

PREPARED FOR COXEY.

Precautions Taken at the Treasury Department Yesterday.

AN INCREASE OF DEFENSIVE ARMS

Against a Possible Emergency When the Armies of the Unemployed Arrive at the Capital—The Marching Men Increasing Their Numbers. Coxeys Drawing Near Washington and Kelly's Brigade Still Marching On—Hogan Captures a Train.

WASHINGTON, D. C., April 24.—The treasury officials, while declining any fears of trouble on account of the presence of the crowds incident to the coming of Coxeys' army, have taken the precaution of adding fifty-five carbines and twenty revolvers to the treasury's supply of arms. The normal strength of the watch force of the treasury is seventy men, divided into two reliefs, and in addition to two or three dozen revolvers, there has always been thirty-five carbines in the racks in the office of the captain of the watch, sufficient to supply one to each watchman on duty. It has been thought best, however, to increase the supply in view of the crowds of hangers-on of Coxeys' army that are expected to arrive in the city during the coming week.

The captain of the treasury guards, a local military organization, composed entirely of clerks in the treasury department, to-day informed the captain of the watch force that in case of any trouble at any hour of the day or night he could have every man in his command at the treasury building inside of forty-five minutes. He stated that his men were well drilled in the use of arms and hence could do much more effective work than civilians. He asked to be notified if there was at any time any apprehension of trouble.

KELLY'S MARCH.

Farmers Everywhere Greet Him Cordially and Help the Men Along.

WALSLEY, Ia., April 24.—Kelly's industrial army reached here at noon today, and after a hasty luncheon marched on to Atlantic, where they were due at 6 o'clock to-night. The start from Avoca was made about 8 o'clock. The populace turned out en masse to bid the commonwealers goodbye. The wagons that brought the men from Neola returned last night, and to-day sixty-three fresh teams furnished by the farmers in the adjacent county were driven into camp at Avoca and loaded with commonwealers. At Atlantic elaborate preparations for the reception of the army were made, and committees were busy arranging details and collecting provisions.

Another mutiny seemed probable to-day, and this time it promised to be more serious than the Neola incident. Colonel Speed, whose popularity with the men is as great as that of the commander, positively refused to obey orders on to-day's march, and it was apparent that any attempt to discipline him would cause a split in the army.

At last Kelly climbed upon a wagon and began a speech to the men. He talked quietly and dispassionately, attempting to quell the angry mob. He informed them that a court martial had been held, and that the captains had, by a vote of twenty to three, reduced Speed to the ranks. The mob quieted down during the afternoon, but many of the Sacramento people announced their intentions to split at Atlantic and follow Speed to Washington.

Kelly's industrial army reached Atlantic at 6 o'clock to-night with Colonel Speed and his followers in the ranks. Speed says that he will march to Washington with Kelly but not under his guidance.

CAPTURES A TRAIN.

Hogan's Brigade Making for St. Paul—The Dispatch Sent to the Road Officials.

ST. PAUL, MINN., April 23.—The Coxyites at Butte broke into the Northern Pacific round house last night, seized an engine and train, manning them with their own number, and started east at forty miles an hour.

Sheriff Conrow, of Livingston, Mont., received a dispatch this afternoon from Helena attorneys for the Northern Pacific Company instructing him to arrest "General" Hogan on the charge of larceny of a Northern Pacific train, and a warrant has been sworn out by the company's local attorney.

Superintendent Finn, asked whether the Coxeys would take the right of way to the end of the road, laconically replied: "They have done it so far."

When the officials sent them word to lookout for trains they replied: "If you don't want your trains hurt, keep them out of the way."

They had supper at Livingston to-night and have not yet decided whether to start east to-night. If they leave at once they will reach St. Paul to-morrow night.

COXEY RETURNS

To His Main Army and is Welcomed on the Site of Barbara Fritchie's Home.

FREDERICK, Md., April 24.—General Coxeys returned to the Commonwealth to-day and was received with cheers on the very spot where stood the house of old Barbara Fritchie.

In commenting on the manifesto of the District commissioners, Mr. Coxeys said that it was just what might be expected under the circumstances. There was no need of any preparatory proclamations by the District authorities as to the order they were going to preserve, and the whole thing was the same sort of bluster that had been made by Mayor Fleming, of Frederick, when he declared that the Commonwealth should never parade in his town, and then allowed the procession directly under the noses of thirty deputy sheriffs. While in New York, Mr. Coxeys said he had been offered the use of Woody Park, outside of Washington, as a camp ground for the army.

