YOUNG MEN

There's small hope of developing in a beisiness with restricted
pessibilities. Don't weste time
with shallow opportunities.
Investigate the dimensions of
an occupation and if its limits are
evident, den't waste your youth
sed vitality at a handleap.
Some work, in contract with
other situations, pays a bigger
initial wage but holds out slight
prospects of promotion. Salary
advances, after a white, are only
to be secured with the raise in
living costs. Increases of that
sert aren't actual—the net continues to be the same.

It's a poorty chosen read that
does not widen as it lengthens.

men in our Washington Bervice

HELP WANTED-FEMALE MISS GREGORY'S

Talks to Young Women NUMBER FORTY-SEVEN.

This talk is to be, as The Times' man said when he saw it, about "Money and eats." After all are very important factors in one's life. The first makes possible the last, and both combined sufficiently makes life more enjoyable.

As stated before in these talks

a telephone operator receives 64 weeks' salary for 52 weeks' work; volunteer service increases this by a very tidy sum; for example: you volunteer for work on Sundays you add 614 weeks' paw per year to your regular salary: if you include Saturday afte noons you add an additional 21-6 weeks to the above.

Other like combinations can be made voluntarily. Let me give another example: If your salary were \$14 per week your extra allowance would bring your year's earnings up to \$1,076, or \$346 more than \$14 per week, and your weekly pay really would be \$20.69. This does not include anniversary payments, which are given in addition. Now as to "Eata." The C. & P.

Telephone Company furnishes their operators with splendid meals at a remarkable low price To illustrate, we publish the foilowing menu:

Sunday Dinner, June 30th. MENU Browned Chicken.

Browned potations. New string beans.

Buttered rad beets. Cold slaw salad.

Loed California cantaloupes
Assorted cakes, bread and butter.

Tea or coffee.

Price Ten Cents.
