

City Council.—A regular meeting of the City Council was held yesterday evening, Mr. S. Brady in the chair. Minutes of the previous meeting read and approved.

A report from the Committee on Accounts, recommending the payment of sundry bills, amounting to \$1,233 50, was read and adopted, in connection with a resolution instructing the City Clerk to make out a bill against the E. & O. Railroad Company for \$425 21, being one-half the amount of Phillip Schiele's bill for paving the street in front of the depot.

The Committee on Fire Department made a report recommending the building of a new hose house for the Hough and Ready Fire Company, according to a plan submitted, the cost not to exceed six thousand dollars. The report was recommitted, with instructions to ascertain and report the condition and necessities of all the fire companies in regard to buildings.

The Committee on Streets and Alleys reported, in favor of a settling curb on Jacob street, also in favor of granting privilege to John Nolan to lay a track across Fulton street on certain conditions; also location tract petitioned for by the Belmont Mill Company along German street to Division, also in favor of making certain repairs on the upper end of Monroe street, provided said repairs should not cost over \$76. The report was adopted.

The report of Committee on Water Works, recommending the payment of bills amounting to \$675.17 was read and adopted.

The same Committee reported an ordinance for assessing and levying the water rate for the city of Wheeling, for the year 1865, which after several amendments, was adopted.

The Committee on Ordinances was instructed to report an ordinance repealing a section of an ordinance, allowing a reduction of water rents to manufacturers for stoppages.

The Street Commissioner reported that he had made a contract with Henry Gunther for repairing the bridge across Jonathan's Gut. He also asked for an appropriation of \$579.43 to pay certain bills.—The appropriation was granted.

On motion the Committee on Fire Department was ordered to procure four ladders for the use of the fire company on Wheeling Island.

A resolution to place lamp posts on the corner of Market street and Walnut alley, and on Jefferson street near the residence of Thomas Wilson, was referred to the Committee on Lights.

Flag crossings were ordered to be laid across Eoff street in Centre Wheeling, across Market street opposite the residence of J. A. Frobe, and across John street in the 4th Ward.

A petition for the laying of a water pipe on German street was referred to the Committee on Water Works with power to act.

The petitions of sundry citizens of the First Ward was referred to Committee on Streets and Alleys with power to act.

Petitions of David Bell and others was referred to same committee.

The petition of Busby & Little for reduction of water rent, was referred to Committee on Water Works.

Petition of Wm. Buchanan was referred to Committee on Real Estate, with instructions to report.

A footway was ordered to be placed across Eoff street on the Island.

A number of licenses were granted for coffee houses and ordinaries, also a license to Geo. Wickham for an auction room, and to Booth, Battelle & Co. to keep a wharf boat.

FROM SMALL BEGINNINGS considerable results sometimes happen. The article in *Intelligencer* a couple of weeks ago in regard to the movement set on foot here by a few generous hearted Union men in behalf of the heroic Robinson, who saved the life of Secretary Seward, attracted the attention and recommendation of the New York newspapers, and as the result we find the following item in the columns of *The Times*:

A number of the leading citizens of New York, among whom are Moses Taylor, August Belmont, Thurlow Weed, Marshall O. Roberts, and others, have made up the handsome purse of \$1,600 for the brave soldier, Robinson, who, while acting as nurse, saved Secretary Seward's life. The money has been received by Mr. Seward, and will be at once presented to Mr. Robinson, who is recovering from his injuries slowly, at Douglas Hospital.

THE TIDE HAS TURNED.—We are informed that the Baltimore & Ohio Railroad Company has been ordered by the government to provide transportation for fifty thousand men who are to come west over the road. This is probably the first instalment of our veterans bound for their happy western homes. All hail to the conquering heroes of many a bloody field! How vastly different is the return of the loyal hosts of freedom to that of the vanquished and scattered hosts of treason and slavery. Verily this is a world of compensation.

ANOTHER CHANGE.—Another opportunity for obtaining a pair of those wonderful spectacles, manufactured by Professor Bernhardt, will be offered at the McLure House to-day. They are constructed upon scientific principles in the best style known to the art, and are capable of strengthening and permanently improving the sight. Call to-day at room No. 150, McLure House. Another chance of obtaining so perfect an article may never occur.

