Water Rent Notice. To water consumers owing water rent. Notice is hereby given that on October 1, 1897, the water will be shut off from all consumers, owing two or more bills. We are now having the entire city inspected and have found several hundred hydrants out of repair, and all must be immediately repaired on receipt of a notice delivered by the inspectors, or the water will be shut off. THE CITY WATER BOARD, John E. Schellhase, Secretary.

A General Act. Before the party that went to San Francisco to witness the presentation to the gunboat "Whetling," dispersed yesterday morning, a purse was made up with which a handsome testimonial was purchased for Captain W. S. Wright, the genial Pullman conductor, who was with the excursionists from beginning to end. Sheriff Richards, acting for the donors, bought a handsome ring and cuff buttons with garnet settings, which was forwarded by express to the gallant captain at Jersey City.

Sadler's Great Catch. Washington Hall Sadler, president of the Island Rod & Gun Club, made a good catch while fishing at the old dock hole, between the two bridges, yesterday morning. "Wash" was fishing in his usual composed manner, when his line began to stretch and, upon landing his prize, he found it to be a salmon, weighing 5 1/2 pounds and measuring 26 inches. Mr. Anton Reymann purchased the fish and sent it to Wheeling Park where it was placed in a tank.

The ladies of St. Matthew P.E. Church will have a general meeting of great importance in the basement of the church, on Saturday at 10 o'clock a. m., September 25, 1897. It is desired by the Vestry that every lady of the church be present at this meeting, as it is one at which matters of most vital interest to the church will be considered.

MEET MONDAY.

Important Meeting of the Chamber of Commerce.

BUSINESS OF GENERAL INTEREST

Will be Considered, Including Representation of Wheeling at the Coming River Improvement Convention in Evansville—President Vance's Letter on this Subject—Work of Preparing for the 1898 Army of West Virginia Reunion to be Begun.

Monday evening at 6 o'clock a special meeting of the chamber of commerce will be held at the chamber's apartments in the Hub building, when importance business will be brought to the consideration of the members. President Quarrier and Secretary Hazlett have called attention to the importance of the meeting and ask for a large and representative attendance.

The committee that went to Columbus recently and secured for Wheeling the 1898 reunion of the Society of the Army of West Virginia will make its report and offer recommendations relative to beginning the work of preparing for the entertainment of the 10,000 to 15,000 people who are expected to come to town for the reunion. The committee believes that this work should be started at once and doubtless a recommendation on that line will be offered Monday night.

The other important matter that will come up is the representation of Wheeling at the third annual convention of the Ohio Valley Improvement Association, which is to be held in Evansville, on October 12. In the last two years this organization has accomplished much in the cause of river improvement and its programme for the future is one that relates intimately to the progress and prosperity of all the communities on the upper Ohio river—certainly to none more than it does to the greater Wheeling. Slackwater is the motto of the association, and success means a great deal for Wheeling. If no other town on the river were represented at the convention, Wheeling ought to be on hand at Evansville.

Colonel John L. Vance, of Gallipolis, the president of the association, recently sent the following open letter to the secretary of the organization:

Mr. E. P. Wilson, Secretary Ohio Valley Improvement Association, Cincinnati, Ohio:

MY DEAR SIR:—As the time approaches for the annual convention of the Ohio Valley Improvement Association, I am glad to be able to submit to the membership a brief statement of the present conditions brought about by the work already accomplished by the officers of the association. It is my firm conviction that this work has revolutionized public sentiment in regard to the improvement of internal waterways. Instead of looking upon every project of this character with suspicion, the public in all sections of the country has come to regard the systematic plans now in progress with a high degree of favor. It is noted with a marked degree of satisfaction that the work of the Ohio Valley Improvement Association has not been local, sectional or selfish, but has been mapped upon broad lines, from which the benefit to the country at large is already clearly discernible. The release of the Monongahela river, which is now an accomplished fact, abates a tax which was levied with great uniformity and regularity upon every consumer of coal from the source of the Ohio to the headwaters and mouth of the Mississippi. The carry-out of this policy of continuous work, and the provision therefor, by wise legislation, is another landmark in the progress of our association, the benefit of which will sooner or later be felt at every point on the Ohio.

