

CITIZENS' ASSOCIATION

First Intimation of Policy in Estimates Made By Commissioner Brownlow.

PASSES ARTERIAL STREETS

Lincoln Park Citizens' Association Enthusiastic Over Plan Outlined to Them.

First intimation of a striking new policy followed by the District Commissioners in asking for street improvements this year was made by Commissioner Louis Brownlow, in an address before the Lincoln Park Citizens' Association last evening.

This policy was that of overlooking, this year, the "arterial highways," and the extension of paved streets, and asking, instead, for the paving of streets in residential portions of the city, especially in the northeast and southeast, where families have dwelt for years on mud and dirt streets.

Though he said he was not permitted, by law, to disclose the details of the plan, or other exact information concerning the estimates, the Commissioner intimated that money to begin building the new Eastern High School had been asked, and he also indicated that the estimates made liberal requests when the demands of many citizens' associations had been met in full, and that, in some cases, more than had been asked for was included in the estimates.

Remarks Applauded.

Mr. Brownlow's remarks about the plan for street improvement, and his announcement that the association "need not be pessimistic about a new Eastern High School," were greeted with prolonged applause.

Major Raymond Cullman and Evan H. Tucker, for twenty years president of the Northeast Citizens' Association, also addressed the association.

Major Pullman predicted that the new Eastern High School would have the effect of keeping many younger men and women in the city, and that the city, he said, that the exodus to the northwest, which had done great harm to the northeast and southeast, was partly due to the demands of the East Washington pupils in downtown schools, where associations were formed with those of other sections, and those pupils were gradually drawn to other neighborhoods.

Commissioner Brownlow, in outlining the policy followed in regard to street improvements, told of trips the Commissioner had taken when they found miles of streets in need of improvement where there were few homes, and how their automobiles had floundered in mud streets in front of the schools, and where there still were mud and dirt streets.

Discourage Speculators.

"This year in making up the estimates," he said, "we were not friendly to some sections already laid out with streets and avenues, but we indicated to speculators, who wished to push streets where there is no present need solely so they may enhance the value of their holdings."

"But wherever people have been living for years we granted the requests. We did not do this by looking at maps, or in haphazard fashion, but by inspecting personally, every street in question. There is not a street within a mile of where I stand I have not traversed."

Commissioner Brownlow said their investigations showed that the northeast sections and Georgetown had been improved while the southeast and southwest had been neglected.

"Georgetown is practically finished, so far as paving goes, and I believe," he said, "there are but two blocks in Georgetown not paved. In the older part of the northwest—I refer to the section south of Florida avenue—there are but eight or nine blocks not paved. That is far from the case in the northeast or southeast. The people out here have lived on muddy streets for many years, without any of the advantages of paved streets, and all the while they have been helping pay for street extensions in other sections. That is why, on those streets where people live, we have pretty nearly what was asked."

Resolution Passed.

Before the arrival of the Commissioner and Major Pullman, the association had passed a resolution, introduced by Ray L. Smith, urging the Commissioner to take immediate action to site upon a site for the new Eastern High School, before any delay endangers the appropriation. The resolution said the association reiterated its preference for a site generally agreed upon by citizens and located in East Washington, that on Massachusetts avenue, near Sixteenth street southeast, but that they would not oppose the East Capitol street site if the building could be hastened by using that site.

Major Pullman recalled the days when, fifteen or sixteen years ago, he used to play ball on the vacant ground "behind the park."

"This section back of Lincoln Park," he said, "has been built up in surprising fashion, and on it are living the sort of people who make good citizens."

Urges "Safety First."

"I like to talk about 'safety first' and I know, on the way here, an incident that illustrates that 'safety first' is something that needs to be preached in a residential section, as well as in the congested business districts. Had the driver of our car not been so exceedingly careful we would have run over a boy who was sitting in the middle of the street putting on skates. That boy has not been taught much about caring for himself on public highways. I would like to see the time come when both in home and in school these lessons of safety were impressed upon children."

Evan H. Tucker went into the question of the fiscal relations between the District and the National Government. He said the committee now sitting at the Capitol marked a vital era in the history of the Capital city.

All the officers of last year were re-elected. D. H. Edwards is president; George H. Linkins, vice president; Charles Hordan, secretary; and Fred Muller, treasurer of the association. The president and secretary were designated respectively, as delegate and alternate to the Federation of Citizens' Associations.

Veterans At Unveiling.

JACKSONVILLE, Fla., Oct. 26.—Confederate veterans from all over Florida and delegations from several surrounding States are attending the unveiling of the Confederate monument here today.

CITIZENS' MEETINGS

President Driscoll, of Mid-City Body, Urges Co-operation With District Rulers.