The offer was made by Mr. H. P. Waggaman, one of the owners of the

track, whom Mr. Coxeys had met at Tattersall's during the horse sales.

The Commonwealth army is growing, nearly 300 men marched out of camp Daniel Boone this morning. They were joined by stragglers along the road, and in Frederick they found another party of thirty-five men under "Windy" White, the old trumpeter discharged at Williamsport last week. White was taken back into the fold and the recruits were accepted and enrolled.

OTHER CONTINGENTS.

KANSAS CITY, Mo., April 24.—A Kansas City Commonwealth army is forming. Charles J. Johnson has 300 men enrolled, and the march toward Washington is to be taken up.

OKLAHOMA CITY, O. T., April 24.—A company of the Commonwealth has been organized with an enlistment of 150. Colonel Ralph Beaumont, the noted Knights of Labor lecturer, was the organizer.

BALTIMORE, Md., April 24.—Captain Jones, of the Philadelphia division of the Commonwealth army, met with such a freezing reception at Ellicott City to-night that it is likely to go to pieces before it reaches the main body. They were not allowed to camp within the limits of the town and got to quarrelling among themselves so that Sheriff Gilbert E. Flower and States Attorney J. D. McGuire threatened them with the lockup. They could get nothing to eat and were forced to take to the woods.

PROVIDENCE, R. I., April 24.—When the New England contingent of the Coxeys army arrived at Providence this afternoon they were met at Randall Square by George H. Bloomer, editor of the Justice. When Olneyville was reached the Commonwealthers were taken to Textile hall, where they rested until 6 o'clock when supper was served. It was a repast such as had not been enjoyed since the army left Boston. There was corn beef, salmon and sardines, sausages, cheese, rye and white bread, crackers, coffee and all kinds of pie.

B. & O. Officials Deny It.

CHICAGO, April 24.—A sensational story is printed here to-day to the effect that General Sullivan, on his own statement had made arrangements with the Baltimore & Ohio railroad for transporting 5,000 iron moulders in box cars to Washington. They propose to leave the city on Thursday. Baltimore & Ohio officials, both of the passenger and freight departments deny that there is any truth in the story so far as their road is concerned.

Frye's Army.

TERRE HAUTE, IND., April 23.—Frye's army left here for Brazil at 4 p. m., to-day, 200 strong.

The Local Situation.

There was a report yesterday that the B. & O. Company had sent fifteen detectives to Benwood to stop any accessions from the west over its lines to the Coxeys army. This was emphatically denied here. The Baltimore Sun of yesterday, however, says Superintendent Fitzgerald left there with fifteen detectives, for Benwood. A special car was here yesterday afternoon with B. & O. officials, but they professed to be simply returning from a tour of inspection out in Ohio. The company has issued orders for local officials to keep a lookout for any of the Coxeys contingents, and do what they can to prevent their using B. & O. trains to get eastward. There is little doubt that Galvin's forces will come to Benwood.

A NERVOUS EDITOR.

He Stands Up for His Rights in a Court of Justice—A Judge Forced to Hear His Defense.

OMAHA, NEB., April 24.—Edward Rosewater, editor of the Bee, was to-day sentenced to imprisonment for thirty days and to pay a fine of \$500 for alleged contempt of court. Without being given an opportunity to appeal, Mr. Rosewater was ordered taken to jail at once, and for six hours he was behind the bars of the Douglas county jail.

At 6 o'clock the state supreme court granted a supersedeas, and Mr. Rosewater was released until the case can be reviewed by the higher court. The alleged offense committed by Mr. Rosewater was in allowing to be printed in the Bee a local article in which it was stated that there was evidently some partiality shown to certain criminals in the district court.

In spite of the evidence that he knew nothing of the article, which was printed in his absence, Judge Scott declared the defendant guilty, but the editor proposed to have his rights, and interrupted the court with a demand that he be heard. He said:

"If men, who own property, who run corporations, who employ men in various walks of life; if these men were held responsible for the criminal conduct of all their employees, there would not be jails enough in America to accommodate them. It is a monstrous doctrine. I had rather rot in forty jails and prisons, than to surrender what has been fought for by the fathers of this republic; which includes the liberty of the press to criticize public servants—and the courteous public servants as such as any class. I shall cheerfully submit to this ordeal. It will not hurt me. If there is anything that I am guilty of, if I have been guilty of any contempt at all, it was the contempt of my fellow citizens for helping this late Colonel Scott to become judge of this court."