The gentlemen who favored us with a serenade last night, will please feel that we are obliged. Music is particularly soothing to the spirits of newspaper men at an hour when the night begins to dwindle.

CIRCUIT COURT.—A civil suit was the only case tried in the Circuit Court yesterday. The case of S. S. Bovar and others was called, but owing to the absence of a witness for the defence was postponed until this morning at 9 o'clock.

NO HOME IS COMPLETE
 WITHOUT A
WHEELER & WILSON
FAMILY
SEWING MACHINE!

[From the United Presbyterian.]
 "After more than one year's experience, we can
 cordially recommend to our friends Wheeler and
 Wilson's Family Sewing Machines, as one of the
 most useful pieces of household furniture with
 which any house can be supplied. It is the last
 thing in our domestic institution that we would
 part with."

[From the Western Christian Advocate.]
 "We have personally examined the principal ma-
 chines in use, and with an anxious desire to place
 before our readers reliable information. As the
 result of such examination we most unhesitatingly
 recommend Wheeler and Wilson's Family Sewing
 Machine as the machine for family use. There are
 good, better and best, and this best machine, we
 feel entirely safe in saying, is Wheeler & Wilson's."

[From the New York Times.]
 "Wheeler and Wilson's Machines are the favor-
 ites for families, being especially adapted to that
 purpose. They work more rapidly, with less fric-
 tion and a greater economy of thread, than most, if
 not all, others, and perform by far the greatest
 variety of work."

EVERY MACHINE
WARRANTED THREE YEARS
 AND
Full Instructions Given.

Our interest not being second to that of the
 purchaser, we spare neither pains nor expense until
 the Machines are thoroughly understood and used
 successfully. For selfishness in this respect, refer-
 ence is made to hundreds now using them in

ATWOOD'S
Patent Drilling Machine,
PILE DRIVER,
AND
HYDRAULIC SAND PUMP.
PRACTICAL TESTS having fully demonstrated
the superiority of this machine over all Vaughe-
n's for the purpose of sinking Oil Wells, the under-
signed is now prepared to receive orders for the same.
The machine is portable, and can be used for
the boring of oil wells, excepting the STEAM
ENGINE AND CAST IRON DRIVING PIPE, (which
will be furnished at a reasonable and reasonable price),
and dispenses with the use of the Derrick Rope, Bull
wheel, and other cumbersome and expensive fixtures
now in use, and is so constructed that it can be
removed on wheels and portable, that it can be easily re-
moved for the purpose of sinking wells in different
localities.

THE DETRITUS is removed from the well by our
Patent Hydraulic process, and does not require the
removal of the Rod, White and Yellow. This process
not only removes all the detritus in from 5 to 10
minutes, but likewise effectually clears out
the bottom of the well, and is so constructed that
it will be closed up by the old process of mud pumping.
Now in use, and is so constructed that it can be
easily removed from the well, and is so constructed
that it can be sunk from 10 to 100 feet in a
period of from 15 to 30 days after the soil pipe has
been sunk.

Arrangements are being made for the construction
and delivery of these machines at New York,
Newark, Newburgh, N. Y., and all other places.

The Harris Trial.

WASHINGTON, May 8.—[At the trial of Ben] G. Harris this morning Mr. A. Fenwick, a neighbor and friend of Mr. Harris, was called as witness for the defense. He testified that Chapman and Read, saying they were paroled prisoners, came to his house on the evening of the 26th of April, and asked to be accommodated for the night. He refused to lodge them in his house but told them that they might go into his barn. To the best of his knowledge and belief they stayed in the barn that night. The accused here closed his case.

The Judge Advocate offered in evidence various orders of Lieut. Gen. Grant and Gen. Ord, explanatory of the terms of surrender, providing that paroled soldiers residing south of Richmond should go home as speedily as possible by the most direct route, that transportation and subsistence were not to be furnished those who failed to go home, but that they might go free on government boats when in a direct route to their homes. The accused objected to the admission of the order as evidence, and the Court then adjourned until Thursday in order to give the accused time to prepare his defense.

Internal Revenue Decision.

NEW YORK, May 9.—The Commissioner of the Internal Revenue has decided that the losses in merchandise can be deducted only from the gains in merchandise. In this case particular branches of industry need not be separated. So in speculation, the loss or gain from stocks may effect the loss or gain from produce speculated in.