Practical recommendations for closer co-operation between the Citizens' Association of the District and members of Congress and the District Commissioners through securing the attendance of these officials at meetings of the organizations were made to the members of the Mid-City Citizens' Association by President Andrew J. Driscoll in his annual report, submitted to the organization at its meeting last night at 1009 Seventh street.

In addition to hearing the report of the president and other annual statements, the association elected officers and directed a committee to investigate alleged petty persecutions of the police in making numerous arrests in the neighborhood of the Capitol.

In his annual report, President Driscoll said that he had been asked by the organization regarding the paving and lighting of the paving street and the celebration of the paving street at the beginning of the present month. He spoke particularly of the value of organizations of citizens and of the aid that should be given to the officials of the Government through advice and recommendations from the citizens. He announced that he intended to make a personal effort to secure the attendance of Congressmen and the Commissioners at meetings of the organization.

That the faithfulness and zeal of policemen is not measured by the number of arrests, but by the ability to maintain order and at the same time permit the free use of business streets, was the opinion expressed. When the organization directed the inquiry into the matter with the Saturday night arrests.

The matter of the arrests of citizens who were unconscious of having violated the law, by men in plain clothes as well as uniformed police, was brought up by Joseph Berberich. Mr. Berberich stated that last Saturday night thirty-eight arrests were made on a charge of unlawful assembly, and that in each instance collateral in the sum of one dollar had been given to the arrest could be properly entered as an arrest and thus add to the record of the precinct. He said that he had been told that the number of arrests had doubled.

If the manner in which arrests were made Saturday night, as stated to him, is correct, and the offenses charged of no greater seriousness, Mr. Berberich thought the association should take some action. He also requested that the same committee look into the matter of granting licenses to saloons on the street and see that fair play was given.

President Andrew J. Driscoll was unanimous in electing a committee of rising stars. The other officers chosen were: Thomas S. Sergeant, vice president; Miles E. Dentinger, secretary; H. T. Fines, treasurer; Charles Sexton, delegate to the Federation of Citizens' Associations, with John B. Geler, alternate.

The report of the carnival committee told something of the success of the carnival and the fund collected for this purpose. At the suggestion of Charles Shreve, treasurer of the committee, the miles of streets deposited with the treasurer as the nucleus of a fund for a carnival next year. An appropriation for the carnival was approved.

The alleged persecution of the police was turned over to the committee on parks, streets and alleys, of which John Shugrue is chairman.

SOCIAL REFORM AND OF TRUTH SOCIETY

Abolition of special privilege and unregulated monopoly, as a cure for the social unrest of the day, is advocated by the Washington Truth Society. The society would have proper regulation of big business, and compulsory use of every safeguard against industrial accidents and disease, and advocates state intervention to protect the weaker elements of society.

At a meeting of the society last night in Gonzaga hall, the Rev. Father Augustus J. Duarte, its president, declared that the present unjust distribution of rewards of labor and other social injustices are the consequence of an anti-Christian philosophy in life. He said that "social reform, on a Christian basis" is the solution of the economic evils of the day. Father Duarte's remarks were in connection with the issuance of a "declaration of principles" on which the future work of the society will be based.

The Rev. Dr. John Augustine Ryan, professor of the University, and one of the leading sociologists in the country, was admitted to membership and elected to an honorary vice presidency of the organization.

The theater committee, headed by Father Francis Xavier Ryan, reported that theatrical conditions in New York, Philadelphia, and Washington have been greatly improved as a result of the Catholic theater movement. The "white listing" of moving picture shows will be conducted independently of the "red listing" and vaudeville shows, it was announced.

British Traitor Gets Life Term For Spying

LONDON, Oct. 26.—It is officially announced that a British subject has been tried and convicted in the Old Bailey Court on three counts of an indictment charging espionage and was sentenced to life imprisonment.

The prisoner has the right to appeal.

Sure Way To Get Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid ammonia. Use it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be soft, lustrous, glossy, silky, and safe, and look and feel a hundred times better.

You can get liquid ammonia at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail—Advt.

Steals New Cushion But Leaves Old One

Considerate Thief Goes on Principle of "Fair Exchange" in Motor Depredation.

A most considerate sneak thief has made his appearance in Washington. Apparently he does not desire that any inconvenience be visited upon his victim. Nevertheless, the police are on the lookout for him.

His introduction to the city came last night when Anton Kaspar, of 1302 Rhode Island avenue northwest, left his automobile standing on Ninth street, between D and E streets northwest. When he returned to his car he found that someone had made off with the cushion which formerly graced the rear seat of the machine. The thief, however, was not so considerate as to leave the old cushion in place of the one he had purloined.

PROTEST ATTACKS ON SEVENTH ST. SALOONS

Merchants Go Before Excise Board, Charging Fight Is Really Persecution.