Hence, it occurs to me to suggest that the work so mapped out by two successful conventions, which were held in Cincinnati and Pittsburgh, should be vigorously followed up at our next convention, which is set for Evansville. I therefore suggest that you use your best efforts to secure at that convention the presence of the energetic, patriotic and liberal citizens of the Ohio valley who gave impetus to our work both at Cincinnati and Pittsburgh.

JOHN L. VANCE, President.

Mr. Gary the Oldest.

The Baltimore Sun is authority for the statement that probably the oldest station agent in the country in point of service, is James A. Gary, the postmaster general of the United States. He was appointed agent at Albertain, Howard county, Md., on the Baltimore & Ohio railroad, some forty-four years ago, and his name still appears on the pay-rolls of the company. The two oldest Baltimore & Ohio agents are said to be Captain Charles W. Harvey, at Ellicott City, Md., and John W. Howser, at Relay. They have each been in the service thirty-four years. The Baltimore & Ohio has also, in actual service, a passenger conductor, Captain Harry Green, who has run trains between Baltimore and Cumberland for forty-seven years.

E. & O. Last Examination.

On account of the Chicago Marine Band concerts at Seibert's Garden, the Baltimore & Ohio Railroad will sell round trip excursion tickets from Grafton and all intermediate points on next Sunday, September 26. Round trip from Grafton \$1.50; Fairmont \$1.20; Mannington \$1.00; Cameron 60 cents; Moundsville 30 cents. Train leaves Grafton at 6 o'clock a. m., arriving at Wheeling at 10:10 a. m. Returning leave Wheeling at 5 o'clock p. m., giving excursionists an opportunity to hear the afternoon concert.

WE WILL TELL YOU

If your headaches come from weak eyes; also if glasses will relieve them. Do you have headaches? Do your eyes water, smart or burn? Does the print run together when reading? Do things appear double, or mixed up? Have a desire to rub the eyes? Consult us. We make glasses at popular prices. Make a careful examination free of charge, and rely on our own skill and not our patients' judgment of the matter. Consultation and examination free.

THE HUB—CLOTHIERS AND FURNISHERS.

When the Weather Changes

THE BIG STORE WITH THE LITTLE PRICES.

You'll change to heavier weights. It's a convenience not to have to bother until then—the mercury drops—you drop in here—five minutes at a time—and out again—with a handsome Suit or Overcoat, or both—and a quarter—maybe a third of the money you expected to spend in your pocket. Follow the best dressers—go where they go—ask them, they'll tell you—it's no secret—The Hub Clothes are a standard—the highest standard. It argues good judgment to come here—it means a saving not at the expense of quality, but by reason of our facilities. These mild days are good days to look—investigate—compare—decide—and our variety deserves time to be carefully reviewed, even where all is good. There's a better and a best—par excellence.

IN SUITS, ask to be shown our Heavy All-wool Black Clay Worsted at \$8, \$10.00 and \$12.00, and our Fancy Plaid at \$7.00, \$10.00, \$12.00, \$15.00 and \$20.00.

IN OVERCOATS, ask to be shown our Great All-wool Blue and Black Kersey at \$6.50, our fine Blue and Black Kersey raw edge at \$8.00, and our great leader, the Gayrock, Blue Black and Brown, at \$10.00.

This is by all odds a better coat than some houses are offering at \$15.00. Parties living out of town and wishing to compare this coat with anything offered by any other house, will upon request receive sample swatches of the cloth by return mail. We have others at \$12.00, \$15.00, \$20.00, \$25.00.

You'll Like Our New Suits.

You'll like them for more reasons than we can name here, but principally because they're so good in looks and quality. Of course if you don't care what kind of clothes you wear, you can buy an ordinary ready-made suit anywhere and pay, as much for it as we would ask for our finely tailored

"EQUAL TO CUSTOM MADE SUITS."

If you don't care what you pay, you can give a merchant tailor twice our prices for a made-to-measure suit that may not fit half as well as ours. Our Suits are designed by artists and made by skilled tailors. The seams are sewed with heavy silk thread, the goods are all sponged and shrunk before cutting. The patterns are stylish and you can depend on the wearing quality of the cloth.