The decision was announced by the United States City Council last night, admonishing and warning those men who left their homes in this city at the commencement of the rebellion, and openly defied the national government and engaged in their horrid work of treason, that their return at this time would be exceedingly repugnant to the loyal citizens of Washington, and would be regarded as an act unproductive of good but fraught with much harm. This resolution caused an excited debate of a personal character.

A public meeting is called for to-night, to prevent rebels from returning to Washington. A large number are already here.

Demoralization of the Rebel Troops.

BALTIMORE, May 9.—A gentleman who has just arrived here from North Carolina reports that the rebel troops surrendered by Gen. Johnson are greatly demoralized and nearly beyond the control of their officers who are striving to march them to their respective States. The officers have become the objects of intense hate and it is as much as their lives are worth to venture away from the scene of the rebellion. Many have been murdered by their soldiers, who seem tempted to murder them to get possession of the small sum of specie which the officers are understood to possess. The rebel soldiers express intense feeling against Jeff Davis and various members of his Cabinet, and there is no doubt that if they are any of the leaders of the rebellion to fall into their hands they will fare badly. At last accounts our cavalry was in vigorous pursuit of Jeff.

Rejoicing over our Success.

WASHINGTON, May 9.—The State Department has been informed that the legislative body of the republic of Bremen, at its session of Washington, addressed to the President, announcing our late victories as a great victory won by the armies of the Union over the rebellion of the slave holders. He called upon the members to express their sympathy with the American Union by rising. They did so and gave three hearty and enthusiastic cheers.

Proclamation of Gov. Fairpoint.

WASHINGTON, May 9.—A special to the Post says:

The Richmond Whig of yesterday says that Gov. Fairpoint of Virginia will issue a proclamation this week declaring vacant all civil offices in that State, and ordering a new election.

The Gold Market.

NEW YORK, May 9.—Gold weak, and almost to the extent of a panic. The decline this morning to 1.35½ was generally unrespected. Some predict a fall to 1.20 @ 1.25 within thirty days. The increased surplus is the chief cause.

NEW YORK, May 9.—A Commercial's special says: The Military Commission for the trial of the assassination conspirators, has been postponed in consequence of the absence of two Cabinet, until Wednesday. Four National Banks (Ohio have been authorized respectively to increase their capital stock \$50,000. The President is about to issue a proclamation defining and regulating Mr. Lincoln's amnesty oath and other matters relating to the standing of returning rebels. NEW YORK, May 9.—Secretary McCullough has ordered that the three per cent. loan good going to the insurrectionary State is abolished. Such transportation is hereafter furnished. A special to the Post says it is known in Raleigh that President Johnson will not recognize Gov. Vance nor the rebel legislature. NEW HAVEN, May 9.—A. Eggleston, a merchant of Guilford, was shot and mortally wounded by a young man named A. Knowles, last night. Knowles was paying attention to Eggleston's sister-in-law from which a difficulty between the parties grew. Knowles made his escape, it is supposed to New York. CAIRO, May 9.—Despatches from Memphis confirm the report of the surrender at Dick Taylor to Gen. Canby. Unrestricted trade is resumed in the district of West Tennessee, except articles contraband of war. About 50 more dead bodies were recovered from the wreck of the Sultana. Col. Badger of Grant's fleet, sent to investigate the cause of the disaster, arrived at Memphis and will also go to Vicksburg. PHILADELPHIA, May 9.—A special to the Evening Telegraph from Baltimore says: The steamer from Havana with the Marquis De Montheolin, the newly appointed French Minister to Washington, is reported down the bay, and is expected to arrive here to-day. The Minister and his suit, bound for the seat of government. NEW YORK, May 9.—Th Hamilton (Bermuda) Mirror, of April 26th, is received here. It contains no news. The announcement of the surrender of the rebels to Gen. Grant was given by the Mirror as "unwelcome intelligence," and it says, "We wait with anxiety further results of this sad termination of a noble cause." DETROIT, May 9.—In accordance with the president's proclamation, Gov. Croapo has appointed the 1st of June as a day of humiliation and prayer.

