JEFFRIES IS TIPPED

To Win in His Fight With Sharkey Friday Night.

Champion Jim Jeffries will defeat Sailor Tom Sharkey Friday night at the Coney Island Sporting Club, and thus retain the championship of the world, asserts the Chicago Record man. That is the opinion shared by a majority of the critics who profess to form intelligent opinions on pugilism, but even so, among the minority are many keen judges of fighters. All agree that it will be one of the fiercest battles ever waged for the championship, both combatants being typical specimens of great strength and both being possessed of wonderful hitting powers.

Jeffries on form is rightfully the favorite, and the prevailing odds of 100 to 80 and 100 to 70 seem about correctly to represent the chances of the two men. In the first place, Jeffries has a twenty round decision over Sharkey to his credit. Of course, too much reliance cannot be placed upon that, as both men have improved wonderfully since that time.

Again, Jeffries is the champion, and has defeated Fitzsimmons. That gives him prestige. True, Sharkey has practically defeated Corbett and knocked out McCoy in ten rounds, but those who saw "Fitz" summarily dispose of Thorne in one round at Fattersalls Saturday night do not think either would have much chance against the kangaroo fighter. Jeffries put out "Fitz" in eleven rounds. Thus, on recent form, although a dangerous thing to go by in the prize-ring, Jeffries has a decided lead.

Next in order is a physical comparison. Jeffries should enter the ring with a weight of 210 pounds, while Sharkey probably will fight at about 185. This gives the champion an advantage of twenty-five pounds, which will cut quite a figure if the battle is prolonged. "Fitz" found to his sorrow that weight cuts a big figure in a pugilistic contest. Sharkey is over four inches shorter than the champion, and his reach is fully six inches less. Both of these facts are to his disadvantage.

Sharkey's chances, then, without unforeseen accidents, would seem to lie in greater cleverness or in greater hitting power. The sailor has slightly larger arms, but there is no special reason to suppose that he puts greater force into his blows. As to cleverness, Jeffries would naturally be expected to rank above the able seaman. He has been under the tutelage of Tommy Ryan, one of the greatest tacticians in the ring, and Jeffries certainly showed good generalship in his battle against Fitzsimmons. So the champion seems to have the advantage on all points, except the unsettled one of which hits the harder blow.

Radically different views are held as to the probable length of the fight. Some assert the limit is likely, while others predict a short battle. The latter seems the more reasonable supposition. The very fact that Sharkey's reach is shorter will force him to seek infighting and will probably induce him to force matters, otherwise Jeffries would be able to jab Sharkey's head off, a fact to which Tommy Ryan is not insensible. With Sharkey rushing matters, and two strong, hard hitters at the end, the end is pretty sure to come speedily. And when the end comes the champion will stand in a class by himself. On the fistful horizon is no one, unless it be Fitzsimmons, who seems capable of giving the winner a hard battle.

GANS GETS THE DECISION

Over McFadden in New York Last Night—The Colored Lad Very Clever—Winner Challenges Erne or O'Brien.

NEW YORK, Oct. 31.—At the Broadway Athletic Club to-night Joe Gans, the colored light weight, of Baltimore, received the decision over George McFadden, of New York, after one of the hardest fights witnessed at this club in a long time. This was the third meeting of the men, the other two bouts resulting in a decision for McFadden on a knock-out and a draw. To-night they met to go twenty-five rounds at 133 pounds and when they entered the ring both men were in the best of condition. McFadden departed from his usual tactics of locking until his opponent had worn himself out with his own exertions and then go in for a knock-out. He was aggressive from the start and acted as if confident of scoring a knock-out in short order, but Gans was too clever by far for him and had him figured from the start. Time after time he staved off Mac's rushes with straight lefts and swung repeatedly with his right to the jaw, but McFadden seemed to be made of iron and refused to be put out. Mac's best work was with his left and Gans showed the effects of its use of it at the finish. Mac's ribs were very red at the wind-up, but his face showed little punishment. After the bout Gans' manager challenged Erne or O'Brien for \$5,000 a side for the light-weight championship of the world.

SLOSSON WINS A CLOSE CONTEST.

NEW YORK, Oct. 31.—The second night's play in the professional cushion carom billiard match was a close struggle and the small crowd that braved the rain to see the experts were well repaid for their trouble. Schaefer out-played Slosson by just ten points, but Slosson maintained his lead to the end. The final score at the end of the evening stood 600 to 495 in Slosson's favor. The final block of 300 points will be played to-morrow evening. The match and \$1,000 stakes will go to the player whose total reaches 900 first. Schaefer's splendid brace at one point gives his admirers ground for hoping that he may yet win out.

AMUSEMENTS.

