IS IT WAR WITH SPAIN?

Information from the Naval Officers.

Work of Repair on All War Vessels Is Being Pushed Rapidly as Possible, but No Explanation Is Offered by Navy Yard Officials .- Tons of Supplies Are Shipped from Bethlehem to Washington.

New York, Nov. 5.-The Commercial

Advertiser says this afternoon. "The Brooklyn navy yard is active and work on all the war vessels lying at the wharfs or in the dry docks is being pushed forward as rapidly as possible under orders from the navy department. No one seems to understand why so much baste is necessary, and inquiries are met with the invarialde reply

"It is nothing unusual. We are obeying orders issued some time ago, that is all. We always finish work at this station as rapidly as we can. Spain's naval activities have nothing to do with our industry.

"An officer attached to the office of the commandant of the yard repeated this time worn explanation today, but added that he believed some sort of an order had been received to urge the completion of the two new vessels which are at the yard making preparations for their final trials under the board of inspection.

WRATH AT THE REICHSRATH.

German Statesmen Indulge in Vulgar Wrangling.

Vienna, Nov. 5 .- The all-night sitting of the Reichsrath was the most disorderly ever witnessed in any parliament. Some of the anti-Semite expressions were of such an improper character as to defy reproduction. The most frequent insult bandled about was the charge of drunkenness. Threefourths of the members appeared to Chi have gone raving mad, "Llar," "dis-graceful scamp," "drunken clown," your grandmother was begotten on a dung heap," and similar villainous expletives and suggestions were common

M. Verastchagin, the Russian painter, and Mr. Samuel L. Clemens (Mark Twain) were in the visitors' gallery. The former made sketches of various scenes and said he regarded them as good substitutes for fighting and the barricades of former days. Mark Twain said it reminded him of an American lynching meeting to punish a horse stealer, adding: "I supposed somebody had been hanged, but I was not there long enough to make sure of it." He asked Herr Locker to give notice of his next twelve hours' speech and said he would be there and sit It out. Herr Locker took the observation seriously and replied that he hoped next week to repeat the performance and perhaps to improve up-

MissWillard's Resignation May Prove the Death Blow of the Institution. Buffalo, N. Y., Nov. 5.-The resignation of the board of trustees of the temple, and particularly the effect of Miss Willard's resignation would have, was the subject of much discussion today among the members of the Women's Christian Temperance union still in the city. The fact of the matter is that Miss Willard resigned as trustee of the temple at the earnest request of her entire board of officers and of the executive committee of the national Women's Christian Temperance union, who do not wish to in any way a year responsible for the temple. NEW PHASE IN THE SEAL AFFAIR

Canadians Will Take Part in the Negotintions -- Great Britain Yields. Will Not Insist Upon Expert Consideration.

Washington, Nov. 5 .- A new phase of the Bering ser negotiations developed today, when the state department was advised that Sir Wilfred Laurier, pre mier of Canada, and Sir Louis Davies, minister of marine and fisheries in the Laurier cabinet, would come here early next week to take part in the negotiations. The British embassy was not advised, however, and it was under-stood that the British foreign office was equally aware of the fact that the chief officials of Canada would come to Washington to treat in person on the subject. Up to this time, the British authorities had strenuously insisted that the Bering sea meeting was to be confined strictly to an exchange of technical information between experts, and they have resisted any larger consideration of the subject, which would involve general principles. Lord Salisbury's letter to Secretary Sherman carefully limited the meeting to one of experts, and in execution of this, Pro-British expert, and Professor MacCoun as the expert of Canada. Notwithstanding this strict limitation adopted at London, the two chief officials of Canada will come to Washington prepared to discuss the subject from a much broader standpoint than any thus far conceded in London. How far they will be able to treat concerning Bering sea, reciprocity, or other subjects, is a question of interesting conjecture. The state department is much gratified at their coming, as it is felt to offer the first prospect of considering the scaling question on broader lines than heretofore.

MISSION OF THE LIBERALS.

Sir Wilfred Laurier is regarded as the head of that element in Canada favorable to the most cordial relations with the United States. The Liberal party, of which he is the leader, came into pewer on the issue of closer commercial relations with the United The Conservative party re-States. rew of the schooner Competitor before sisted this as tending toward the annexation of Canada to the United States and disloyal to the mother country. Sir Wilfred has not been an annexationist, but has favored the most liberal trade arrangement with the United States. Heretofore his efforts and those of his party associates to ward securing a reciprocity treaty with the United States have been unavailing, but within the last few days the state department has intimated that it would view with favor negotiations for reciprocity between Canada and the United States. The coming of Sir Wilfred at this time is therefore of more than usual interest, not only in its bearing on Bering sea negotiations, but also in connection with Canadian reciprocity.