At the conclusion of Mr. Rosewater's talk Judge Scott ordered the sheriff to hurry the prisoner to the county jail to serve out the sentence of thirty days.

REPORT DISCREDITED.

No Confirmation of Startling Rumors From Nicaragua.

WASHINGTON, April 24.—The state department has had no recent advices from Bluefields, and it is not possible for the officials to affirm or deny the truth of the report that the Nicaraguan government has seized and sold the property of the Nicaragua Canal Company, captured a vessel carrying the American flag, landed troops at Bluefields and done other sensational things. But as Graytown is within easy reach of the cable, and the canal company naturally might be supposed to cherish an interest in its own property, it is believed that the officials in this country would have informed themselves of the seizure of their works and notified the state department if such things actually had happened.

A GREAT CONVENTION.

Indiana Republicans to Assemble To-day. Ex-President Harrison to Speak.

INDIANAPOLIS, IND., April 24.—Numerically the state Republican convention to be held to-morrow in this city will be by far the largest ever held in the state. Seventeen hundred and fifteen delegates will vote for the candidates, the largest previous convention having comprised 1,200 delegates in round numbers.

The present program calls for but two speeches and one of these will be by ex-President Benj. Harrison, Ex-Secretary of the Navy Richard W. Thompson, of Terre Haute, will likely be chosen as president of the convention. His name it is positively stated will be presented for that honor and it is not considered probable that he will be opposed. Gen. Harrison is expected to make some remarks concerning national affairs and his close friends say that he will talk unreservedly and plainly.

The platform is causing much speculation. The committee will be engaged in its preparation all of to-night. It will undoubtedly arraign both the state and national administrations, and condemn in strong terms the Democratic reappointment of 1893. The A. P. A. will be considered by the committee by request of certain prominent Catholic Republicans, but whether it will be mentioned in the platform is uncertain.

THE TARIFF BILL.

It May Pass in June and It May Not—The Reading By Paragraphs Begins To-day.

WASHINGTON, D. C., April 24.—According to the agreement entered into between the Democratic and Republican senators, the reading of the tariff bill by paragraphs for amendment will probably begin at 1 o'clock to-morrow.

An executive session was held shortly after the senate adjourned to-day, and when the doors were opened a group of Republicans known as the steering committee of that party and Senator Gorman were holding a conference. Propositions and counter propositions were made, but no agreement was reached, and it was understood when the conference broke up that no agreement would be attempted in the senate, but that the consideration of the bill would be begun at 1 o'clock and the Republicans informed Mr. Gorman that their side of the chamber would insist on a quorum when any vote was taken on any amendments to the bill.

Senator Harris says the bill must pass by the 1st of June, while Republican leaders say that the date is at least two months too early. The friends of the bill feel that it is important to have the measure receive the full party vote, and they also want the hearty support of the entire party in having it passed as speedily as possible. They wish to get it out of the way of the fall campaign.

WM. MCGARRAHAN DEAD.

The Famous Claimant Dies in Washington—His Claim Unsatisfied.

WASHINGTON, D. C., April 24.—William McGarrahan, the celebrated claimant to the New Idria mine, died at Providence hospital at 11:45 a. m. He had been a familiar figure at the capital for years and was well known to a majority of the senators and members, a majority of whom were believers in the justice of his claim. A bill to permit a trial of his case in the court of claims was passed by Congress, but was vetoed by President Harrison. Several other bills had been passed by one house or the other, and a score of committees had reported favorably on his claim.

LIVELY WRESTLING.

What Is Expected to be Witnessed in Colonel Boone's Show.

SAN FRANCISCO, CAL., April 24.—Colonel Boone has notified the director general of the mid-winter fair that his contract allows him to exhibit trained animals in his arena, and expresses great surprise that anyone should accuse him of giving a lion and bear fight. He merely intends to have a lion and bear engage in a wrestling match, and says that neither the mid-winter fair officials nor the police have the power to stop it. As the colonel is selling tickets for the event for from \$5 to \$20, it is the impression that it will be a very lively "wrestling match" indeed, and that both the contestants are liable to get hurt.

CONDENSED TELEGRAMS.

Congressman Jerry Simpson is better. Fourteen new cases and three deaths from cholera at Lisbon.

The glove fight at McKee's Rocks, near Pittsburgh, between Jimmy Dime and Jerry Marshall last night, was a six-round draw.