Protests from leading business men of Seventh street northwest against the removal of saloons from upper Seventh street are being considered by the Excise Board today, a delegation of the Seventh street business men, having appeared before the board yesterday afternoon and filed indictments of saloon keepers' places in their section.

The Board of Education, the Anti-Saloon League, the Central High School, McKinley Manual Training School, and the Polk and Henry graded schools have all registered protests against the removal of saloons from the section. The Anti-Saloon League, which has been active in the fight on the applications of the saloon keepers in question when the cases were heard several days ago, in the delegation were John D. Howard, cashier of the Seventh street Savings Bank; John Shugrue, president of the National Permanent Building Association; Joseph Berberich, Harry Kaufman, D. B. Gustorf, Isadore Freund, M. Reigout, C. J. Bodell, M. Holabier, and Dr. M. L. Goldsmith.

Messrs. Howard, Shugrue and Berberich, leaders of the delegation, stated, and emphasized that they were not appearing to advocate the cause of Seventh street liquor dealers, or the liquor interests of other parts of the city, but had come to protest the singling out of the Seventh street applicants for the butt of attack.

Mr. Berberich held that the conditions in Seventh street where the saloons are located are best known to the taxpayers and business men of the section. He pointed out that these citizens were assailed most indignantly by a group of saloon keepers, but that they were not so closely connected with the street in their daily observations.

"We are the people whose interests are at stake," argued Mr. Shugrue. "We, therefore, are the ones who would be affected by the removal of the people in Anacostia, Georgetown, and other distant parts of the city."

"It is downright persecution to oppose these licenses," he said, "as well as the representative of the Anti-Saloon League, have opposed saloons in Seventh street in years past when they were not conducted properly, but I present this ground for it. I have lived in that neighborhood for thirty years, and I can say that Seventh street is in better condition today than it ever was before."

A letter from the Board of Education, invoking the removal of the Central High, McKinley Manual Training, and Polk and Henry graded schools against the saloons were read by the secretary of the board.

IT'S SURPRISING

That So Many Washington People Fail to Recognize Kidney Weakness.

Are you a bad back victim? Suffer twinges; headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do. Kidney trouble needs kidney treatment. Doan's Kidney Pills are for the kidneys only.

Have convinced Washington people of their merit. Here's a Washington case; Washington testimony.

Kidney sufferers hereabouts should read it.

C. A. Burck, 918 C street, S. E., Washington, says: "I suffered severely from kidney trouble. The passages of the kidney secretions were irregular and painful and I had a dull ache over my kidneys. I had suffered from the trouble for quite a while and had tried different medicines without benefit. Four and a half boxes of Doan's Kidney Pills put a stop to the trouble."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Burck had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

Bad Complexions Are Now Easily Discarded

Every woman has it in her own hands to possess a beautiful and youthful complexion. No matter how soiled, faded or coarse the cuticle, ordinary macerated wax will actually remove it, and apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be soft, lustrous, glossy, silky, and safe, and look and feel a hundred times better.

You can get liquid ammonia at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail—Advt.

SUGGEST SITE FOR NEW HIGH SCHOOL

Randle Highlands Citizens Urge Erection of Structure on Reservation Thirteen.

Resolutions recommending that the new Eastern High School be erected on reservation 13 were adopted last night by the Randle Highlands Citizens' Association.

Chief among the considerations advanced in the two-hour discussion, directed by President C. A. Barker, was the need of a large tract of land that the study of agricultural methods might be undertaken.

Improvement of Pennsylvania avenue between Branch avenue and the Bowen road will be started soon, letters to the association announced.

A communication from Superintendent Thurston granted the use of the public school as a meeting place.

The opening, grading, and improving of Twenty-fifth street between Q street and Pennsylvania avenue, it was announced, is likely to be included in the estimates of the Commissioners to be sent to Congress.

R. E. Snyder, chairman of a special committee, reported that creation of a waiting-room at Pennsylvania avenue and Seventeenth street, was delayed because of failure of either the Commissioners or Capital Traction Company to claim ownership to the piece of ground upon which that station is desired. He said his committee was working for some definite action.

Mr. and Mrs. E. E. Snyder have returned to their home in Q street after an extended visit to Florida and the South.

The Randle Highlands Baptist Church is conducting a series of evangelistic meetings.

Two new houses are being erected in Twenty-fifth street near Q, to cost about \$350 each.

Loses Sight While Asleep

CARLEISLE, Pa., Oct. 26.—Stricken totally blind over night was the experience of Daniel Hawkins, fifty years old, of Mt. Holy Springs, Conn. The condition of the brain that resulted in a paralytic condition of the optic nerve is given by physicians as the cause of his loss of sight.