Most of these startlingly original plays which appear every few years to show us that there are still new things beneath the sun, and that authors fall because they have not desisted to succeed, are prevented from becoming notable by some fault of construction. Herein "An Indiana Romance," Robert Downing's new play, excels. It chains the attention at the first act and steadily accumulates in strength and breathless, delighted interest, until, reaching the last act, it becomes absolutely tragic in its strained intensity. The last act is a revelation of dramatic power and would alone make this play a work of art destined to live forever. The fragrance of the apple blossoms in the orchard outside Sam Hickey's humble home, seem to mingle with the tears that tremble in Sam Hickey's voice, as he says with a broad smile to the others who come in with faces made radiant by the happiness that has again come back to him and Mary, "I was just saying to Mary, professor, I'm going to learn to dance. Opera House, Friday and Saturday and Saturday matinee."

"Two Orphans" To-night.

In spite of the inclemency of the weather there were two large and delighted audiences at the Grand Opera House yesterday. The two scenic productions by the Aubrey Dramatic Company were presented in a style which would have reflected credit upon many theatrical organizations playing to high prices. The specialties, especially those given by Lillian Boyer and Victor Morley, were repeatedly encored. This afternoon's bill will be "The Fire Patrol," and to-night the company will present the original version of the great emotional drama, "The Two Orphans," for which there has been a very heavy advance sale of seats.

Fever Seems to be Abating.

JACKSON, Miss., Oct. 31.—No new cases of yellow fever have been reported here since yesterday. One death occurred this morning. The board of health officials will hold a conference this afternoon to consider the advisability of raising the quarantine of the state of Mississippi against New Orleans.

JACKSONVILLE, Fla., Oct. 31.—To noon to-day the reports from Key West showed two new cases of yellow fever since yesterday. Miami reports three new cases and two deaths which occurred last night. The board of health of Jacksonville to-day passed a resolution, notifying Postmaster Egan that no mail matter from Miami would be allowed to come into the city until fumigated.

Failed to Comply With the Law.

CHICAGO, Oct. 31.—Civil suits for the collection of penalties aggregating \$402,500 for violation of the anti-trust and pooling law were begun here today under the direction of the attorney general against fifty corporations doing business in Chicago and Cook county. The penalties are at the rate of \$5 a day for failure to file affidavits that the corporations are not in any agreement or combination for the restriction of output, prices or the control of trade. Among the corporations which it is alleged have failed to comply with the law are the West Chicago Street Railway and the Metropolitan Elevated Railway Company.

Treasury Mail in the Wreck.

WASHINGTON, D. C., Oct. 31.—The treasury department has received information that all of the treasury mail which left here yesterday evening at 4 o'clock for the sub-treasury at New York, went down on the ferryboat Chicago. It is expected that practically all of the letters, warrants and drafts will be found on recovery to be decipherable and in that event little delay will be experienced in sending duplicates. No money was sent in that mail.

HIGH TIDES AND SEA

Caused by Caribbean Ocean Disturbances, Damage Shipping and Wharves at the Seaboard—An Unfortunate Crew.

NEW YORK, Oct. 31.—Word was received from Galilee, N. J., at 3:55 p. m., that a large barge, deeply loaded, was coming ashore. The life savers were standing ready to go to the vessel's assistance. The high tide and sea carried the barge to within 250 yards of the shore. She has one anchor out and at 5 o'clock was preparing to let go a second. The anchor then out did not stop the vessel's drifting. As she came closer to shore the forms of four or five men on board could be discerned in the gathering darkness. Old sailors on shore thought there was small hope for saving any of the crew if she struck, as the terrific seas would speedily break her up. If she did not break up at once the darkness would seriously interfere with the rescue of the unfortunates aboard.

KINGSTON, Jamaica, Oct. 31.—The storm which ceased Sunday, after raging four days and having culminated in hurricane force at several points on Saturday, has, according to reports over the restored telegraph lines, wrought considerable destruction among the banana, coffee, orange and other cultivations for export and home consumption. All the roads and many bridges were extensively damaged and house property was destroyed, aggregating a loss of several thousand pounds sterling. The force of the storm, which covered the whole island, can be judged from the fact that the rainfall in the vicinity of Kingston registered from fifteen to twenty-four inches Friday and Saturday.

WILMINGTON, N. C., Oct. 31.—On account of high tides, incident to the Caribbean sea disturbances last night, many wharves in this city this morning were submerged and considerable damage done to merchandise in storage warehouses. The tide is receding and if the wind, which is now becoming a gale from the southeast, changes no further damage will likely result.

Reports from Wrightsville and Carolina Beaches to-day tell of much havoc wrought by the storm there. The tide is said to have been the highest since September, 1893. He reports have yet been received as to any loss in shipping, though telegraphic communication has been cut off with Southport. The Clyde steamship Oneda, Captain Staples, which cleared yesterday afternoon, did not put to sea, but is still safely in port. Nothing has been heard of the Clyde steamer New York, which was expected here this morning, but it is thought she is safe.

MONTREAL HOTEL FIRE.

Three Guests Burned to Death and a Dozen Injured.