A terrific gale prevails on the coast of Ireland. Fears are that many vessels have been wrecked. Great damage was done on land.

Senator Power has introduced an amendment to the tariff bill re-enacting the McKinley wool schedule, except that it reduces the rates one-third.

Belva Lockwood has applied to the United States Supreme Court for a mandamus to compel the Virginia supreme court of appeals to permit her to practice.

A can of gasoline exploded in the house of Casimir Miggs near Carondelet, Mo., and Mrs. Miggs was blown into an adjoining field. Four others in the family were fatally injured.

Attorney General Moloney, of Illinois, announced a decision on his part to begin quo warranto proceedings against the Chicago Gas Trust. If successful it means a forfeiture of the charter of the trust.

The property of the Economites at Economy, Pa., was sold yesterday for \$395,000 to the Union company, the object being to prevent further litigation by persons claiming to be heirs of former members of the Harmonist's society.

The American north polar expedition, under the command of Walter Wellman, sailed from Alesund, Norway, for the island of Spitzbergen on the steamer Ragnvaldjar, which has been chartered for the purposes of the expedition.

In the senate yesterday Mr. Mills spoke in favor of the Wilson bill. In his remarks he said the bill did not meet with his approval, but he would vote for it as a compromise measure. In the house the postoffice appropriation bill was passed.

THE MINE STRIKE.

Miners on the Pennsylvania System Join the Movement.

COKE REGION FALLING IN LINE

And the Whole of the Connellsville Territory Expected to be Out—Coal Supply of the Pennsylvania Railroad East of Altoona Cut Off—New River Miners in West Virginia Out. No Strike in the Kanawha Country.

PITTSBURGH, PA., April 24.—At a meeting of the coal miners held at Leechburg to-day delegates representing three thousand miners who have not heretofore been connected with the national miners' union, asked that they be organized and declared in favor of a strike. This will take out practically all the Pennsylvania railroad miners along the Kiskimintus river. Three pits were not represented at to-day's meeting, and to-morrow efforts will be made to bring these men into line.

The strikers claim that this new move will tie up the West Penn railroad entirely within two or three days, and as the Pennsylvania main line from east depends for coal supply in these pits the situation may become embarrassing for the whole Pennsylvania system east.

Elsewhere in this district the situation remains unchanged, with both sides watchful at every point. The coke region is coming into line with the strikers, and the men claim that the whole region will be out to-morrow.

Illinois Miners.

SPRINGFIELD, ILL., April 24.—At a delegate convention of the workers of Illinois held to-day a resolution was adopted requesting all co-operative mines not organized to suspend work at once.

THE MINERS' STRIKE.

The Demand Made by the Peddling Banks. An Instance.

Mr. Richard Robertson, president of the trades assembly, returned yesterday from Columbus, where he was on a business trip. While there he saw President McBride, of the miners' association, who is a busy man these days. The latter said that the strike in its proportions is fully coming up to expectations.

In this connection he says Mr. McBride has received fully 1,000 telegrams from operators of peddling banks, employing very few men, asking to be allowed to run at union wages. To these the unvarying answer is "No." One Ohio operator who employs three men, thought his mine was the keystone to the situation, and fired in telegrams and letters asking to be allowed to run. He was answered like the others and while Mr. Robertson was in McBride's office this telegram came:

"Can I take my three men and go out and chop wood?" McBride didn't answer.

ON A SERIOUS CHARGE.

A Doctor Arrested for Having Caused the Death of a Prominent Young Lady. Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., April 24.—Miss Sallie Amis died to-day after a short illness, dating from Saturday. Peritonitis was given out as the cause. A profound sensation was created this evening by the arrest of Dr. F. C. Dennison on a charge of murder by committing an unlawful operation on the young lady. The doctor was jailed without bond to await a preliminary trial to-morrow. The circumstances of the case are so far kept quiet, but will be developed at the inquest to-morrow. The deceased was twenty-four years of age and handsome, of a prominent family and a very prominent circle of relatives. Dennison, the physician, recently came here from Leart, Ohio, is middle-aged and married.

DR. MAYO'S LECTURES

On Educational Subjects Began Yesterday. The Week's Programme.

