DENVER PRIMARIES BRING OUT BIG VOTE

Candidates for Governor, Senator, and Congressmen Being Chosen Today.

DENVER, Sept. 8.-The most onthusiastic primary campaign in the recent history of Colorado was brought close today when the State-wide legislative, Congressional and Senatorial candidates were held. The candidates for most of the important offices the Republican and Democratic parties are numerous, while there are lew contests in the Progressive ranks

For governor, Edward P. Costigan, of Denver, is the only Progressive candi-State assembly of the party at Colorado Springs in July. In the Republican manks, Samuel D. Nicholson, of Lead-₩lle: Frank C. Goudy, of Denver, and George Carlson, of Fort Collins, are oandidates. All three of these men are seeking the nomination on a declaration in favor of law and order. All three have made spirited campaigns and all toda, expressed confidence of gaining the party's nomination. Thomas M. Patterson, of Denver,

United States Senator, and Barnette T. Napier, of Glenwood Springs are the only candidates for the Democratic nomination for governor Both men have strong followings within the party. Great interest is shown in the contests for the United States Senatorship nominations, as this is the first time a Senator is to be elected in Colorado under the new direct election Senator Charles S. Thomas, for the Democrats, is unopposed. Ben Griffits, of Grand Junction, is the only Pro gressive candidate. I. N. Stevens, of Denver, and Dr. Hubert Work, Pueblo, are the Republican candidates. Congressmen Seldomridge and Taylor, of the present Colorado delegation in the lower house of Congress, are not opposed for renomination. Representative Keating, of Pueblo, is opposed by E. M. McDaniels. Representative Kindel, of Denver, though elected to Congress as a Democrat, differed with the leaders of his party in Congress and withdrew from the Democratic ranks a few months ago. He will be an independent candidate for re-election at Pueblo, are the Republican candidates. dependent candidate for re-election at the November election. In the minor offices there are many contests, but none equaling the importance of the

Tax Experts in Denver For Annual Conference

DENVER, Sept. 8 .- The new Fed. eral income tax and efficiency and economy in governmental affairs were the principal subjects schedulfor consideration when the eighth annual conference of the National Tax Association began here to-

It is expected that one entire ses sion will be devoted to the income tax, which will be discussed by Congressman Hull, author of the law Luther F. Speer, Deputy Commissioner of Internal Revenue; Frank Trumbull the Chesapeake and Ohio railroad, and A. C. Rearick, of New York. One of the principal addresses on the subject of conomy in governmental affairs will be delivered by Dr. William Allen, of the bureau of municipal research. John L. Coulter, of the Federal Cen-sus Bureau, and E. Dana Durand, former Director of Census, will also

PEANUT FARMS PROVE **BIG MONEY MAKERS**

In Oklahoma 100 Bushels to the Acre Are Grown-Hay, By-Product. Good as Alfalfa.

OKLAHOMA CITY, Sept. 8 .- Although planting of peanuts has been delayed to some extent by the heavy rains, the reports that are received from many se tions of the State where peanuts are being grown are highly encouraging, and it is expected that the total yield this year will be greater than that of Lieutenant, last year by half.

The soil throughout the State is in such excellent condition that there will be a great amount of late planttng, which will make splendid yields; and in sections of the State where cotten and other crops have been seriously damaged by the heavy rains, and where replanting of those crops is likely to prove a losing venture, it has been suggested that peanuts be planted, as will thrive in weather conditions hat would prove detrimental to other

To encourage the late planting of To encourage the late planting of peanuts the price of seed peanuts on the local market has been reduced from \$1.50 for a bushel of eighty pounds to \$1.50. There are plenty of good seed peanuts available on the local market, and peanuts can be planted any time, with the assurance of a good yield. For the last ten years the average has been from thirty-five to forty bushels per acre and in some sections there has been a yield of 100 bushels per acre. Not only is peanuts one of the rafest crops that can be planted in the State, but it carries a great advantage of being one of the surest feed crops, as over a ton of peanut has can be realized from an acre of peanuts, and this hay has the same value as alfalfa for feed, according to enthuslasts of the crop. value as alfalfa for feed, according to enthusiasts of the crop. The food value of Oklahoma grown peanuts is much greater than those grown in other parts of the country owing to the soil being adapted for the culture of peanuts, and the excellent climatic conditions. There can be found in Oklahoma city a market for every bushel of peanuts raised in the State, and last summer manufacturers of peanuts roughly of peanuts side of the State to obtain a supply of peanuts sufficient to keep factories in operation.

operation.

in operation.

The price paid last year for good quality peanuts averaged \$1 per bushel, and it is reasonably safe to expect a price of from 90 cents to \$1.10 per bushel this fall, with a market for the entire yield in Oklahoma City.

Table Silver Stolen.

Report has been made to the publibe Mrs. T. T. Griffith, 3164 R street northwest, that her home was entered during the absence of members of the family, and a quantity of table silver stolen. Entrance was gained by cutting the screen from the front basement door.

Noted Resort in Which Millions Are Invested Depends Absolutely on Tourist Trade.

