**GERM OF YELLOW
FEVER ISOLATED**
Hideyo Noguchi Tells Rocke-
feller Institute of Work
Done at Guayaquil.

NEW HAVEN, Conn., Nov. 12.—
Hideyo Noguchi, of the Rockefeller
Institute, described to the National
Academy of Sciences, in session here,
his research work at Guayaquil in con-
nection with yellow fever. He ex-
pressed belief that he had isolated the

micro-organism which produces the
fever.
R. A. Millikan, in reading a paper
on "The Extension of the Ultra-Vio-
let Spectrum," said he had extended
the spectrum to a greater distance
beyond the violet ray than any pre-
vious experimenter. He showed that
Einstein's theory of relativity made
after the solar eclipse of May 27 is
not conclusive. Einstein held the
theory that rays from stars to the
earth are deflected by the sun. Mr.
Millikan showed that such rays may
be deflected by refraction of gases
around the sun.
Francis G. Benedict, in a paper on
"Basal Metabolism," said that experi-
ments on students taking examina-
tions at Wesleyan University showed
that thought produces no heat in the
body such as is caused by digestive
or muscular exertion.

**LEGION DEMANDS
BERGER DEPORTED**
Convention Prepares to Elect
Officers as Session Ends
Tonight.

MINNEAPOLIS, Nov. 12.—The Amer-
ican Legion prepared today for a final
attack upon the business of the or-
ganization. The convention will end
tonight.
Election of officers and a number of
important resolutions are to be acted
upon today.
The legion today stood pledged to
be non-political, permitting no legion
officer of any rank to hold a salaried
elective office or to involve the legion
in politics.
It stood for universal military train-
ing with a distinction against com-
pulsory military service in times of
peace. The training would not be un-
der the General Staff. A large stand-
ing army was denounced as undemo-
cratic.
The legion unanimously voted to de-
mand that Federal authorities take
steps to cancel the citizenship of Vic-
tor Berger, of Milwaukee, and to de-
port him. Congress was asked to in-
vestigate the record of Congressman
Voigt of Wisconsin, for having sus-
tained Berger.
The election of officers was to bring
into full play the latent politics of the
convention. There were dark horses
by the corralful to combat with
Franklin D'Olier, Pennsylvania, for
the honor.
A feeling that officers shall not
dominate the legion made it possible
there would be a strong fight for an
enlisted man as chairman.

**200 SERENADE PRESIDENT
FROM STEPS OF TREASURY**

Standing in the rain on the steps of
the Treasury, opposite the east end
of the White House yesterday after-
noon at 5 o'clock, 200 members of the
National Community Chorus devoted
eleven wet minutes to serenading
President Wilson.
The serenade was planned by Sec-
retary Tumulty, Admiral Grayson, and
Director English of the National Com-
munity Service. It was a complete
surprise to the recuperating Chief
Executive.
Led by Lieutenant Davenney, the
chorus rendered "America," "Sing Out
Sweet Bells of Peace," and "The Star-
Spangled Banner." The gray walls of
the Treasury were a splendid sound-
ing board for the 200 voices.
VICTIM OF COLOGNE JAG.
ATLANTA, Nov. 12.—Missolhorn had
a bottle of cologne in his possession.
Police said he also had on a nice
"bun." Judge Johnson in fining him
\$16, wondered "how he got that way."

**WASHINGTON YACHT
SUNK NEAR NORFOLK**

NORFOLK, Va., Nov. 12.—The yacht
Everglade, belonging to Col. Robert
M. Thompson, former head of the
Navy League of America, struck an
obstruction in the Albemarle canal
Saturday and sunk in about twelve
feet of water.
The Everglade has a hole about a
foot in diameter in her bow and is
flooded with water. The Everglade
was on her way to Florida, where
Colonel Thompson, who is now in
Washington, expected to join her in a
week or two.
