It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from in digestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive sids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnetic—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnetically any druggist in either pewdered or tablet form.

Take a teaspeenful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralise the dangerour, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lumpy feeling that seems to follow most.

The spot is located about half a mile from a road way and is one of the loneliest in this section.

For Mosquito Bites

From time immemorial certain aromatic oils have been rubbed on the skin to keep mosquitoes away. For an equally long period alkalies have been applied to the bites to neutralize the poison of the stings. No one ever thought to combine the two-aromaticolls and alkalies-but Tyree's Antiseptic Powder, the great germ destroyer, is aromatic and alkaline in just the proportion best suited to pre-vent and destroy the bites and stings of mosquitoes and all insects. Excellent also for Poison Oak, Prickly Heat etc. If you want a sample of this powder, free, write to J. S. Tyree Chemist, Washington, D. C.

The result of these advanced ideas in City Club administration is that applications for membership are pouring in faster than the committees or looking up the standing of applicants can attend to their end of the work, due, no doubt, to the fact that bust ness men are being urged to join by their whole families
