

Athletes Are Chosen to Represent America in Olympic Games at Stockholm

THEY ALL LOOK GOOD WHEN THEY'RE FAR AWAY

By Goldberg

AMERICA'S OLYMPIC ATHLETES CHOSEN

List of Those to Represent the United States at Stockholm Is the Most Impressive Array United States Has Ever Assembled.

NEW YORK, June 11.—Little criticism was made today of the Olympic team selected by the American Olympic committee. In some cases where experts thought certain athletes should have had first call, their names appeared in the supplementary list. However, the nonappearance of Robert A. Gardner, Yale, who vaulted 33 feet 1 inch, was the cause of comment.

Most of the athletes who will leave on the steamer Finland Friday are from the East and the middle and far West. The South is practically the only section of the country not represented. North had the call and in the list of lucky names many old-time stars showed conspicuously by their absence.

Ten distance runners who will represent the United States at Stockholm were the first athletes picked. Among the ten chosen are Louis T. Wainwright of the Carlisle Indian School, and Michael J. Ryan, of the Irish-American Athletic Club. The others are Clarence H. Demar, North Dorchester, Mass.; Joseph Erxleben, Missouri Athletic Club, St. Louis; Joseph Forsham, Jr., St. Louis Athletic Club; John J. Gallagher, Jr., Philadelphia and Yale; Thomas H. Lilly, North Dorchester, Mass.; Richard F. Pigott, North Dorchester; Andrew Sockalexis, Bangor, Me., and John J. Reynolds, Irish-American Athletic Club, New York.

The 100-meter sprinters are:

F. V. Belote, Chicago A. A.; J. Ira Courtney, Seattle A. C.; Ralph C. Craig, Detroit Y. M. C. A.; Harry F. Lewis, Springfield (Mass.) High School; P. Gerhardt, Olympic A. C., San Francisco; Charles A. Rice, Powder Point (Mass.) High School; Robert B. Thomas, Princeton N. J.; Clement P. Wilson, Coe College, Iowa; Donald B. Young, Boston A. C.

400 meters flat—Carl Cooke, Cleveland A. C.; Ralph C. Craig, Detroit Y. M. C. A.; Ira N. Davenport, University of Chicago; Clarence S. Edmundson, Seattle A. C.; Harold B. Haff, University of Michigan; Edward P. Lindberg, Chicago A. A.; James E. Meredith, Mercerburg Academy, Mercerburg, Pa.; Charles L. Reidpath, Syracuse University; Melvin W. Sheppard, Irish-American A. C., New York; and Donald B. Young, Boston A. C.

800 meters flat—David S. Caldwell, Massachusetts Agricultural College, Amherst, Mass.; University of Chicago; Clarence S. Edmundson, Seattle A. C.; John F. Jones, Cornell; James E. Meredith, Mercerburg Academy, Mercerburg, Pa.; Herbert N. Putnam, Cornell; Melvin W. Sheppard, Irish-American A. C., New York; and Donald B. Young, Boston A. C.

1,500 meters flat—Lewis R. Anderson, University of Nebraska; Oscar F. Hedlund, Boston A. A.; John F. Jones, Cornell; A. Kivlat, Irish-American A. C.; Walter McClure, Olympic Club, San Francisco; James C. Patterson, Chicago A. A.; Herbert N. Putnam, Cornell; Melvin W. Sheppard, Irish-American A. C., New York; and Donald B. Young, Boston A. C.

5,000 meters flat—Lewis R. Anderson, University of Nebraska; Tell N. Berna, Cornell; George V. Bonhag, Irish-American A. C.; Edward J. Fitzgerald, New York A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

10,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

20,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

30,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

40,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

50,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

60,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

70,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

80,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

90,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

100,000 meters flat—George V. Bonhag, Irish-American A. C.; Henry L. Scott, South Paterson (N. J.) A. C.; Norman A. Brown, University of Michigan; and Melvin W. Sheppard, Irish-American A. C., New York.

BINGLES AND BUNTS

Science of Batting. (By Heine Zimmerman—average .420.)

When you step up to bat with a glare in your eye. With a mace in your mitts for a crack at the ball—Dig your toes in the ground as the pill whistles by—Then scouse it—that's all.

The A. L. Flag Race.

