Taylor in a Mix-Up.
 TAUNTON, Mass., Sept. 23.—There was a bad mix-up in the one mile open bicycle race at the Bristol county fair today. Tom Butler crossed the tape first and Major Taylor second and W. E. Brecker third. After the riders had finished, Brecker wheeled up behind Taylor and grabbed him by the shoulder. The colored man was thrown to the ground and Brecker choked him into a state of insensibility, and the police were obliged to interfere. It was fully fifteen minutes before Taylor recovered consciousness and the crowd was very threatening toward Brecker. The latter claimed that Taylor crowded him to the fence during the race. Brecker was disqualified and the race run over again. Tom Butler winning.

Mathews the Winner.
 The referee in the match race between May Allen and Will Mathews has given his decision, which is that Mathews is the winner of the third and decisive heat.

Beautiful eyes grow dull and dim
 As the swift years steal away.
 Beautiful, willowy forms so slim
 Lose fairness with every day.
 But she still is queen and hath charms to
 Astirle
 Who wears youth's coronal—beautiful hair.

Preserve Your Hair
 and you preserve your youth.
 "A woman is as old as she looks," says the world. No woman looks as old as she is if her hair has preserved its normal beauty. You can keep hair from falling out, restoring its normal color, or restore the normal color to gray or faded hair, by the use of
Ayer's Hair Vigor.

Eternal Vigilance.
 "Eternal vigilance is the price of liberty." It is the price of every thing worth having. It is the price of life itself. A man need not be always looking for danger, afraid that something will happen to him; but a wise man who follows regular, healthy habits, feels good all the time. Life is worth living to him. But a man who "don't want to bother" with taking care of himself has more pain and misery crowded into one day than a good healthy, hearty man who lives right would ever know of in a whole year.
 When a man's stomach is out of order, and his digestion don't work; when his liver gets to be sluggish and won't clear the bile out of his blood, it is time for him to look out for himself. He gets no nourishment out of his food. His blood gets thicker and thicker with impurities. His nerves get irritated. He loses energy and fighting force. He may say, "I will stand it, I will feel better to-morrow and worse still next day. He ought to put himself right at once. He needs Dr. Pierce's Golden Medical Discovery. It is made for just this condition. It restores the digestive and nutritive organs, and gives them power to extract from the food all the nutritious elements and transform them into rich, nourishing blood. It enables the liver to cleanse out all bilious impurities and pour into the circulation an abundance of highly vitalized blood, full of life-giving red corpuscles which build up healthy flesh, muscular strength, and nerve-energy. It does not make flabby flesh. It is the only suitable tonic and strength-builder for corpulent people.

BELLAIRE

All Sorts of Local News and Gossip From the Glass City.
 Morris V. Miller has disappeared from his home in this city and nothing had been heard of him since Tuesday until last evening. He was one of the oldest engineers in the employ of the Pennsylvania railroad company, but had been off work some time on account of sickness, and his mind was impaired for a time, but he seemed to have recovered from that, and on Tuesday was allowed to walk about without attendants. The last seen of him was when he was walking north toward the upper end of this city. From that point he disappeared as completely as if swallowed up by the earth. His wife and family were in sore distress and sent everywhere for tidings of him. He was a man above average height, walked erect, but would not attract special attention. So far as known he had not provided for an absence from home and his appearance in any community would soon attract attention. He was found at Roberts' brick yard, near Bellaire, last evening, and was taken to his home.

The Bellaire steel plant is now in full operation in all departments and with business enough on hand to insure a good run. All of the machinery in the steel department is new and the rolls are new, so that caution is used in the operation. Besides the presence of a soaking pit and many other modern features are new and the workmen are not crowded until they get used to the new appliances. But everything so far is moving along smoothly and in order, and the product here will be almost double what it formerly was when the newness wears off. The second furnace will also be started up and this mill will distribute fifty thousand dollars or more in wages each month. This added to the other industries here, will put Bellaire in glorious shape for the winter. There is the Novelty Stamping Works running full and adding to its capacity. The Stewart enameling plant is doing the same thing. The Bellaire Bottle works is running with an increased force and Roderer Bros. glass factory has more men at work than since the first of July. The Bellaire Stove Foundry is as busy as it can be and the workmen there have all they can do. The new enameling plant in lower Bellaire will take in more capital and enlarge its capacity. Every industry of whatever kind in the city has a fair business in hand and bright prospects. In a little while more money will be put into the hands of wage earners than has been distributed in that way for a long time. In fact the outlook is better for Bellaire in every respect than it has been for years and all the people here appreciate this fact.

Hon. Charles J. Howard, who is a candidate for re-election as representative on the Republican ticket, was in the city yesterday mingling with some of the people here. He is an intelligent and capable young man, and is esteemed most by those who know him best. His election is only a question of how much majority he will have.

John Stricklin was a switchman in the Baltimore & Ohio yard here, and was regarded as a good one. He is also a married man and has a wife and two children here. Monday night he disappeared and at the same time a Mr. George Peterson also disappeared. The latter leaves no children, but her industrious husband was robbed of all the money they had saved. The deserted wife is a delicate woman, with two small children to provide for, and an effort was made yesterday to secure for her what money is coming to the recreant husband and father, from the Baltimore & Ohio company.