SPAIN'S DIFFICULTIES.

London, Nov. 3.-The Madead correspondent of the Dally Mail, commenting on the difficulties that confront the Spanish government, says: teral Weyler has a large ollowing among officers of the army, owing to promotion, or for other reaions, in sympathy with him, to make both the Republican and Carlist paries endeavor to compromise with him in order to obtain his support. The government would be glad to give liberty of action to demonstrations in his favor with a view of gauging the extent of his popularity, but it fears disturbances of the public peace,

"There is much discontent also among officers at home owing to marked official favoritism displayed toward officers who have returned from Cuba and the Philippines. A hundred or more officers met secretly here the other day at the military club to discuss the subject. General Borrea, the minister of war, hearing of the meeting, threatened to court martial the participants if that should be necessary to enforce discipline, and instructed the colonels to warn them personally. The officers promised not to repeat the offence, but it is believed they will continue to hold secret meet-

ings "Similar meetings have been held at Toledo, Barcelona, Vittoria, Saragossa and Logrono. The Correspondencia Militaire published the facts and advised the officers to mutiny if their grievances were not redressed. The editors of three newspapers which printed the news of the meetings have een arrested and will be court-martialled. The Madrid papers got warning and remained silent."

AN INTERVIEW WITH JOSE CANALEJAS

The Distinguished Spanish Journal. ist Talks to an American Reporter.

His Views on the Cuban Question, New York, Nov. 5 .- The Herald toforrow will print an interview with enor Jose Canalejas, editor of El Heraldo, whose mission to the United States and Cuba is expected to give him additional weight in the councils f Spain when he returns there. The

listinguished visitor said: "I have in the first place no officia character here, but I have spoken and critten too much on Cuban affairs not o believe it a political and moral duty to determine on the spot the truth or error of my opinions. Further, I have the responsibility of a journal which I myself contributed, and I believe also that the journeys of political men to fulfit official functions. So I came to The man recovered from his wound, see the true situation, to make a confidential report to my friends of the government and to make public use of my information in the press and in the cortes. Such questions must be studied on the spot. So after a couple of weeks in New York I shall sail for Cu'm and visit all the provinces of the

island." "Do you believe Cuban leaders can be bought, and that gold is mightier than the sword?"

"Such a report is absurd. I would never be the instrument of proceedings which it is not right to charge anyone with."

"Do you consider that the recall of General Weyler was tantamount to total disapproval of his acts during nis captain generalship? Is General Blanco likely, from what you know of his reputation, to pursue both a more vigorous and a more merciful policy?" "I think that the present govern-

ment has never agreed with the ideas of General Weyler, and everybody expected his recall the day after the communation of Senor Sagasta. Marshal Blanco and the generals who accompany him are resolved to strike hard blows at the insurgents, but also to follow a policy of attraction and indulgence, and not to be influenced by suspicions and denunciations.

"As for the position of the United States, I think that your country has the right to hold and to express its views on the Cuban problem, but not to go beyond that. And it is the expeditions and the public actions against the rights of Spain which have caused the protests of the lawyers, of the press and various other Spanish elements To stop them would be a good deed. and would aid the Spanish govern ment in its liberal projects, projects advantageous to the development of the moral and material interests of Cuba.

MANY ANSWERS RECEIVED.

Correct Solution of the Problem

Printed in Yesterday's Tribune. Answers to the problem printed in esterday's Tribune were not solicited, but The Tribune received fourteen, of which eight were correct. The most common error was that B owed A ? cents. The correct solution showing that B owed A 216 cents is as follows: It is evident that A and B invest \$185. If what they bought was divided equally each would receive 921/2 cents, or that much value. Now A has the bottle; give him the whole bottle and his share would be 971/2 cents. 21/2 cents less than his investment. Consequently B owes A 21/2 cents; or, B invests 85 cents. If the varnish was divided equally each would receive in value 821/2 cents. B invests 85

ELLIOT IS VERY LOW.

Indications Are That He Will Die from the Wound Inflicted by John Orgill.