MONTREAL, Oct. 31.—Fire which broke out at 5:30 o'clock this morning in the Webster House, a small hotel on St. James street, caused the death of three persons, the probable fatal injury of a fourth, while half a dozen others sustained minor injuries. The dead are: Joseph E. Wilson, bailiff, Sherbrooke, Quebec; John Benbow, Ottawa; Jane McCoon, employe of the hotel. Capt. J. K. Oswald, of Montreal, a broker, jumped from a window and fractured his skull and will probably die. The fire broke out behind a sideboard in the dining room and quickly spread through the whole house. Wilson and Benbow were killed by jumping from windows while the firemen were engaged in holding ladders to rescue them. Mrs. McCoon was found suffocated in her room after the flames had been gotten under control. There were about forty guests in the hotel at the time and most of them escaped in their night clothes only. The house was not provided with fire escapes as the law provides. The property loss is placed at \$40,000 with an insurance of \$19,000.

THE RIVER.

The marks at 6 p. m. showed 1 foot 6 inches and rising. Weather, cloudy and cool, with rain. The local steamboatmen are hoping something will materialize from yesterday's rains, which appear to have been general. With two feet and rising at Pittsburg last night, the belief is not unreasonable that there will be a packet stage of water in the upper Ohio before the close of the week. The packet men are getting ready for resumption at the earliest possible moment. Repairs to the machinery of the Virginia, at Clarington, have been completed and the big liner is now ready for business. The other packets during their long stay at the bank also have been placed in good shape for resumption.

Pittsburgh River News.

PITTSBURGH, Oct. 31.—The rivermen believe that the rain which began falling at 10 o'clock this morning will enable a resumption in navigation on the Ohio river, at least for the packets. The precipitation in two hours amounted to a quarter of an inch of rainfall. It will take a general rainfall of two inches to bring a good coal shipping stage in the river. The rain was light when it commenced falling, but at 12:30 p. m. it had increased considerably in volume. At this season of the year the ground is covered with leaves in the forest and mountain regions and they hold the water. Rivermen would like to see a fifteen foot stage of water, but ten or twelve feet would be welcome. Rain is falling at all river points. There must also be rain throughout the Ohio valley in order to make a good coal shipping stage, as the Ohio is low at Cairo. There is 20,000,000 bushels of coal awaiting shipment, and a rise will be attended with unusual interest. The coal is owned by the Monongahela River Consolidated Coal and Coke Company, the recently formed organization that has absorbed all of the river coal interests. The coal will be started off practically under one management. There are thousands of men who are awaiting employment. Some of these who are skilled in their line of work, such as pilots, engineers, firemen and deckhands, have given notice that in advance in wages is wanted and it is expected that some concessions will be made. The pilots have in reality been granted an advance, for all the branch firms of the concern who have hired men for the year since October 1, have paid the scale price.

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheeling's Progressive Neighbor.

Trouble is likely to arise over the boundary line between the opera block building and the ground recently purchased by E. K. Hoge. Mr. Hoge thinks the opera block is set four feet on his recently purchased estate, which is accounted for in this manner: The amount of ground fronting on Hanover street as called for in the deed of the ground upon which the opera block is now located, is 68 feet west from the west side of the alley between Third and Fourth streets. The opera block, as claimed by Mr. Hoge, is 68 feet in length, not including a four foot stairway on the east side of the building, thus taking up 72 feet of ground west of the alley line, four feet more than their deed calls for, while the opera block people claim their building, including the stairway, is 68 feet in length, and sits four feet in the alley, and as the alley and Hanover streets are not at right angles their building is exactly on the line at Hanover street, and four inches back on their own ground at the rear, thus giving Mr. Hoge a slight advantage. A survey of the boundary line of the alley, together with the disputed line between the two pieces of property will be made to-day by Engineer Lash. If the claim of Mr. Hoge is found to be correct, which the opera house people say is not justified, a law suit will very likely follow.

HALLON E'EN OBSERVED.

Hallow E'en was observed last evening in good old-fashioned style, the boys with corn and social functions filling prominent places upon the roll. The night was celebrated in a quiet manner, and unlike many in years gone by, the damage to property was very slight. The following is a partial list of the Hallow E'en parties given: Ross, Roy and Madge Heaton home, on Walnut street; Mary Reed, Third street; Nellie Hill, Pearl street; Mrs. W. H. Helfenbell, Jefferson street; Miss Emma Joy, Broadway; Miss Sut Dittmar, Jefferson street; Miss Clara Hildebrand, Main street; Miss Clara Anthony, Broadway; Mr. and Mrs. E. K. Hoge, North Fourth street; Miss Martha Sweeney, Third street.

MARTIN'S FERRY BRIEFS.

Last evening, at 8 o'clock, at the home of Mr. and Mrs. Humphrey Williams, on North Fifth street, occurred the marriage of their daughter, Miss Lottie, to George W. Hill, the popular Main street butcher. The ceremony was performed by Rev. Oehschlaeger, of the English Lutheran church, in the presence of immediate relatives only. The newly wedded couple went to house-keeping last evening in their already furnished home on Main street.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at Logan Drug Co.'s drug store. Only 50 cents and \$1.00, every bottle guaranteed.