Not posing as an immune prophet or forecaster of the future dope, this American League grapple is beginning to attach our goat.

Around the Idea of April we picked the Athletics to win with the Red Sox cast for second place. We still stand by that pick, via the dope, but things are happening sufficiently out of joint to leave a guy pop-eyed.

With Mr. Mack and his cohorts still piking along in the lower division, the ex-lowly Senators arise and threaten to massacre all hands in sight. The slump of the Sox was expected, but no such downward avalanche as J. Callahan and his party suddenly pulled. The Alabama Hosemen will be fairly lucky to finish third with only a bare long shot chance of anything better. But in the meanwhile Washington is playing the ball expected from Philadelphia and Boston. Just at the time the Senators were figured ready for the morgue after four straight trimmings from the Yanks and a double set-back in Boston, they suddenly whirl round and began to dismantle the league.

Via the classic dope again, Washington is beyond us, but it is fairly evident that Griff, with the addition of Chick Gandil and the continued steadiness of Foster, is likely to crowd Cleveland, Detroit or Chicago out of the first division, and finish in polite company for the first time in Senatorial history. In other words, the Senators are no longer a young spring flash, but a regular ball club to be reckoned with.

Science of Pitching. (By Rube Marquard—author of 12 straight wins.)

In the act of shooting the pill across To hold runs in restraint Just stick 'em across on the bloke at bat Can't wallop 'em "where they ain't."

P. S.—Another way to stop Marquard's winning streak—release him to Brooklyn, Boston, or the Browns.

The game is full of the "greatest first basemen," but if we owned a ball club the presence of Stuff McInnis or Jake Daubert at first would leave us fairly well satisfied with the situation for a week or two at any rate. There may be another greater than either of this twain, but the human eyesight isn't focused keenly enough to lamp his outward aspect and general environment.

Olympic Dope.

After lamping recent records made in the American tryouts, European contenders are discussing the advisability of postponing the historic jubilee on account of wet grounds and darkness. The vote is said to be in favor of a double-header in 1916.

The American Olympic team and the Giants are in the same raw predicament. They are both too rich and highly seasoned to be digested with any proper amount of interest. It's a case of "Here they come—there they go," and "Does any one remember what the score was?" The subtle equation of a sporting proposition has dried up. It's no longer a question of "Who," but of "How much?"

This trend of the Olympic games with the Giant rush in the National and Johnson billed to meet Jim Flynn has only left between yawns a spark of excitement as to when that American League scramble will settle down into a steady swing. If it wasn't for Ban Johnson's dizzy circuit we'd pull up the quilt and leave a call for next October.

Suggestion.

How to stop Rube Marquard—Tie a sixteen-pound shot to his left wrist and make him warm up two hours in this fashion before each game.

Games Today In Amateur Leagues

Columbia, Sixteenth street and Columbia road—Kensington vs. Southern.

Departmental, White Lot Ellipse—Commerce and Labor vs. Government Printing Office.

East Washington, Thirteenth and D streets northeast—Metropolitan Presbyterian vs. First Methodist Protestant.

Government, White Lot Ellipse—Aggies vs. Government Printing Office.

Independence, First and M streets northeast—Southern vs. Manhattan.

Northern, Georgia avenue and Kenyon street—Herald vs. Seaton.

Railroad, Fifth street and Florida avenue northeast—No game.

Sunday School, Fourteenth and A street northeast—Anacostia vs. Nativity.

Treasury, White Lot Ellipse—State vs. Comptroller of Currency.

Here's another prediction—If the Senators finish in

Silver Cup Presented To Baseball Team

A silver cup was presented the baseball team representing the Hubbard School, which was the winner of the series of games played last spring on the Mt. Pleasant playgrounds by pupils of the third division yesterday afternoon. Special exercises were held in the assembly hall of the Hubbard School for the occasion.

The cup was presented to the team by Miss Florence Kent, director of the playgrounds. Brief addresses were delivered by Supervising Principal Kramer, Dr. Benjamin F. Gibbs, chairman of the playgrounds committee of the Columbia Heights Citizens' Association, and Miss Patterson, principal of the Hubbard School. The cup was received for the team by Davy Pfeiffer, pitcher of the champions.

Bowie Wins.

