UNDER THE WHEELS.

B. & O. Brakeman Spence F. Hager Met his Death.

COUPLING CARS AND SLIPPED.

ONE CAR PASSED OVER BOTH OF HIS LEGS ABOVE THE KNEE, INFLECTING TERRIBLE INJURIES, AND DEATH ENSUED HALF AN HOUR AFTER HE WAS REMOVED TO THE CITY HOSPITAL. WAS A YOUNG MAN, AND A WIFE AND THREE CHILDREN SURVIVE HIM.

Spence F. Hager, a Baltimore and Ohio brakeman, residence 2608 Market street, while coupling cars last night about 10:30 o'clock, in front of the Wheeling Ice & Storage plant, on Water street, slipped and fell across the track, and the lower part of his body was so frightfully crushed that he died half an hour after being removed to the City hospital.

The cars were hauled by yard engine No. 53, and Hager after making the coupling, gave the signal to go ahead. Just as he did so he reached in to make the coupling more secure, and in doing so slipped, falling with the lower part of his body across the tracks. The wheels passed over both legs above the knee and crushing one hip. A fellow trainman gave the alarm in time to prevent the next car from going over him.

When taken out from the rails the unfortunate man displayed rare courage. He asked for a drink of water and was given stimulants. A few minutes afterward he was given drugs to ease his pain by Drs. Reed and Dickey, who had been summoned. The city ambulance conveyed him from the Baltimore & Ohio baggage shed to the hospital, and it was evident that all his death was but a matter of an hour or two.

A distressing feature of the tragedy is that he leaves a wife and three children, the youngest child being only six days old. He was in his twenty-seventh year, and was popular with all who knew him. The rains of yesterday and last night made the ground very slippery, and probably resulted in his fall and subsequent death.

Along the Landing. The marks at 5 p. m. showed 4 feet 5 inches and stationary. Weather, cool with a heavy rain yesterday afternoon and last night.

The Leroy resumes her Sunday round trip between Wheeling and Sistersville to-morrow, leaving at 7 a. m. This service is given the public by Captain Thad Thomas, in response to the urgent requests of many patrons of his trim little packet.

Last night's rain was quite heavy, and will probably send the river up a few inches to-day. The rise will hit the Queen City and Ben Hur off the bar at Wallory. The Queen City will probably remain in the upper river until next Thursday, her regular day out of this port for Cincinnati.

The returning coal fleet is pushing up the river with emphasis, but the prospects for getting home are not bright. The river is too low to let them in now, and the weather bureau forecasts a cold wave for to-morrow. This will cause the river to fall still more. The Enterprise, which is among the leading boats on the return, passed Marietta at 9:20 this morning.

TWO PACKETS GROUNDED. PITTSBURGH, Nov. 26.—The Queen City, which left Wheeling Wednesday evening, got into trouble at Wallory, just above Freedom, Wednesday night, and is still there, hard and fast on the bar. She had only a light trip on board, but owing to the rain she was put in the water. The water was rising very rapidly, and it took very careful work to keep in the channel. Just as the boat got into Wallory, her dangerous part of the bar, her headlight went out. The pilot had no choice but to stop her, and before the electrician could get the light in shape the boat had drifted on the bar. In endeavoring to get her off the bar, the crew were blown overboard. The Ben Hur passed the Queen City yesterday and turned back to help her off. After a few hours' work the Ben Hur got aground also.

LOCAL BRIEVITIES.

Matters of Minor Moment in and About the City.

Refund election to-day. Matinees at both theatres to-day. Pops open at 7 a. m. close at 6 p. m. Opera House this evening—Morrison's "Patsy". Grand to-night—John L. Sullivan's company.

A vote for the refunding ordinance means progress. Ratify the refunding ordinance and save the city from exorbitant interest expense.

It requires three-fifths of all the votes cast to-day to bring success to the refunding ordinance.

Friends of the refund, look for eleventh hour misrepresentations in the Market street malcontent. Mr. and Mrs. J. W. Mays, of Bellaire, O. laid their only child to rest in Mt. Wood cemetery yesterday.

The Junior Order of American Mechanics will worship at the North street M. E. church at 8 a. m. on Sunday. The reception to Helen and Mrs. N. S. Thomas by the ladies of St. Matthew's P. E. church has been postponed again, this time to December 7.

On Sunday at the Fourth street M. E. church, Rev. Dr. Hutchinson, president of the West Virginia Conference Seminary will preach morning and evening. The refunding ordinance will not increase taxes one penny but will enable the city to more equally distribute its expenditures among those who need the product of their labor.

Help the city to give employment to those who need employment rather than those who have other resources than hard labor. This can be done by voting for the ordinance.

The Christian Endeavor society of the First Christian church will hold a rally meeting on Monday evening with the subject which has been chosen, "The Christian Church at Mt. Mechen." Yesterday, in Clerk Robertson's office, William Sanders was appointed administrator of the estate of Andrew Sanders, deceased, and gave bond in the sum of \$2,000, with N. E. Whitaker as surety.

Mrs. Annie Coleman yesterday trespassed upon the property of Mrs. Josephine Steinger, a near neighbor. A quarrel resulted, and before the seance at Squire Rogers' began, she pleaded guilty and was fined \$5 and costs.

Rev. W. V. Emery, of Berea, Ohio, will give an illustrated talk at the Y. M. C. A. hall Sunday afternoon at 4 o'clock. The subject will be "That Boy Pictured." The speaker will use ten large paintings to illustrate the lecture. All men will be welcome.

