

## NAMES PRESENTED FOR EIGHTH CIRCUIT

Judges Marshall, of Salt Lake City, and McClain, of Iowa, Suggested.

The Eighth circuit court judgeship appointment was considered at the White House again today.

Senator Smoot, of Utah, called to urge the favorable consideration of the name of Judge John A. Marshall, of Salt Lake City, for Judge Van Deventer's place. The fact that Judge Marshall is a Democrat may, however, militate against his promotion.

Senator Crawford, of South Dakota, came to ask for a conference with the President at an early date when he will press the name of one of the Dakota candidates for this position.

Representatives Dawson and Kennedy, of Iowa, were visitors to the White House today. They came to recommend the appointment of Judge Emlyn McClain, of the Iowa supreme court, for a seat on the Eighth circuit.

Senator Bradley, of Kentucky, called to thank the President for the appointment of H. Clay Howard, of Paris, Ky., to be minister to Peru in the place of Leslie Combs, who will be transferred. The Senator discussed the withdrawal of the name of James N. Sharp as United States Attorney for the Eastern District of Kentucky.

**Will Distribute Turkeys.**  
The President is arranging to pass around 100 large fat turkeys to the attaches of the White House. He has no statement was authorized at the White House today in regard to the proposed appointment of William H. Lewis, a colored lawyer of Boston, as Assistant Attorney General. As in the past the White House maintains silence in regard to the disposition of this matter.

**Engineers' Report Discussed.**  
General Marshall, of the Army Engineers, accompanied by Assistant Attorney General Lawrence, called to see the President and to talk over the engineers' report on the Western reclamation projects once more before the President makes that report public.

**Norton Takes Vacation.**  
Secretary Norton left today to spend his holidays in the Adirondacks, near Lake Placid. For weeks the secretary has been under strain. He was kept busy day and night while the President's message was being prepared for Congress and after that came the work in connection with the judicial appointments.