BOWIE, Md., June 11.—Bowie won a lively game Sunday from Langdon, the score being 10 to 7.

CAPITAL CITY IS TO RESUME TODAY

Brentwood and Navy Yard Game Scheduled for This Afternoon—Success of New Schedule Seems to Be Doubtful.

After an enforced idleness of more than two weeks the Capital City League will resume operations today at North Capitol and L streets with Brentwood and Navy Yard playing. Brentwood is the new team in the circuit, and Navy Yard, it is reported, is composed of many of the old players and a number of new ones.

The new schedule, which accommodates the Brentwood team, with Cornell, Navy Yard, and the Pumpers, goes into effect today. Just how far the league is going to get with the schedule remains to be seen. The Pumpers have said they will not play in the league, and it is said that the Navy Yard team will be gotten together with difficulty.

The schedule announced today by the league is as follows: June 11, Navy Yard vs. Brentwood; June 12, Cornell vs. Pumpers; June 13, Cornell vs. Navy Yard; June 14, Brentwood vs. Pumpers; June 15, Brentwood vs. Cornell; June 16, Navy Yard vs. Navy Yard; June 20, Navy Yard vs. Brentwood; June 21, Cornell vs. Pumpers.

Following several days' inactivity in the Railroad Y. M. C. A. League, owing to the participation in the Knights of Columbus festivities at the Union Station, the league will again hold forth at the Florida avenue park. Attendance in the league this year has been gratifying to the officials of the circuit.

Tenleytown forfeited to the Printers in the Merquitt League yesterday. The Tenleytown nine has forfeited three times running, and is due to lose its franchise. Just what team is to take the franchise will be made known at a meeting of the league in the near future.

Columbia League.

Braddock defeated Equitable in what was thought to be the poorest game played in the circuit this season. Braddock made 13 runs while Equitable was getting 11. Fifteen errors made an appearance during the contest, the winners making ten.

Superior hitting overcame the miserable work in the field, and allowed Braddock to get a lead in the first part of the game. Both teams slumped badly many times, and the game was robbed of its interest on account of this fact.

Northern Association.

Waverly made 8 runs while Regents were getting 5 yesterday. The game was well played and was won on its merits, Regents being unable to get to Stanley in the latter part of the game.

Burch, of the winners, proved to be the clouter of the afternoon, getting three hits in as many times at the plate. Blummer, for Regents, also scored three safeties.

Departmental League.

With Edness pitching an excellent game throughout, Aggies managed to get the count on Interior yesterday. The Aggies scored 10 runs while their rivals were getting 7. Interior walked off with a game last week, and the Aggies turned the tables.

Interior scored three runs in the last inning, but was unable to overcome the long lead obtained by the Aggies. Edness, in addition to pitching great ball for his club, made a victory possible with four clean hits out of as many times up with difficulty.

East Washington S. S. League.

It was all Ninth again yesterday. First being unable to stop the leaders, Quantrell and Crabbe got three hits each during the seven innings of play.

Smith, who did the box work for the first six innings, was touched up for five hits altogether, which, coupled with five errors committed by his team, allowed First to score six runs.

Sunday School League.

Nativity and Ingram battled to an 8-to-8 tie during nine innings yesterday, neither team being able to get an advantage in the last rounds. Ingram tied up in the seventh innings and held on until time was called.

Government League.

Fourteen to four was the verdict in the Interior-War game, played on the White House Ellipse yesterday afternoon, the Interior having annexed the long end of the score. Mertz featured the game for the winners by going through the stick, he having connected four times out of five times at the bat; once for two bags, once for three bases, and two singles.

Minor was hit freely from the beginning, sixteen having been cleaned off of his delivery by Interior. McLeod was the best willow-worker for War, he having batted for 500 over-unducky connected for one homer and two singles.

Independence League.

Pepco, 11; Nationals, 5; was the result of the game in the Independence circuit. Until after the eighth inning the Nationals seemed to have things much their own way when King's support ended poor, seven runs being scored in the ninth.

Ted Sullivan established a new standard in the Independence League striking out fifteen men during the game. King and Wray did great work at the bat, each having made a percentage of .60 for the game.

Burns "Pinch" Record.

George Burns' average of seven hits in ten pinches for the Giants is likely to stand for a spell.

S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcers open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually enters into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.
