BORAH WOULD PUT WAR UP TO PEOPLE

Tells Dayton Audience He Favors Referendum Written Into Constitution.

DAYTON, Ohio, Sept. 15.—Senator William C. Borah of Idaho, speaking here last night, declared the election of Governor Cox would "scrap the policies of Washington and Monroe." He told his hearers in Cox's city:

"Both candidates may be for all I know in favor of some kind of a league, but as to the basis on which that league, if we are to have one, is to rest there is a fundamental and irreconcilable difference," Senator Borah declared.

"The present league of nations plan would be ineffective without Articles X and XI, Borah said, and Cox has shown that he is in full accord with President Wilson in the view that Article X should be retained unchanged.

"Senator Harding has declared his unalterable opposition to Article X, declaring it represents not justice, but force; not liberty, but oppression; not peace, but war," the Idaho Senator declared. "While we know Governor Cox will use his great powers as President to see that the contracts covered in Article X and XI are made, binding the whole nation to use, if necessary, all our wealth and man power in guaranteeing the territorial integrity of all other members of the league.

"The standard set up in this league is all wrong," Borah declared. "Democracies will never subscribe to it. The people never will accept it.

"No scheme of peace will ever be worthy of a people's confidence which does not place the power of peace or war in the hands of those who pay taxes and fight the battles," Borah said.

"If I had my way about it," he continued, "I would write into the Constitution of the United States a provision that no war should ever be begun by our country except in absolute defense against invasion or actual attack, until the question has been submitted to a vote of the people."

Departure in Auto Marked by Shower of Stones and Other Missiles.

MADRID, Sept. 15.—Bullfight "fans" at Haro, province of Logrono, displeased at the work of Rafael Gomez, a torreador known as "Gallo," forced him to take flight in an automobile after the conclusion of Sunday's festival.

"Police kept the angered spectators back, but 'Gallo's' departure was accompanied by a shower of stones and other missiles.

At Tetuan, Morocco, Blanquito was forced to kill five bulls after his companions, Chuli and Carrion, were tossed and injured rather seriously. Blanquito's work was acceptable to the crowd.
