Prince Edward Changed From Coddled Boy To Man of Energy By War

How the war transformed England's mollycoddle prince into a real man of energy is related in an article written for the New York World by Capt. Ferdinand Tuohy, who served with distinction with the British forces in the war.

By CAPT. FERDINAND TUOHY.

Albert Edward, aged twenty-five and looking like a pretty boy of eighteen, fair haired, blue eyed, and with a shaken so much." complexion jour epater la femme, has quite as much Man in him as he can conveniently hold down and reconcile tarized into the telephonic clarity with his situation as prospective sovereign of half a million millions of people. It was a constant worry on the chief, I see you have picked out your part of his fellow officers to keep him reasonably out of danger, and the persistency with which the "Little Prince," as he is affectionately called, would try to get into the front line infortunate ending. What he really trenches caused no small amount of anxiety to the headquarters staff. His own feelings in this respect were expressed in a letter he sent to a chum of his in England when he was in Flanders.

"It is damned rotten being a prince," he wrote, and then pathetically added: "Every day I try to go to the trnches, but they send me back."

Hudson Medicine Co.,

Petersburg, Va. Gentlemen:

I want to thank you for your Hudson's Iron and Nux Tonic and want you to know the wonderful good it did in my community last winter during the epidemic. I had at one time five families on my farm that had from four to seven in each family stricken with Spanish Influenza, in all 33 cases. I put just one bottle of your Iron and Nux Tonic in each family, and given as per directions, we did not lose a single patient and did not ever have the doctor to see but one. Now in my immediate section there were 63 cases of Influenza at one time, and in every home that your Iron and Nux Tonic went into not one patient was lost. In two houses that did not use your remedy one patient was lost in each.

I must say, and with pleasure, that your Iron and Nux Tonic did the work perfectly, and I hope, if the "Flu" returns, people will get a bottle and take it according to directions. In which event I do not believe that one per cent will die.

With best wishes for your success in get-ting your Iron and Nux Tonic in every home for the real benefit of humanity, I am. Sincerely yours, (Signed)

Hudson's Iron and Nux Tonic is a famous old Virginia doctor's prescription, put up by a Virginia druggist. We want you to try this wonderful prescription on a positive guarantee to benefit or money refunded. The price is \$1.00 only, plus 4 cents war tax.

Whole Body Ached Almost Like Toothache

Your Hudson's Iron and Nux Tonic worked wonders for my physical condition after taking it but three days—from Tuesday to Friday. For two weeks I had been filled with cold and my whole body ached almost like toothache. I had tried three other very highly recommended remedies, but got no results. I was just recovering from the "Fiu" but was somewhat worried for fear I would be down with pneumonia.

I bought a bottle of Hudson's Iron and Nux Tonic from Vaughsn Drug Company, and after taking it three days, I was very much relieved and by the time the bottle was emptied all symptoms of my former trouble had disappeared.

I therefore feel it my duty to voluntarily express my very great appreciation to you for placing this wonderful remedy on the f therefore feel it my duty to voluntarily express my very great appreciation to you for placing this wonderful remedy on the market, and I cheerfully recommend its use to those suffering as I was.
