Largest Circulation of any Paper in Western Virginia.

Monday Morning, April 1, 1861.

☞ To Our Patrons.—Those of our patrons who may change their residence, will please notify us of such change, in order that they may receive their papers without interruption.

☞ To-Day, as everybody well knows who will read this, is the first of April.—On this day it is very generally supposed there are more fools than on any other day of the year, although there seems to be no good reason on which to predicate the supposition. To-day the whole world "and the rest of mankind." moves. We have no doubt that when Galileo put forth that sublime declaration, "the world moves," he had the first of April in his mind's eye, and meant really to express no dangerous heresy. This day all good housewives dread. So do those unlucky wights who have to pay little bills and heavy rents—especially when the "spons" are not about their clothes. But to others this day is a welcome visitor. To those who love the mild beauty of April, with its sunshine and showers; to those who have flowers to plant and gardens to dress up; to the farmers who have plowing to do and the labors of the season to begin, this day is not unwelcome. Especially is it hailed with joy by the little urchins who rove around our streets, for it indicates the near approach of that delightful season when they may pull off their shoes and run barefoot in all the freedom and exhuberance of dirt and boyhood. To many the first of April is the beginning of a new year. All such we would recommend to form resolutions of reformation, and keep as many of them as they can. The first of April is a good time to quit swearing, drinking mean whisky, chewing tobacco, and smoking stogy segars; a good time to leave off all little vices and great ones, too, and to adopt and begin to practice the cardinal virtues; a good time to collect bills, if you can; a good time to pay debts, and especially a favorable time to pay the printers, if you happen to owe them anytning.

☞ The Connections at Bellaire.—We have been requested to call attention to the want of connections between the Central Ohio, and Cleveland and Pittsburgh railroads at Bellaire—whereby passengers for Wheeling, Bridgeport or any points above, are subjected to much annoyance and inconvenience, especially ladies. They are cooped up in a little ticket office depot, among all the riff raff that usually loafs around such a place, and their ears are compelled to hear all sorts of profanity and vulgarity. A merchant of this city tells us that his wife was obliged to stay in this place for about an hour the other day, waiting for the Pittsburgh train, and that she never in her life was witness of so much indecency. The attention of the proper authorities is earnestly requested to this crying evil.

☞ We understand that there will be no Federal Court held in this city this Spring term, for the reason that there is some misunderstanding between the U. S. Marshal, Mr. Martin, and the authorities at Washington, about funds. The misunderstanding results, as we learn, from a discrepancy in their accounts. We shall probably know the facts in a day or two, and when we do, we shall give them in full.

☞ Daring Attempt at Burglary.—A bold supposed attempt at burglary, was made up at Washington, Pa., a few nights ago, upon the dwelling of Mr. O. R. M'Nary, though, as it turned out, nothing was missed from the premises. The particulars, as we find them in the Washington papers, are these: Mrs. M'Nary had retired to bed about nine o'clock, in a room on the first floor, immediately adjoining the one into which the entrance was effected. Her husband being still up in town, she threw some coal on the fire just before retiring, and left it burning without covering. She states that, having been asleep, as she supposes, for nearly an hour, she was awakened by a noise, but supposing it was made by the wind, which was very high at the time, she was not much alarmed at first, but in a short time, heard in the front room adjoining, a noise something like the opening of a drawer or the hoisting of a window.—Her husband still being absent, she was, of course, some somewhat startled, but lay still to watch the developments. The fire was burning brightly in her room, and in a short time she observed the door leading into the room where she heard the noise very cautiously open, when a man stepped in. She was enabled to see him distinctly by the light of the fire, as the door in which he stepped was only some six or eight feet from the bed. She was, of course, not a little agitated, but made no outcry; and thinking it best to show as little fear as possible, she simply accosted him with "How d'ye do, sir?" whereupon he turned back into the room and made good his escape through the window he had entered. She then alarmed the neighbors, and search was made about the premises, but no satisfactory trace of the guilty party could be obtained. The effort, however, was renewed, and resulted in the arrest of Wm. Donley, alias Conley, who was held to bail in the sum of eight hundred dollars to answer the charge at May Term next.

☞ The River.—There was a good stage of water in the river Saturday, and rising. The weather was raw and business on the wharf not very active. The Mary Cook was up from Cincinnati on her way to Pittsburg. The Liberty departed for Cincinnati with a good trip. There were no other arrivals or departures, we believe.

