BERNARD MONDAY FUNERAL FRIDAY AT ROCKVILLE, MD.

Body Will Be Laid to Rest There After Services at Family Residence in Morning.

ROCKVILLE, Md., Jan. 16.—Funeral services for Bernard Monday, one of Rockville's oldest and best known citizens, who died in a Washington hospital Tuesday night, will be held at the family home here at 11 o'clock tomorrow morning. Interment will be in Rockville Union Cemetery.

Mr. Monday was eighty-four years old. Surviving him are his wife and the following children: Mrs. Clara O. Fry and Edwin W. Monday, of Rockville; Miss Marian Kloffer and John M. Monday, of Washington, and Thomas F. Monday, of Annapolis.

During the administration of President Benamin Harrison Mr. Monday held a position in the Internal Revenue Service in Washington.

At a meeting of the directors of the Montgomery County Agricultural Society, held here yesterday, it was decided to hold the next Rockville fair on August 26, 27, 28, and 29.

Officers elected for the year were: President, Josiah W. Jones; vice president, Charles F. Kirk; secretary, James T. Bogley; treasurer, John J. Higgins.

Walter P. Shaw, who has resigned as a constable for Bethesda district, has not yet tendered his resignation as a deputy sheriff for the county, but Sheriff Howard said today that if the resignation is not received within the next few days he will make a request of Shaw that he formally relinquish his duties. Shaw resigned as constable because he expects to remove to Washington January 28, and Sheriff Howard has been advised that a non-resident is not eligible to serve as a deputy sheriff.

Richard, T. Ward and Mrs. Bertie Parsley, both of Lay Hill, this county, and James Roger Parsley, of Lay Hill, and Miss Elsie May Nicholson, of Glen Echo, were married at Lay Hill at noon yesterday in the presence of a small gathering of relatives and friends. It was a double wedding, the officiating minister being the Rev. Willis J. Mosedale, of the Free Methodist Church, Rockville.

Charles Waltz and James Martin, who gave their ages as twenty-three and twenty, respectively, and Philadelphia as their place of residence, are in jail here, charged with vagrancy. They were arrested at Germantown by Deputy Sheriff Gray, and, being unable to give a satisfactory account of themselves, were brought to Rockville. Their parents have been notified.

Capital Athlete Drowned at Sea

DE WITT TALMAGE ELLSWORTH.

FATHER UNABLE TO FIND WHERE SON FELL OVERBOARD

Officers of Ship Bearing Canal Employe Home Uncertain as to His Fate.

Just where and when young De Witt Talmage Ellsworth, one-time prominent athlete of the District, who was lost from the Government steamer Alliance while returning from Panama, went to his death, is a mystery sealed in the sea, as no one, according to the young man's father, who arrived in Washington last night from New York, where he went to meet his son, saw the unfortunate man go overboard.

"He is dead," was the answer that greeted the father when he asked the officers of the Alliance of the whereabouts of his son.

Suffered Nervous Breakdown.

Young Ellsworth's father, G. D. Ellsworth, an employe of the Treasury Department, who lives at 1248 Girard street northwest, was permitted to go out to the quarantine station for the purpose of meeting his son. He knew that his son had been suffering from a nervous breakdown at Panama, where he was employed by the Canal Commission as a mechanical draftsman, and was anxious to see him safely home to this city.

"It was terrible news to get so suddenly," said Mr. Ellsworth today. He was last seen by the steward of the vessel, who gave him something to eat on the morning of his disappearance. The sea was running high and is it thought that he was pitched overboard while leaning over the ship's rail."

Before going to Panama about four years ago, Ellsworth married Miss Clara Barclay Wilkie, of Camden, N. J. She accompanied him to Panama, but returned about two years ago on account of her health. A diamond ring which Ellsworth was bringing home to his wife was found in the young man's effects, which were brought here by his father.

Invention Saved Money.

Besides his widow and parents, Ellsworth is survived by De Leon Carleton, of Marion, N. C., a sister; G. D. Ellsworth, jr., of Seattle, Wash., and Curtis Ellsworth, living in Arizona.

While in the employ of the Canal Commission Ellsworth invented a "dump valve" and saved the Government much money. For this invention he won the recognition of Colonel Goethals.

GEN. WOOD URGES STRONG ARMY AS PEACE GUARANTEE

Says Young Men Should Learn Patriotism and Serve Their Country Willingly.

Adequate maintenance of the army and navy, and a higher patriotism among the young men of America, were cardinal principles of the creed voiced by Gen. Leonard Wood, chief of staff, U. S. A., in addressing Gen. M. Emmet Urell Camp, No. 9, of the United Spanish War Veterans, last night.