John Orgill, the man who stabbed Robert Elliot in Ben Davis' saloon on North Main avenue, North Scranton, Thursday night, was committed to the county jail yesterday afternoon by Alderman Edward Fidler to await the

result of Elliot's injury. During yesterday his condition gradually grew worse and Drs.W. D. Donne and John J. Sullivan were in almost constant attendance at his bedside

In the early morning Elllot managed o tell his wife something of the affair. He said that he and Orgill were playing dominoes and he noticed Or-gill cheat. He accused him of it and hot words followed. The quarrel subsided for a time, but was later on re-ferred to again. This time Elliot struck Orgill a blow in the face,

Orgill then drew his pocket knife and plunged it into Elliot. The blade entered the abdomen. Dr. Donne stated vesterday that the wound is very serius, as the blade was twisted in the body, tearing the intestines badly. Immediately after the stabbing, Orgill was arrested by Patrolman Finlay Ross and was lodged in the North Scranton police station.

On the way thither Orgill is quoted as saying: "Yes, I stabbed him, and meant to kill him, Yesterday, however, when he had recovered partially from the effects of liquor, Orgill expressed sorrow for his

act. He went. County Detective Thomas E. Leyshon and Coroner S. P. Longstreet went to Elliot's home yesterday and secured from the wounded man a statement similar to the one given above. Orgill is 67 years of age and was at

OHIO IS SAFE REPUBLICAN

Legislature Stands 74 Republicans and 70 Democrats.

ONE DISTRICT IS IN DOUBT

Dozen or More Counties Are Very Close.

Chairman McConville, of the Demecratic State Committee, Continues to Claim the State Against All Reports -- Wood County All Right.

Columbus, O., Nov. 5 .- The Ohlo legislature stands 74 Republicans, 70 Democrats, and one doubtful on the official returns received up to tonight. With a dozen or more of the eightyeight counties very close, there have been no material changes except in Wood county, which will be claimed by both parties till the courts pass on the action of the supervisors. There has been no unusual proceeding before the returning boards of any of the counties except that of Wood, athough both parties have had their represen-

tatives and attorneys in the county scats wherever the vote was close. Chairman McConville, of the Democratic state committee, has not changed his claims of a Democratic majority on foint ballot, and will not do so until the official returns of all countles are in and show the final results to

differ from those at hand. Chairman McConville and others from the Democratic state headquarters went to Cincinnati tonight to confer with John R. McLean and other party leaders regarding the contests that are to be made in the close countles.

CHAIRMAN NASH'S FIGURES. Chairman Nash insists tonight that the legislature stands 75 Republicans to 70 Democrats and that the majority on joint ballot for senator will not be less than five. He says he is tonight satisfied with the situation in Wood county. What he feared was that the official count might wipe out the small Republican plurality in that county. Since the face of the official tally sheets show a plurality of thirty-one for the Republican representative, Judge Nash is willing and ready to have any court pass on the case. He says the law provides that the members of the board of election cannot go behind the returns and the Supreme court has held that they have no min isterial powers whatever; cannot hear evidence, or use their discretion in throwing out any votes. That is left to the courts and to each branch of the legislature in passing on the credentials of its members. In Wood county today, Norris, the Republican cana'date for representative, filed a prote t against the board counting the vote of Freedom township because the ballot should be tallied in blocks of five. This precinct gave Norris and Mears, the Democratic candidate for representative, 263. If the vote of the township had been thrown out it would have increased the plurality of Norris by 112, but it was counted. The Republicans insist that Norris will be

declared elected in Wood county, and that the legislature stands 75 to 70. It is learned here tonight that counsel for both the Republican and Democratic committees at Bowling Green today agreed to submit the Wood county case at once to the circuit court and the lawyers on both sides went to Toledo for that purpose. The court will be asked to decide whether the election board can go behind the returns. It will be left for proceedings in contest in the house to decide whether the vote of Center township shall

be counted. Information has been received at Republican headquarters of protest to the soldiers' home vote at Dayton on the ground that the voting precincts were not in the proper place. If that vote should be thrown out, the Democrats would gain two representatives from Montgomery county and one senator, enough on the claims of the Republicans, to make the legislature stand 73

Democrats to 72 Republicans on joint ballot. Chairman Nash says there are about forty precincts in the state where these technical points on the location of the polls can be raised and if it is made an ssue of contest it will work both ways,

with no one knowing the final result. Buried in the Same Coffin.

Indianapolis, Nov. 5.-Mcs. Amelia Mendenhall died today, aged 81 years. Forty-five hours before, her husband, Dr. Elijan Mendenhall, had passed away at the age of 82 years.