The infirmities of age are especially manifest in a tendency to constipation and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachel Allen, Galesburg, Kans., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin, writes: "I feel like a new woman, and good and that she intends to keep it in the house always."

Druggists sell Dr. Caldwell's Syrup Pepsin.

STUDENTS TO TRAVEL WITH PARTY OF PIGS

Dartmouth Undergraduates Overcome I. C. C. Rule by Having Company to Game.

HANOVER, N. H., Oct. 26.—After the Interstate Commerce Commission had put their ban on Dartmouth students' traveling as "livestock" to Amherst, for the game Saturday, at the rate of 50 cents a head, some one discovered that if a few pigs were shipped on the same train the students could get under the law by traveling as "housers."

So far as could be learned the number of "housers" is not limited, and about 400 Dartmouth undergraduates expect to journey at 50 cents per.

WEST END CITIZENS CHOOSE OFFICERS

The annual meeting for the election of officers of the West End Citizens' Association held last night in Friendship Hall, 82 Twentieth street northwest, was largely attended and much enthusiasm was shown by the members in prospect of the work to be accomplished during the winter months.

The new officers are: President, Dr. Mark F. Finley; first vice president, Judge H. Randall Webb; second vice president, Hugh F. Harvey; third vice president, Dr. H. M. Dixon; secretary, William R. Nagel; treasurer, Morris Hahn; directors for three years, Capt. George W. Evans, Morris Elsemann; delegate to Federation of Citizens' Associations, Judge H. Randall Webb.

Resolutions on the death of Alex. J. Schwarz, financial secretary, were adopted and ordered entered for presentation to the bereaved family. Many members paid high tribute to the deceased, who had been one of the association's indefatigable workers since its inception.

The retiring president, George W. Evans, in turning the chair over to Dr. Finley, thanked the members for their co-operation and predicted further success for the new official, who he said, was one of the most earnest workers for the good of the West End.

Three new members were elected and applications from several representative business men were read. The association is now in a most prosperous condition, and has a membership of more than 200. The next meeting will be held November 29.

Splendid Laxative for Elderly People

Has Been Prescribed by Well-Known Physician for Many Years.

The infirmities of age are especially manifest in a tendency to constipation and call for treatment that will afford relief in an easy, natural manner. HARVEY WILL HEAD SUBURBAN CITIZENS

Northeastern Association Decides to Meet on Second Wednesday of Each Month.

Officers were elected by the Northeastern Suburban Citizens' Association at its meeting last night. Those chosen were Wilton Harvey, president; S. C. W. Cuthbertson, vice president; S. G. Mason, secretary, re-elected, and E. F. McArdle, treasurer. President Harvey will appoint the standing committees at the next meeting which will be held November 10. The association has decided to meet on the second Wednesday of every month in the future.

The meeting was largely attended, and the following new members were elected: J. B. Dant, R. B. Bailey, Fred Haskell, E. D. Fletcher, A. J. Watson, and Robert B. Phelps.

The citizens drafted a schedule of proposed improvements in Langdon to be submitted to the Commissioners. The recommendations follow: Improve West Virginia avenue as far as Twenty-fourth street northeast; construct bridge over Baltimore and Ohio tracks at Franklin and Vista streets; improve Evans street to intersection with Rhode Island avenue; grade Twenty-eighth street, from Bladenburg road to Franklin street, and substitute Norway maples instead of poplar trees on several streets in Langdon.

Inspection Are Arranged For Women's Relief Corps

Inspection of the various branches of the Women's Relief Corps of the Department of the Potomac will be begun Thursday by Mrs. Mamie Palmer Dorsey, president. Mrs. Dorsey has issued an order calling upon all members of her staff to participate.

well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble—Advt.

IF BACK HURTS TAKE SALTS TO FLUSH KIDNEYS

Says Backache is sure sign you have been eating too much meat.

Uric Acid in meat clogs Kidneys and irritates the bladder.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headache, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

LOW PRICE **SANITARY** **WHERE QUALITY COUNTS**

54 Stores One Near Your Home

This Week Gives You Some Great Opportunities to Lay In Supplies of Necessities

Wise housewives watch our Extra Specials and take advantage of these offerings.

FLOUR A fortunate purchase enables us to continue the following low prices:

Pride of Montgomery 6 lbs. 18c
Brand. Made at 12 lbs. 35c
Gaithersburg, Md. 24 lbs. 69c

We recommend this flour as suitable for any use. The price is far below its actual market value at the present time. Try it, and if not satisfactory return the unused portion and get your money back.

Chic Salmon (Coho), per can 8c
Small stock left. When sold we will have no more.

Pure Lard in Cartons

Another big stock on hand. To further popularize this method of handling, we offer it, per one pound 11c