A Mammoth Subscription.
PHILADELPHIA, May 9.—Day Cooke reports the subscription to-day to the 730 loan at \$15,165,300. The largest single Western subscription was \$380,700 from the Second National Bank of Chicago, and \$300,000 from the Fourth National Bank of Cincinnati. The largest Eastern subscription was from Fish & Hatch of New York, \$5,059,400; from H. Clewes & Co., \$1,000,000; from the Second National Bank of Boston, \$400,000. The number of individual subscriptions, making up portions of the above aggregate, was \$10,617. The subscriptions included \$1,300,000 from Philadelphia; \$600,000 from Washington; \$375,000 from the First National Bank of Baltimore. The subscription of the \$5,059,400 by the New York banking house of Fish & Hatch, made sensation in those circles of Philadelphia finance, which the news reached before evening. Their telegraph was in these words: "New York, May 9, 1865.—To Jay Cooke, Sob. Agents, Philadelphia: We send you greeting from our new office, No. 5 Nassau street. Order for the five of Octavos, Alexander and ninety four hundred (9400) seven thirty. Signed—Fish & Hatch." Chocotaw in 730 cipher means five million, and Alexander means fifty thousand and. The total order, therefore, was for \$5,059,400. Fish & Hatch are entitled to the credit having made the largest single subscription ever made to a government loan in this country.

[That Chocotaw cipher will be the talk of the streets all over the country to-day Everybody will be Chocotaw now. The great vocabulary of slang has a decidedly new and stunning expression.—Ede. Ixx.]

Interesting from Richmond.
New York, May 9.—The Richmond Whig of the 5th has been received; it says of the march through this city on Saturday the 24th and 5th corps of the army of Potomac, estimated at from 45 to 50,000 strong. They occupied five hours and three quarters passing a given point. They bivouacked ten miles east of Richmond on Saturday night. The 14th corps of Sherman's army arrived at Richmond on Sunday morning, and the 5th corps on Monday. The 20th, 15th and 17th corps were within one day's march of Richmond. The 14th corps marched 290 miles in six days.

Trains are now running from Richmond to Danville.

The Richmond Whig says the march of the troops of the 2d and 5th corps passed the Libby Prison which was included in the route in order to gratify the soldiers who were marched alternately by There were cheers and groans from those who from time to time, in the progress of the war, were so unfortunate as to be inmates of its inopositable walls. Whether designedly or not the programme of route took the late past Gen. Lee's residence, on Franklin street, and those of the soldiers who were aware of the probable proximity of that distinguished chief, of the late confederate force, cheered lustily as the residence was approached and passed. It is said Gen. Lee stood at a closed blind of one of the windows and viewed the pageant for a few minutes.

It was understood that the route of procession was selected, and led through the streets that would best afford the troops an opportunity of viewing the city before which they had been fighting four years for its possession, and the soldiers seemed to enjoy the spectacle with pleasure though without any outward demonstrations whatever.

Maj. Gen. Halleck has made his appointment of Judges of the Court of Conciliation, or arbiters, for the settlement of preliminary claims and dues arising out of the change in the currency. Henry W. Thomas, late State Auditor, Wm. H. Lyons, late Judge of the Hastings Court, and John A. Meredith, Judge of the Circuit Court of Richmond, are named as the board.

The Whig also has the following:

Some idea of the immense business of the commissary department of a large army may be gained from the fact that the commissary of Gen. Sherman's army had orders on Saturday to issue one million six hundred thousand rations for the maintenance of the army on its march from Manchester to Washington.

Capt. Thos. W. Dismel, late assistant provost marshal of Richmond under the confederate government, and detective Williams have been re-arrested by the authorities and sent to Libby. Frederick W. Boyd, a captain of the Baltimore police under Marshal Kane, was also arrested and paroled for an examination.

INDIANAPOLIS, May 9.—Major General Hovey by authority from Washington, has issued orders for the execution of Bowles, Milligan and Horsey, convicted of treason by a Court Martial in this city some months ago. They will be hanged on the 19th instant.

Boston, May 9.—The celebrated mannikin ox, Gen. Grant, which has earned for the Sanitary Commission \$10,000, was forwarded, via Albany and Buffalo, this morning to the great national fair at Chicago, as a gift from its present owners.
