(For the Wheeling Intelligencer.) Dayloness and Light.

Many days, e'en years had past, Since I'd Manual mes,
But e'er I hoped unto the last,
That she would not forget!
Many chequered days I've seen
Since that dear happy time, Many joys and pangs most keen, Have oft since then been mine!

And one cloud, than the rest more black

And one croud, thish the rest more office.
O'er my soul has past,
That long did leave its solemn track,
But which vanished at last!
And then once more my stricken heart,
Learned cheorfully to gaze,
Upon each bright and lovely part,
Of life's mysterious mage!

Again I saw all nature bright,
With Wisdom and with Love,
And that e'en the dunnest night,
Might a sweet teacher prove!
Again the bright sun shone for me;
Again the sky was clear;
Again I found it sweet to see,
All Nature's prospects fair!

But e'en than these, more potent still sad heart to beguile—

Was lovely woman's smile! Matilda, dear! to thee I turned, And turn-ed not in vain, For with thee I that solace found, That made me hope again!

What? Why a Beautiful Head of Hair. BECAUSE IT IS THE ORNAMENT GOD HIMSELP

DECAUSE IT IS THE ORNAMENT GOD HIMSELF provided for all our moe, Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling the "teeth be those of pearls, if the head is bereft of its covering, or the hair be smarled and shriveled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following, and judge. The writer of the first is he celebrated Pianist, Thalberg:

Da. Woon:— New York. April 19, 1858.

Dear Sir.—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United State it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite effications as well as agrocable.

I am, dar sir, yours truly!

Prop. O. J., Woone—Deur Sir.—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks trial it has performed that wonderful effect by turning all the gray hairs to a dark hown, at the sama time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair.

Restorative to all parsons in water or sacretary their hair.

CHARLES CARDEW.

New York, July 25, 1857.

Prof. O. J. Woone-With confidence do I recommend your Hair Restorative, as being the most effications article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unplessant itching, so common among persons who perspire freely.

J. G. KILBY.

I commenced using your Restorative in January last.

A few applications fastened my hair firmly. It began to fill up, grow out, and turned back to its former color, (black.) At this time it is fully restored to its original color, loadth, and appearance, and I cheerfully recommend its use to all.

The Restorative is put up in bottles of 3 sizes, viz.: large, medium, and small; the small hold 1/2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small retails for two dollars per bottle; the large holds a quart, 30 per cent. more in proportion, and retails for 3.

Homes For All.

THE AMERICAN EMIGRANT AND HOMESTEAD COMPANY, having its headquarters in the City of New York, has been organized for the sole and definite purpose of collecting information from all parts of nite purpose of collecting information from all parts of the country wherein desirable lands may be had at low prices, and commending those lands to the atten-tion and favor of all who may be induced to purchase or improve them. It has been silently perfecting its arrangements and correspondence for more than a year past; until it is now ready to offer to settlers a range for selection, embracing more than One Million Acres of cheap wild lands, with some improved farms, mainly in the States of Virginia, Pennsylvania, Tennessee and Mis souri; and it will soon extend its operations into other States.

To enigrants from Europe, to the energetic young nen of our compactly settled States and sections, to the hives of mechanics and laborers who throng our ities and live in constant and reasonable dread that suple or needlings executions. and we in constant and reasonable dread that sanie or pestilence, war, revulsion, or some alteration in the channels of trade, may, at any moment, deprive hem of employment and their families of bread, we say, resolve now, while you may, to seek a home where such perils are unknown.

We mean to sell lamis, as well as negotiate for pur-thagers with those

We mean to sell lands, as well as negotiate for purchasers with those who have large tracts for sale, in every part of the Union; but our attention is more especially directed to the neighboring States—Virginia, Kentucky, Tonnessee, and Missouri. Virgista especially profers at this time remarkable inducements to immigrants. Her climate is temperate and genial—the Peach, the Apple, the Pear, the Grape, alike thrive in it—it is far better and more desirably Timbered than almost any new State; its navigable rivers and innumerable, available streams, water-power, and profusion of the most valuable minerals—Coal, Iron, Salt, Copper &c.—are unsurpassed; the State has expended large sums in constructing Canals and Railroads across its entire breath, which place almost every county within a few hours' ride, either of its scaports or of the great inland cities of Cincinnati, Pittsburgh, Wheeling, Louisville, &c.; yet fertile, inviting land, whether improved or new, is far chexper this day in the Mother of States, than it is in Minnesota or Oregon. No where else on earth can lands filled with accessible Coal or Iron Ore, exposed with chalce of printing land, exposed or lands filled with accessible Coal or Iron Ore, exposed with chalce of printing land.