"The best guarantee of peace is a strong and capable army," he said. "The young men of the present time should be taught more patriotism, a greater love for their country, and a greater willingness to serve it."

Congressman George Curry of New Mexico also spoke of the need of patriotism among young men. Congressman T. S. Crago of Pennsylvania, Capt. J. B. Clark, and Department Commander Jere A. Costello also spoke.

The members mustered into the camp, in addition to General Wood, were Brig. Gen. William H. Bixby, chief engineer; Capt. Charles M. Forrest, jr. Fred G. Murray, L. V. Carmack, chief clerk of the Bureau of Insular Affairs; A. L. Hunted, Stedman P. Cannon, Arthur G. Sydam, William M. Wells, and Charles A. Benson.

Among the prominent persons present in addition were Brig. Gen. Frank McIntyre, chief of the Bureau of Insular Affairs, Charles C. Walcutt, jr., assistant chief of the Bureau of Insular Affairs, Past Camp Commander Chris Hintenach, of the Gen. Nelson A. Miles Camp, No. 1; R. J. Donnelly, of the Admiral George Dewey Camp, No. 7, and Past Department Commander F. S. Hodgson. The mustering ceremonies, which are secret, were conducted by Past Commander R. E. Wallace.

Shooter Is Held For Grand Jury

Held for the action of the grand jury for the killing of Roomie Stevens at Takoma Park Monday evening, which he claimed was done in self-defense, Robert L. Thomas, a young electrician, is a prisoner today in the District jail. Thomas took the witness stand in his own defense and gave a detailed story of the killing. The testimony of Deputy Coroner White, who performed the autopsy, showed that Stevens had been shot twice in the back.

Nurse Takes Charge Of Abandoned Child

Abandoned in the vestibule of the house at 115½ Tenth street southeast, a two-months-old girl baby is being cared for today by Mrs. E. F. Ferguson, District nurse.

The child was discovered by one of the occupants of the house last night. Police of the Fifth precinct were notified and the baby was turned over to Mrs. Ferguson.

The infant was neatly dressed in clothing of good material, but there were no marks on the wearing apparel that would give any clue to the identity of the parents.

This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly—A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in twenty-four hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for $2.50.

Mix one pint of granulated sugar with one-half pint of warm water and stir two minutes. Put 2½ ounces of Pinex (50 cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Diggle, H. C. Rothery, R. E. W. Schmidt, and H. C. Robinson.

The reports of officers indicated a material growth during the past year, and it was also stated that the finances are in a flourishing condition.

Pharmaceutical Body Discusses Standards

Discussion of drug standards marked the January meeting of the Washington branch of the American Pharmaceutical Association at the National College of Pharmacy last night. Dr. L. F. Kebeler presided.

In taking up the court interpretation of standards Dr. Kebeler commented on the practices of some dealers in evading the laws by the use of descriptive adjectives and the addition of arbitrary words.

Dr. J. H. Beal of Ohio, general secretary of the association, was to have given an address, but was prevented by a conference on drug legislation at the Willard.

Debate on Law.

The next debate of the Washington College of Law will be held on January 29. The subject of the debate has not been announced.

To Restore Lustre to Dull, Stringy Hair

"It requires no great effort to have long, soft, glossy hair," says Mrs. Mae Martyn in the Spokane Tribune. "The only requirement is that it be washed occasionally with a harmless mixture. This will give the hair a chance to help itself, and when this is done, bright, fluffy hair follows.

"Nothing can equal plain canthrox, a teaspoonful of which dissolved in a cup of hot water is enough for a good shampoo. This should be poured slowly on the head and rubbed briskly. The rich, creamy lather created cleanses and invigorates the scalp and hair roots and rinsing leaves the hair sweet, clean and fluffy. After a canthrox shampoo the hair dries quickly and evenly, and if these shampoos are employed when required, the hair will come in long and thick."

The Craftsman Special January Reductions OF Furniture and Furnishings

There is always a dull season in every business. During such times ordinary furniture factories lay off their workmen, trusting that they can engage more when things get busy again.

But Craftsman workmen are not ordinary furniture makers. They bring more to their work than the mere knowledge of tools and the strength to use them.

Craftsman workmen are carefully selected for their skill and for the fact that they put their hearts and heads, as well as their hands, into their work.

They have been educated up to our ideas of earnest and thorough workmanship.

We keep our shops busy during the dull seasons by making such reductions as these:

Craftsman Furniture and Craftsman Willow Furniture—each a perfect example of our workmanship—at 10 to 25 per cent off regular prices.

Rugs and Curtains at special reductions of from 10 to 25 per cent.

Electric Table Lamps, our entire stock, at from 25 to 50 per cent off regular prices.
