Palais Royal prices are generally lowest, even when reductions are not made. Thus you find Broadcloths here regularly at \$1—now reduced to 89c—the same as usually retailed at \$1.25, and by some establishments for as much as \$1.50 per yard. So with the Wool Suitings in mixtures, plaids, &c., 89c now suffices for best quality and full width. So with Guaranteed Black Silks and the staple Taffeta Silks in plain colors—the prices are all reduced, though already less than prevailing.
