A SOLUTION OF WASHINGTON'S VACATION PROBLEMS

Washingtonians know very little regarding SHERWOOD FOREST, for the reason that they have been going miles for their vacations without the knowledge that within a short ride of the city is one of the finest resorts in the eastern part of the United States.

A few years ago, a representative body of men looked over the possibilities of Sherwood Forest, then an abandoned farm, and quickly realized the advantages of a central location, convenient to Washington, Baltimore and Annapolis, and appreciated the natural beauty of the place as a summer resort.

Plains were laid at that time and Sherwood Forest, as it is today, is the result. 150 bungalows have been built over the four hundred and fifty acres of the farm, and more are to be built. These bungalows are rented by the season or sold, according to the wishes of the people of the community. It is a real investment which should not be overlooked, as it will prove to be a source of pleasure every year during the hot summer months.

Fanned by the cool breezes sweeping over the Seven River and up from the bay, with an outlook on every hand of wonder and beauty, Sherwood Forest is, indeed, a garden spot of America. Bathing in salt water, canoeing, dancing, Boating, Beach, prepared by the best cooks in the part of the country, is a delight to the palate of even the most fastidious. Fresh produce daily from America farms. Four big buses meet all arriving and outgoing trains.

To reach Sherwood Forest, simply board a W. B. and A. train, transfer at Annapolis Junction, take an Annapolis car and get off at Indian Head Station. There our bus will meet you and convey you to Sherwood Forest.

Come out on Sunday and see for yourself what a lovely place Sherwood Forest really is.