The TABLE LANDS of EAST TENNESSEB present some of the most inviting fields for industry and enterprise on this Continent. The climate is satubrious and healthful. The soil is adapted to all agricultural pursuits. Its unimproved Lambs are covered with useful Timber, or present natural openings, and Mexilows producing nutritions Grasse. The farmer can have his products on shiphoard in 30 hours and can buy his druceries, Dry Goods, etc., at home, as cheap as my one in New England. Yet, we can sell him good Lands with perfect titles, at from one to three dollars per acre. A word as to the single objection which has kept these lands so long uncultivated, and which now keeps them in the market at a bare fraction of their intrinsic value—That of Slavery. THIS INSTITUTION IS NOW IN THE MOST prosperous and flourishing condition. Twice during the last two years has it been necessary to obtain larger apartments for the accommodation of the increasing number of students, representing nearly every State in the Union.

It now occupies one of the most conspicuous and desirably located buildings in the city. The rooms are commodiously arranged, spacious and elegantly furnished.

Stomach Bitters!

It is a fact fillar, at some permanent admit is subject to disease or disturbance of the buman family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazzard of vital Strongth and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new an elicite, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels and liver reatoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dysgepsia, Indigestion, Nausea, Plattlency, Loss of Appetite, or any Billious Complaints, arising from a morbid inaction of the Stomach or Rowels producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

COUGHS AND COLDS.

A gentleman, public lecturer, took a severe cold the latter part of last month, while travelling and lecturing in northern Pennsylvania, though addressing public audiences every evening; yet in two days, by the aid of the Specific, he was entirely recovered, and enabled to pursue his calling without inconvenience. No public speaker should be without them.

A married lady of 49 had taken a violent cold, which settled on her lungs, causing severe cough, pain in the side and considerable fever and hoarseness. Such colds were usually very lasting and troublesome; but by taking the specific Cough Pills four times per day, in three days she was entirely well.

A young man of 22 had a cough and hoarseness for affecen months. During cold weather his voice was lost so as only to speak in whispers, pain induced on coughing, cold dry or raising only a trifle in the morning, quite feeble and emaciated. Had taken several medicines with little or no benefit. He commenced with the Cough Pills—one pill three times per dayand soon faund himself improving, his cough milder and softer, hoarseness passed off, strength and appetite improved, and in a few weeks was entirely well, having taken no other medicine.

the improved, and in a few weeks was entirely well, having taken no other medicine.

A clergyman of the Raptist Church, well known in Hlinols, writing to us, says, "I have been for some time seriously afflicted with bleeding piles; and have regarded my case as a severe one—at one time, indeed, hopeless, but I have used your medicine (Pile Specific) and am cured. I have no doubt you are laying the world under great and lasting obligation."

A gentleman of 50 years, well and favorably known at Celli, belaware county, New York, had been a nartyr to the piles for 20 years. Sometimes from excessive hemorrhage, pain and auffering, he was reduced to the verge of the grave. For years he had dragged out a miserable existence, a confirmed invalid, disqualified for any busines, and life almost a burden. It is needless to add that he had tried all sorts of remedies, from allsorts of doctors, to little purpose. He consulted me two years ago, and I recommended our Pile Specific, with occasionally, a Dyspepsia Pill. From this he began to improve, and since has never had a serious turn of piles. From the first month up to a year past he had occasionally symptoms of his old complaint but a few dozes of the Pile Pilis would disperse it all, and for more than a year past he has been entirely well of the piles. A more brilliant cure is carcely to be found in the annals of medicine.
