FEED NERVES
PLENTY OF PHOSPHATE IN SUMMER

Keen Minded Men, Energetic and Successful, Rely on It, Asserts Prominent New York Physician.

Bibro-Phosphate a Godsend.

Men and women, nervous and fretful, easily upset and often fatigued, need plenty of organic phosphate, and the sooner they heed this advice the better their health will be.

In every one of the millions of cells that make up your body, phosphorus is the most important element.

Your nervous system, your brain, your blood and even your bones must have a sufficient supply of phosphorus or weariness, nervousness and a general run-down condition, as well as lack of normal mental power, is sure to result.

Big men of affairs—mighty men who control industries because of sheer will power and nervous force, know this, or if they don't, are clever enough to have a physician who does.

Physicians more and more are realizing that Bibro-Phosphate, as dispensed by People's Drug Store, and all leading drug stores, is a necessity to over forty per cent of men and women, because present day foods do not contain enough phosphate to give the body, and especially the nervous system, the supply it needs.

Speaking on this very subject, Dr. Frederick S. Kelle, Editor-in-Chief of Physicians "Who's Who," and a nationally known author of medical text books, in a most emphatic statement said:

"If I had my way, Bibro-Phosphate should be prescribed by every doctor and used in every hospital."

Later, Dr. Kelle said: "When the nerve tissue begins to lose its vitality, a woman begins to lose her youth and vivaciousness. Her lively, pleasant disposition fades away, she becomes irritable, uncompanionable, moody and despondent. It would indeed be a godsend if more men and women were aware of the efficacy of Bibro-Phosphate."

Hot weather is dreaded by men and women who are weak, thin, nervous, timid and lacking in vigorous development because their vitality is at almost to the breaking point.

To all such people Bibro-Phosphate is recommended because it is the one organic phosphate which, when absorbed by the system, will supply the element necessary for a vigorous, healthy body free from any suggestion of weakness or disordered nerves.

Your drug store has Bibro-Phosphate in the original package with complete instructions for best results.

URGE DIVORCE BAR TO NEW MARRIAGE

New York Lawmakers Agree With Opinion Voiced by Justice Benedict.

ALBANY, Sept. 30.—The question "Should divorced persons be permitted to re-marry?" has reached here. It was precipitated by a story in a New York newspaper in which Justice Benedict, of Brooklyn, in granting application to remarry made by Elmer Bennett, of Brooklyn, divorced in 1916, was quoted as saying that he did not believe a divorced person should be permitted to enter wedlock during the lifetime of the other spouse. Justice Benedict criticized the legislature for reducing the probationary period of a divorced person from five to three years.

On this subject, State Senator John J. Dunningan said:

"Marriage is a solemn covenant entered into between two people, which should hold until death.

"To abrogate or set aside this covenant, to permit the promiscuous intermarriage of divorced couples, strikes at the foundation of our social structure.

"I do not believe that any thinking person will condone the rising tide of divorce, nor the modern tendency of both men and women to look lightly upon divorce as an easy exit from a relationship that has grown distasteful.

"MARRIAGE IS SACRED."

"Our laws and our lawmakers should take every step that may be needed to protect the rising generation from the divorce evil.

"Our girls and boys should be taught that marriage is sacred, and that once entered into the marriage contract is inviolable.

"Only on his firm ground may our social structure continue."

State Senator LeRoy Black said:

"The question brought up by modern divorce is one that is complexing in many details.

"Of late years the increase of divorces and the rising demand that society competently sanction the remarriage of the divorced parties has added to the dilemma.

"It is unquestionably wrong to permit the guilty party in a divorce action to again enter matrimony. Such a person should be barred forever from the sacred precinct of matrimony.

"With regard to enforcing this regulation upon the innocent victim of cruelty, unfaithfulness or neglect, there are many divergent opinions.

"Many good people believe that such persons should be permitted to re-marry, to enjoy and enjoy the repose of married life.

LEAVE IT TO CONSCIENCE.

"This problem should be left to the conscience and good judgment of our divine leaders of whatever denomination, who are best fitted to guide the members of their flocks and best capable of searching out the good and bad results of such a practice."

By State Senator Daniel J. Carroll:

"Complexities of modern life breed divorce. The restless bustle and ethical unrest of the present day, the strain of economic necessity, the pleasure-loving pastimes of the modern man and woman all have tended to increase this evil.

"The very foundation of our social structure, the ethics of domestic philosophy, hygiene and religion demand that this keystone in the arch of life be maintained, that the sanctity of marriage vows shall be preserved.

"It is not lightly that the caustic argues that ill-mated people should be sundered, and points to recurrent unhappiness as the result of an ill-matched wedlock.

"His words bear fruit in immorality, in wrecked homes and in the perpetuation of unhappiness.

"I am against the remarriage of divorced people. I believe this custom is one of the evils of our modern life."

MD. NEGRO SEEKS U. S. SENATE SEAT

Tells Church It's High Time Race Shook Off Shackles of Slavery.

CHESTERTOWN, Md., Sept. 30.—James Methodist Episcopal Church, Chestertown, was filled with negroes when W. Ashbie Hawkins, colored of Baltimore, addressed them for over an hour. He was introduced by William H. Johns, pastor of the church. He said he was here to announce his candidacy for the United States Senate, and that the time is ripe for negroes to shake off "shackles of slavery" and take the things which belong to them.

Hawkins said for fifty years negroes have been putting white men into office and making of poor white folks rich men. In return for this, he said Lloyd Lowndes and Mr. Goldsborough, when they got into office, did not give jobs to negroes.

In Baltimore negroes asked for places under Broening, said Hawkins, and received two places as keepers of toilet rooms and two constable jobs. But when the Republican Councilmen got through dicker with the Democrats, said Hawkins, these places were taken from the negroes.

Hawkins said the favored negro representation on school boards and offices of trust and profit.

F. D. ROOSEVELT FLAYS HARDING TARIFF PLAN

Declares G. O. P. Candidate's Policy Would Increase Cost of Living.

WHEELING, W. Va., Sept. 30.—Greeted by an enthusiastic crowd which packed the auditorium here in which Senator Harding had spoken twenty-four hours before, Franklin D. Roosevelt, Democratic Vice Presidential nominee, last night bitterly attacked the labor record and tariff policy of the Republican Presidential candidate and again charged him to "state plainly and definitely his attitude on the League of Nations."

Referring to Senator Harding's remarks on the tariff Mr. Roosevelt declared that "if Senator Harding's tariff policy should prevail it would serve only to create a greater concentration of wealth in the hands of the few and to start the now declining cost of living of the average citizen once more on the upgrade."