At the Y. M. C. A. yesterday at 4 p. m. Dr. Mayo opened his series of lectures on educational topics, which are to continue throughout the week, under the auspices of the state board of education. His topic was, "What is education?" and there was a large attendance of teachers and others. He said:

Education implies to know something, to do something and to be somebody. The primary teacher has a most important duty to perform. She must make pupils want knowledge. As those who hunger and thirst after righteousness shall be filled so those who hunger and thirst after knowledge shall and will be filled. The whole secret is to create this thirst and satisfy it.

In order to do something industrial education should be given. The country needs skilled and honest labor, and not ignorant and dishonest labor. Economy should be taught. We should save on the lower side of life and build on the upper side.

To be something requires character building. No two objects are exactly alike, and this is particularly true of minds. We may try to repress and to mold, but where we oppose nature this cannot be done to any great extent. We should try to find out what young persons are fitted for, and follow out their natural inclinations.

The lecture abounded in apt illustrations, with here and there a flash of humor.

Dr. Mayo's lectures this week in Wheeling are scheduled as follows: Wednesday afternoon at Y. M. C. A. hall, at 4 p. m. Thursday at 7:30 p. m., at the Second Presbyterian church; Friday afternoon at 4 o'clock, Y. M. C. A. hall. Sunday evening Dr. Mayo will deliver an address at the Second Presbyterian church at 7:30 o'clock.

A CHURCH ROW.

"High" and "Low" Factions of St. Paul's Episcopal Church in Steubenville. Special Dispatch to the Intelligencer.

STEVENSVILLE, O., April 24.—W. A. Leonard, bishop of Ohio, will arrive in this city to-morrow by special request to settle if possible the trouble in the St. Paul's Protestant Episcopal church. The fight dates back to the time Rev. H. P. Lot Graban was called to this city one year ago from Oswego, N. Y. This church since its organization nearly a century ago, up until a few years ago, was always regarded as a "low" church. Rev. Graban began by introducing innovations into the church service which does not suit a great many. Then the fuss which is serious was intensified.

Over a month ago, when a vestry was elected, those dissatisfied with the rector and his friends put up tickets, and, after a lively election, the ticket bearing the names of Rev. Graban's friends were elected, and men who have been prominent in the church and vestry were turned down. Then came more soreness and recruits for the dissatisfied faction. Dr. Noakes, of Cleveland, came here several weeks ago and tried to organize a church of the Reformed Episcopal branch, but the faction refused to leave the Protestant Episcopal. The dissatisfied faction several weeks ago made all arrangements to hold services elsewhere temporarily, but were advised to await the bishop's coming before they took such action. They refuse to return to the church as long as the present rector remains, while Rev. Graban's friends claim he shall not leave, and that they will make up any financial deficiency caused by the leaving of those dissatisfied, who number nearly seventy-five and include wealthy and influential members. The congregation of St. James in Cross Creek township, who are supplied by the rector or his assistant, are mad at a remark made about the condition of their finances, and many have quit attending. Both sides hope the matter will be settled.

NEW RIVER MINERS

Are Out and the Strike May be General. No Trouble in Kanawha Region. Special Dispatch to the Intelligencer.

CHARLESTON, W. VA., April 24.—The New River miners are out and it is reported that the St. Clair men, in the Kanawha district, are on a strike. The United Mine Workers' delegates from New River and Kanawha districts, four from Pittsburgh and six from Ohio, met here to-day. The New River delegates reported that, with the exception of Fayette, all the miners between Newell and Quinimont were willing to stay out until last year's scale was given them, saying they would rather starve on top of the ground than under it. Resolutions were adopted advising miners what to do. A copy will be sent to each mine. The meeting was quiet, the sentiment for striking being unanimous. George Carver, of Wellston, Ohio, was president of the meeting, and James Riley, of Wheeling, secretary.

The operators are still confident there will be no strike on the Kanawha, and it is thought the statement concerning the St. Clair strike is untrue. In New River the strike will probably be general. The United Mine Workers are confident that every mine in both sections will shut down within a week, but have little to base an opinion on.

WHOLESALE ARRESTS.

Huntington Police Hold a Hundred Toughs From Other States. Special Dispatch to the Intelligencer.

HUNTINGTON, W. VA., April 24.—The largest number of arrests ever made in this city at one time took place at 2 o'clock this morning. A crowd of a hundred toughs, women and men, from Ironton, O., and Ashland, Ky., came up on a boat and began a disgraceful dance in a hall above a low saloon. The entire police force was summoned, and when the gang was arrested it was found that the jail was full of United States prisoners, so the mayor opened police court and tried the disorderlies. Most of them put up watches and jewelry to pay out, while several were committed to prison. Over eighty-five of the crowd were fined.