☞ A Friend in Doddridge County, sending us some subscriptions, makes this observation with regard to that region:

"This portion of Virginia is almost equal to the famous Tenth Legion for its adherence to Locofocoism. The people here remind me of the Irishman's pups; they open their eyes when their brains are about to be knocked out. They look around and cry, "men and brethren, what shall we do to be saved?" I tell them to send for the *Intelligencer*, and have induced a few to do so."

We hope our correspondent will continue in his laudable enterprise. There is no telling how much good the *Intelligencer* might do in the way of enlightening the good people of Doddridge.

☞ "Nothing on earth can smile but man!" says Beecher. And the Hartford *Times* replies, "H. Ward, you're right.—Nothin—nothin' on earth can smile but man. Flowers have cups, but they can't crook the elbow. They can't smile. That's what's the matter. Birds also, can't come in neither, too. They have beaks, but no beakers. What do they know about.

"The bubbles that swim on the beaker's brim!"

What do they cars about juleps? Not a straw. Their only idea of a cocktail is a bunch of feathers. No, a smile is 'the prerogative of man,'—of man with a six-pence in his breeches—or, at least, three cents."

☞ Burglary at a Railroad Station.—On Tuesday night the ticket office of the Baltimore and Ohio Railroad Company, at the new station buildings, opposite the Relay House, at the Washington Junction, was burglariously entered. The large packages of Western tickets were thoroughly overhauled, and the money drawer relieved of its small change, amounting to a trifling sum.

Weakness of the Stomach and Indigestion.—*Another great Cure Effected by Boerhaves Holland Bitters.*—The wife of Pieter De Witte, living in Holland Town, Sheboygan county, Wisconsin, suffered much from weakness of the stomach and indigestion. She had been under a physician's care for some time, but the disease seemed to baffle even his skill. She purchased some Holland Bitters at our office, which has given tone to her stomach; her appetite and strength are returning, and we firmly believe that this is another great cure effected by your medicine.

We have still to record many wonderful cures effected by this remedy, but must wait another opportunity. One thing you can rely upon, what we have published are from persons much respected in our community, and are literally true

J. Quintus.

Ed. Sheboygan *Nieuwsbode*, Sheboygan, Wisconsin.

Chills and Fever! Chills and Fever!—One of the greatest remedies that has ever been laid before the public, for fever and ague, and which have received the highest encomiums from the press and the people, is *Dr. Hostetter's Celebrated Bitters.* Who would endure the torture arising from this terrible disease, when it can be so easily cured? Who would endure sleepless nights, burning fevers and icy chills, alternately, when a remedy can be obtained for a mere trifle? And yet how many families linger out a painful existence under this deadly blight, and do nothing but gulp down quinine, until it becomes as common as their daily meals, and yet they are not relieved. None but the foolish and weak would hesitate to procure these valuable bitters, and save themselves intense agony. Sold by druggists and dealers everywhere.

Reported for the Daily Intelligencer

From Chicago.

Chicago, March 30.—The banks of this city, on Monday, will throw out the notes of the following thirty-two Illinois banks: Albion, Benton, Carmel, Chester, Federal, Union, Quincy, Republic, Belvidere, Canal, Citizens', Commercial of New Haven, Continental, Corn-planters', Farmers' and Traders', Farmer's Bank of Illinois, Farmer's Bank of Canton, Frontier, Grand Prairie, Illinois State, Lancaster, Merchants' and Drovers', Mississippi River, New Market, Pamet, Prairie State, Railroad, Shawanees and Union, Pike County, Edgar County, Morgan County and Southern Illinois.

These Banks have a circulation of about $350,000,000, based upon Missouri, Tennessee and Louisiana stocks. At the present market rate of securities, the notes are worth 85 and 90c. on the dollar.

Thomas P. Shallcross, Special Agent of the Post Office Department, took charge of the Chicago Post Office, to-day, by order of the President, for causes of alleged arrears and faulty accounts, running through even a longer period than the present quarter. The city is rife with rumors, many of them doubtless highly exaggerated.

New York, March 30.—The steamship Daniel Webster, which arrived here this afternoon, from Brazos, reports that she landed at Fort Jefferson, Tortugos, Companies L and M, of 1st Artillery, and at Fort Taylor, Key West, Companies F and K, of the same regiment.

