the suggestions made by you. This is an experiment. If the results are satisfactory the board will make it permanent.

THE DANIAS IN MEMPHIS.

The Ledger of that City Has Something

one on Friday.

to Say of Them.

It will be remembered that some days ago a Mr. and Mrs. Dania, who resided on Franklin street, near Spring, had a row over a letter brought by a messenger boy to Mrs. Dania from her employer, a Mr. St. John, the woman being a type-writer. The couple are from Memphis, Tenn., and the Public Ledger of that place, of November 24th, has the

following to say of the affair: "It has not been very long since the Dania family removed from this city to California, hence they have not been forgotten. A gentleman who boarded in the same house with the couple here for quite a while stated to a Ledger reporter today that it would be much to the peace and general comfort of Mrs. Dania if her husband would break away from her for good. The wife was a much-abused and accused woman, when nothing but confidence and kindness was warranted by her conduct. She was unfortunate in her marriage, having secured a worthless and absurdly-jealous fellow, whom she earnestly strived to make happy and comfortable in every way. Aware of his insane jealousy, Mrs. Dania would barely look at or speak to another man unless her husband was present. As this deportment by her was the fixed rule during a number of years that the couple resided here, it was evidently unfeigned on her part, hence the conviction by those who know her that Dania, the husband, is a fraud and a brute in his accusations against her She is the one who would be justifiable in making a kick for separation, not only on account of his stupid and unbearable freaks, but for the further weighty reason that she provided the support for both. Until the couple removed from Memphis, Mrs Dania was stenographer and typewriter in the establishment of E. C. Atkins & Co."

BARTHOLD'S SCRAPE.

He Is Arrested and Charged With Grand

Larceny. F. W. Barthold was arrested near the San Fernando depot yesterday afternoon by Officer O'Reagan, and locked up in the police station on the charge of grand larceny. Barthold had offered a watch chain for sale, and the man to whom he had offered it recognized the chain by the description of a chain that had been advertised as stolen. A few weeks ago S. T. Andrews, a roomer at the United States hotel, who sleeps rather late in the morning, requested Barthold to awake him early. The room door was left partly open for this purpose. Barthold roused him for a few mornings, and on another morning evidently "touched" him up in another manner. The watch and chain disappeared, and the man slept late. The watch and chain, valued at about \$100, were found in Barthold's possession.