Sentenced to the Pen.

Special Dispatch to the Intelligencer.

CHARLESTON, W. VA., April 24.—Judge Snyder to-day sentenced to the penitentiary Jerry Woods for house breaking, four years; Tom Hamlin, attempting assault, five years; Henry Taylor, house breaking, five years; Sydney Jarrell, murder second degree, fifteen years. The county court met to-day to grant liquor licenses. All the ministers in the city were present, fighting for no license. It will be decided to-morrow, and it is probable that licenses will be granted.

Burglars Arrested.

Special Dispatch to the Intelligencer.

CALDWELL, O., April 24.—Henry Hague and Grant Ball were arraigned before Mayor Phillips, at this place to-day, charged with breaking into a general merchandise store of Thomas McGovern, at East Union, a few nights ago, and taking money and goods therefrom. After being given a hearing both were bound over to court in the sum of \$500 each, in default of which they were committed to jail.

Robbed of His Savings.

Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., April 24.—Last night Jacob Dubinsky, a junk dealer, returning from Cleveland, went to sleep on a train between here and Marietta. When he woke up at this place his pocketbook with \$385 was missing. The man was frantic upon the discovery of his loss and acted like a wild man. It is not known whether he dropped the book or had it taken from his pocket. It represented his earnings for thirteen years. Police are investigating.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., April 24.—Patents granted to-day: Charles E. Blue, Wheeling, work holder; John H. Fitzgerald, Frankfurt, curtain fixture; George P. and A. L. Edward, Wheeling, wheel; Edward W. Stifel, Wheeling, pin for attaching flowers to dresses.

PASSED BOGUS MONEY.

Joe Sweeney again in Trouble on a Very Serious Charge.

HE HAD PHOTOGRAPHS OF MONEY

And had Passed Four or Five of them at Benwood and in this City—Rank Attempts to Imitate Real Currency, but they Galled Several People—Joe Goes to Jail.

At an early hour yesterday morning Joe Sweeney was arrested by Officer Wilkie on a charge of passing counterfeit money. He was arraigned before United States Commissioner R. J. Campbell, at the custom house, yesterday afternoon, and was sent to jail in default of \$1,000 bail for a hearing Friday at 2 p. m. Joe is well connected, though often accused of crime, and it was said yesterday that relatives would be sure to go on his bail bond to-day.

The first information of his new departure in crookedness received by the police came from Benwood by telephone. He had passed three bogus \$5 bills and a bogus \$10 bill there, in saloons, spending a small sum each time for drinks and receiving good money in change. The officers looked for him several hours, and finally heard that he had passed another \$5 of very bad character at Madeline Hornbrook's house, on Eoff street.

About 4 a. m. Officer Wilkie found him on Water street, and turning him over to Officer Scallie, went to find another man who had been with Sweeney earlier, but he did not turn up. Sweeney had several other bills concealed under his shirt collar, and after being arrested he undertook to chew these up, but the fragments were recovered.

The bills are very poorly made, and not at all dangerous to persons with good eyesight who ever saw a bill before. They are made by photographing genuine bills and then stamping on the numbers in the proper colors by hand. The work is off in color and in size, but the bills evidently fool some people.

Late last night Sweeney gave bond and was released.

WILL WIND UP ITS AFFAIRS.

The Ohio Valley China Company Decides to Quit.

As has been foreshadowed in the INTELLIGENCER, the Ohio Valley China Company, operating the North Wheeling pottery, will at once wind up its affairs and dispose of its property. Yesterday afternoon the stockholders of the company held a well attended meeting, pursuant to a call of the board of directors. The business to be considered was the proposition submitted by the board that the company should quit business. This was approved after discussion and explanations, and the directors were instructed to wind up the affairs as expeditiously and economically as possible.

The labor troubles of the company are fresh in the minds of the public, and to these the result reached yesterday are generally attributed. It is said, however, that the experiment of making fine china ware has been a losing one, also, and that other reasons contributed to the company's action.

Garce-Ritz Wedding.

Yesterday at the home of the bride's parents in Boliviera addition, Mr. S. A. Garce and Miss Gertrude Ritz were married, in the presence of a goodly number of their friends. Rev. A. J. Troy, of the Baptist church performed the ceremony. The groom is the well known Market square wholesale liquor dealer and the numerous friends of the newly wedded couple wish them much joy. They leave for the east on a bridal tour to-day.
