

ELECTRIC COMPANY VICTIM OF ATTACK

Maryland House of Delegates Passes Bill to Reduce Fares.

BIG "CY" CUMMINGS
LEADER IN FIGHT

Large Reduction Threatened on All Lines Leading Out of Washington.

ANNAPOLIS, Md., March 13.—The interests of the Washington Railway and Electric Company are in danger from attacks made upon it in the Maryland Legislature by the delegations of both Montgomery and Prince George counties through bills reducing the fares on different suburban lines.

Already Vice President George H. Harries has paid a visit to Annapolis, and means have been taken to have the company's interests protected. The claim is made that if legislation now before the Maryland lawmakers is passed the suburban lines will be crippled, and the construction of proposed new lines absolutely stopped.

Last evening the house of delegates passed with only one dissenting vote the bill of delegate Cummings which will have the effect of reducing the fare between Washington and Rockville over the electric line from 20 to 15 cents.

The action of the House was a marked triumph for big delegate "Cy" as the bill had come to the House with a strong adverse report from the committee on "Corporations." Cummings' speech in favor of the bill won over even a majority of the committee which had submitted the report.

This was not the only triumph of the huge Montgomeryian during the evening as he beat out his colleagues when they submitted a favorable report on the bill to incorporate Chevy Chase, his home town. Cummings claimed that he had not been given proper consideration by his three colleagues and at his request consideration of the bill was postponed until Friday.

Besides the bill affecting the Washington and Rockville line there is a measure introduced by the Prince George members which will compel a large reduction of fares on all electric lines running out of Washington and through Prince George county. It is this bill in particular which has stirred up the authorities of the Washington Railway and Electric Company, and it is believed the visit of General Harries to Annapolis.

M. H. HERRIMAN BUYS SITE FOR BUILDINGS

Will Erect Stores and Apartments on Brightwood Park Property.

Melvin H. Herriman, the local builder, has just purchased a large lot embracing the entire triangular block of ground at the intersection of Georgia and Illinois avenues and Kennedy street in the Brightwood Park subdivision, which he proposes to improve with store buildings and apartments.

The sale was made for Diller B. Groff by Willige, Gibbs & Daniel, real estate brokers. The lot in question is designated as No. 80. The property extends for several hundred feet along Georgia avenue, and for a similar distance facing Illinois avenue, with a shallow dimension along Kennedy street.

Mr. Herriman has commissioned A. H. Reers, the architect, to prepare plans and specifications for the proposed buildings. This improvement will constitute a material addition to the locality, which has been noted for its building activity within the past year, the Modern Building Corporation having erected twenty-one residences along the opposite side of Illinois avenue, occupying the entire frontage from Jefferson to Kennedy street.

Applications have already been received by Willige, Gibbs & Daniel, who will handle the buildings, for the rental of the stores and apartments as soon as completed by Mr. Herriman, and it is expected they will be occupied at once when finished.

COMMANDER JOHNSON BACK

Commander Johnson, of the Department of the Potomac, G. A. R., has returned from Atlantic City, where he arranged for headquarters for the department at the national encampment next September. He says he secured excellent quarters and feels confident that the encampment will be a success.

\$1.25 to Baltimore and Return Saturday and Sunday. The Pennsylvania Railroad, Tickets good returning until Sunday night. All regular rates except "Congressional Limited."—Adv.

IF ALL WHISKEY

was as good as

MONTICELLO

Special Reserve

you would never hear any

kicks about poor whiskey

Monticello is more than merely straight pure whiskey, it is honest whiskey. Both the day it is made and the day it is bottled is put on every bottle. If you want good whiskey—whiskey you can proudly offer your friends who know good whiskey, ask for Monticello Rye. It is aged in wood and bottled at the distillery.

"It's all whiskey"

You will not be disappointed in Monticello. Take our word for it. Every case sells it.

Vastly Becoming are the \$10, \$12.50 & \$15 NEW TRIMMED STRAW HATS

Not only are the new trimmed hats very pretty, but all are exclusive models. Milliners have surely exerted every effort this spring to make the hats more beautiful than ever before.

So many different shapes, too, that one is sure to find some one of them that is vastly becoming. The tendency this season is for hats to flare either in front, side, or three-quarter front.

Then the Turban has many admirers and this is shown in many variations.

Altogether we feel sure you will make a right selection if the Easter hat is selected from either of the above prices.