Criminal court met yesterday morning and adjourned until Monday. Judge Hugas was advised of the terms of the settlement of the saloonists' liquor law violation cases, and on Monday he will give his judgment in the matter, when the terms of the settlement will be made public.

The North street M. E. church services on Sunday consisting of preaching by the pastor, Rev. C. B. Graham, at 10:30 a. m. and 7 p. m.; morning subject "Brotherhood"; evening subject "The Common Salvation." Special meetings are held every evening, to which there is a welcome for all.

Persons who have heard the Italian string orchestra now playing in saloons and hotels about town, will be surprised to learn that the members of the organization are taking this method of getting funds to reach the Klondike gold fields. They expect to reach Alaska next summer.

Religious services will be held in Chapline street Methodist Episcopal church on Sunday; at 10:30 a. m. the sacrament of the Lord's Supper will be administered; at 7:30 p. m. the Rev. W. Smith, of Ohio, will deliver his illustrated lecture on "A Model Young Man." All are welcome.

Thanking Thefts. Burglars were active in Dallas, Marshall county, Thursday night, while the natives were enjoying a Thanksgiving entertainment. Rhodes and McCollum's stores were entered, but the booty secured was not very much. Some small change was taken from the former store, and the safe was taken from McCollum's store out into a field, and breaking it open and taking money and papers, the thieves left the store. The safe, which is a small one, was found behind a haystack. A private residence was visited, but nothing of value taken. The opposition prevails that the thieves are not strangers to Dallas.

COMMON SENSE CURE. Pyramid Pile Cure Cures Piles Permanently by Curing the Cause—Remarkable Remedy Which is Bringing Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness causes no simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It attacks the inflammation immediately, heals the irritated surface and with continued treatment, reduces the swelling and puts the membranes into good, sound healthy condition. The cure is thorough and permanent.

Here are some voluntary and unselfish testimonials we have lately received: Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: "Have been a sufferer from the pain and annoyance of piles for fifteen years. The Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure."

Mr. M. Griffin, proprietor of the Griffin House, Detroit, Mich., says: "Have been a sufferer from piles until three years ago I bought one box of the Pyramid Pile Cure and since then I have had no piles. I have recommended it to many friends and guests at my hotel, every one of whom has been cured."

The above is true as my experience has proved it and I hope it may induce other sufferers to try the Pyramid. Write to the book on cure and cure of piles will be mailed free to any address by writing to Pyramid Drug Co., Marshall, Mich. Druggists sell full sized packages of Pyramid Pile Cure at 50 cents.

AMPLY CONFIRMED.

European Ideas Verified in America.

The most important subject of the present day beyond Question. The cable dispatches which recently appeared in the daily papers indicating the great interest felt throughout Europe upon a subject of international interest have naturally awakened great attention, not to say excitement, in this city and throughout the land.

It is a well-known fact that the demands of modern life have caused a strain which seems to shorten life and undermine health universally. The efforts made abroad to investigate its cause are most commendable, and we are pleased to say have been supplemented by similar efforts in America. Careful inquiry has been made among prominent physicians, and it is surprising what uniformity of opinion is expressed by them all. That opinion seems to be that the great modern disease is kidney trouble, and that the kidneys are the first organs of the body to be attacked by over exertion or over-indulgence, and the first to become weakened by the grip. That this is a most lamentable fact there can be no doubt, but that these troubles can be prevented and cured the investigations made abroad clearly show. In the interest of humanity we have made similar investigations, and the result is given herewith.

Dr. N. S. Davis said: "People do not know that Bright's disease is. The term is applied popularly to every trouble that even remotely affects the kidneys. There are two forms of the trouble—one an enlargement and the other a shrinking of the kidneys." Dr. Frank T. Andrews says: "The term Bright's disease is a general many complaints. In fact, any case of albuminuria is called Bright's disease. The majority of these cases are curable. The reason a man dies of kidney trouble is because he neglects it. I have treated every variety of kidney trouble in both men and women, and I do not believe there is a case so severe, no matter of how long standing, that it cannot be relieved or cured by the careful and conscientious use of Warner's Safe Cure."

Dr. Charles W. Purdy says: "There are many diseases grouped under the head of Bright's disease of the kidneys. One of the most serious forms is almost always accompanied by heart trouble, which frequently causes the death of the patient. The acute form will kill the patient within a few years unless he receive proper treatment." Dr. R. A. Gunn, dean of the United States Medical College, declares: "For years the treatment of Bright's disease has been largely experimental. I am independent enough and frank enough to commend most heartily that great remedy—Warner's Safe Cure."

Dr. A. B. Hosmer's affirms: "Acute Bright's disease in children is curable. The kidneys, you see, are waste organs, and when they are partially closed trouble must result." Dr. Tyre York, of Washington, D. C., asserts: "I think Warner's Safe Cure a great blessing to mankind, and if taken regularly will cure almost any disease of the kidneys. I prescribe it in my practice."

Dr. C. Warrington Earle, of Chicago, says: "Diseases of the kidneys may be slight or aggravated. The object is to attend to it to limit the work of the diseased organs to as little exercise as possible." Dr. John W. Mapes, of Paris, Ill., says: "I am a living example of the virtues of Warner's Safe Cure, without which I should long since have been dead."

Throughout the land, wherever investigation has been made, the sentiment seems to be the same. The above unquestioned and unquestionable testimony proves beyond a doubt that Bright's disease of the kidneys can be cured. Mr. Warner knew the cure of Bright's disease in its best form. If any reader has peculiar pains, strange sensations, or unaccountable feelings, which far too often announce the coming of kidney trouble, there is no need to despair. A cure has been found and proven beyond question or the possibility of doubt.