There are few cities in Europe that will feel the effects of the present war more acutely than Carlsbad, according to a man living in this city who is familiar with the peculiar conditions of that Bohemian spa. While it is not probable that Carlsbad will suffer from Commander J. R. Y. BLAKELY, to the ravages of an invading army owing to its secure position in the heart of Europe, the entire economic life of the place will be disturbed to such an extent that the town will be practically dead so long as the war lasts. Perhaps then consisting of France and Great there is not another single city anywhere in Europe so absolutely dependent for its very existence on financial support from outside sources. There is no industry of any kind in Carlsbad that is not connected directly with the ACID STOMACHS springs of health-giving mineral waters, although the surrounding district is famous for its large chinaware, toy, lace,

and textile factories. Certainly no place, not even Atlantic Minnesota at Delaware Breakwater; Minnesota at Lynnhaven bay, Texas at Tompkinsville, Wartington at Bar Harbor: Patterson at Portsmouth, N.H.; Patterson at Boston, Bolphin at New London, Dolphin at New York etty; Bolphin at West Point, New York at Galveston, Somers at Miami, Fla., Yorktown at San Diego; Florida at Southern drill grounds. Constellation City or the largest European seaside the town is composed almost exclusively season of activity, the amount tied up n such enterprises is all the greater Tepl scare dy leave sufficient room for a single parrox street on either side.

and Carlsbad may be said to consist of a single street about two miles long.

and lower rates which it offers will
greatly increase that trade; that the
trade between the eastern and western
sections of the United States will be
greatly increased and transported at a
transported at a States and the western coast of Latingreatly increased and transported at a the way down the Potomac to Colonia much lower charge a ton; that it will Beach.

Sufficiently shorten the distances to took happy gatherings away on Saturtook happy gatherings away gathering gathering gather happy gathering ga Japan, northern China, Australia, and New Zealand to increase steamship service and materially increase the traffic with those countries, and that the European countries will use the canal in most of their traffic with western America and in exceptional cases with orthern Asia, Australia and New Zeal-

Shorter Travel Routes.

canal has shortened travel routes between New York and Yokohama by 3,750 miles; between New York and Shanghai, about 2,000 miles; between New York and Australia, about 3.000 miles, and between New York and western South America by from 3,500 to ,000 miles. It also reduces the distance from Europe to western South America by more than 5,000 miles. International commerce doubled in the thirty years following the opening of the Suez canal, and business and personal inter-rela-tionship between Occident and Orient was increased in like proportion. Will similar results follow the like shorten-Panama canal?

"Highways of travel on the ocean are "Highways of travel on the ocean are influenced by surrounding conditions just as are those on land, so that the shortest distance between two given points is not always the best. Plentiful freight supplies, interchangeability of the products of the countries forming the termini of the routes, way stations on such routes, plentiful coaling stations, and cheap coal of a quality suitable for steamship engines, and even favorable winds and ocean currents are among the factors contributing to the among the factors contributing to the success of routes of travel upon the

Eastern Benefits.

"The sections of the world which may be considered as probably within the 'sphere of influence' of the Panama canal are the eastern and western coasts of America, the eastern coast of Asia and the islands of the Pacific. All western America is nearer to Euanniversary today in Tarrytown, N. rope than formerlly, and all western America and most of eastern Asia and

nearer to all western America than is Liverpool that we may expect an in-creasing share of the trade of that sec-tion to fall to the lot of eastern North America; that the Eastern ports of the

America; that the Eastern ports of the United States are considerably nearer to Yokohoma. Melbourne, Sydney, and Wellington than is Liverpool by her shortest route, but that Liverpool is still nearer Hongkong and Manilla than either New York or New Orleans by way of Panama.

"One of the most important results of the opening of the canal, doubtless, will be found in its effect upon the movements of merchandise between the Eastern and Western sections of the United States. The data at hand seems to justify an estimate of about 2,000,000 tons a year of freight noved by rail and about 500,000 tons by water from the Atlantic coast section to the Pacific coast section, and about an equal amount from the Pacific coast section and Hawall to the Atlantic coast section and Hawall to the Atlantic coast section. The freight charges on these 7,000,000 tons are estimated at from \$250,000,000 tons at \$250,000, tons are estimated at from \$250,000,000 to \$200,000,000 a year. The canal will chop huge amounts from these charges.

Prizes Awarded in Athletic Contests and Chicken Dinner Served to Hundreds.

Citizens of Mt. Rainier and the near terday afternoon to take part in the festivities that marked the opening of the fourth annual carnival of Mt. Rainier. A big street parade, headed by Mayor Fred E. Weber and his staff, was the feature of the afternoon.

The procession included the fire de partment, a brigade of the Mt. Rainler Boy Scouts, led by Lloyd Martin and Joseph Railey, a number of fraternal and other organizations, and some elab orately decorated floats.

Following the parade, a long list of athletic contests was participated in by both men and women, and handsome prizes were awarded.

A dancing hail, in which there will be music from 7:30 to 12 o'clock every night, a merry-go-round, a baby contest and several other entertainments, with the usual number of booths will be features of the carnival. Last night a chicken dinner was served to several hundred dinner was served to several hundred.

dinner was served to several hundred people. The arrangements are under the direction of Mayor Weber, assisted by a large committee.

The proceeds from the carnival will go toward building and maintaining good roads in and around Mt. Rainier.