The Indians were committing great havoc among the people of Texas, killing many and running off their stock. Major Sibley had chastised some of the savages.

Cortinas, the Mexican outlaw, whose movements gave so much alarm to the people of Brownsville, was understood to be awaiting the departure of the United States troops, to commence operations on a larger scale than heretofore.

New Orleans, March 30.—The steamer Coatsacoalcos arrived off Matagorda bay, on the 25th inst., to take away the Federal troops. It is reliably stated that the troops will be landed at New York. Eight hundred troops are awaiting transportation at Indianola. Several companies are expected from San Antonio.

Jackson, Miss., March 30.—The Convention to-day ratified the Constitution by a vote of 78 against 7.

New York, March 30.—The steamship Daniel Webster is signalled below. She has on board the United States troops from Texas.

The steamships Europa, Vigo and Arabia, sailed for Europe to-day.

Boston, March 30.—Ex-Chief Justice Shaw died suddenly, this morning, while engaged in dressing himself.

FROM WASHINGTON.

[Special dispatch to the N. Y. Post.]
Washington, March 28.
The Virginia Mail Agencies.

It was asserted yesterday, without contradiction, that Mr. Lincoln had removed the newly appointed mail agents in Virginia, but to-day the assertion is denied.—The story grew out of the fact that Mr. Lincoln assured a Virginian, a day or two since, that no objectionable person should be retained in the employ of the government in that State. This was understood to mean that the recently appointed agents would be removed, but the Postoffice department does not so understand it. Mr. Cook, who was so meanly insulted on the Manassas Gap Railroad, is a Virginia citizen, who voted for Bell and Everett, and never for one hour held or believed in Republican doctrines. He is a citizen of Alexandria, and has there always borne a high reputation, and was never suspected of any sympathy for the Republican party. Such a man is not to be removed on the demand of a set of secessionists. Mr. Hall, President of the Wide-Awake Club of Washington, has been appointed Mail Agent on the Baltimore & Ohio Railroad. He is a Virginian, and no objection will be made to him on the route he traverses. The people along this road are generally loyal to the Union, and are highly civilized which is altogether more than can be truthfully said of a large portion of the people in Eastern Virginia.

NOMINATIONS FOR THE SOUTH.

The Presidential nominations just sent to the Senate have much significance. I allude to the appointment of George W. Lane as Judge of the Northern and Southern Districts of Alabama, and another gentleman as United States Collector at Key West. Both of these gentlemen were appointed to their respective offices at the request of southern citizens, and not upon the motion of the government. Mr. Lane's appointment will gratify a very large portion of the people of upper Alabama, and a United States Collector will be welcomed at Key West, especially as the guns of Fort Taylor will protect him in the discharge of his duties. The Montgomery government has also appointed its collector for the same port, but he is not expected to proceed to his post until the United States government abandons Fort Taylor, which it will not do till it acknowledges the Jefferson Davis Republic. These appointments indicate the policy of the Administration clearly enough. It will appoint officers in the seceded States wherever the public sentiment will tolerate such appointments and the presence of government agents. As fast as the secession epidemic abates, so fast will the United States government advance at the South, until it reasserts its authority in every seceded State.

PROCLAMATION.

WE HEREBY COMMAND JOSEPH L. WILDE, of the city of Wheeling, to act as our sole agent for the distribution of VALENTINES of all grades, from this date till the 14th inst., and do also authorize him in our name to receive all moneys for the same. This proclamation is necessary, as it is evident from past experience that unscrupulous persons often offer a spurious imitation of the genuine ones, to deceive those who may have tender sentiments to express to each other: such persons will be wise and eschew all such spurious missives, as they cannot be relied on and are utterly worthless. The following is a scale of the most reliable results attending the presentation of these tender epistles:
$15,00 Valentines: Sure wedding forthwith.
10,00 " Same result, say 3 years.
5,00 " " " " 5 years
1,00 " Most likely—perhaps not.
50 " Doubtful—leads to pleasant acquaintance, however.
25 " Extremely doubtful—still some hope.
10 " No go.

Call soon, as those first purchased are productive of the happiest results.

HOSTETTER'S
Stomach Bitters!

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetters Stomach Bitters for the last year amounted to over a half million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the quality of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label

FOR
DYSPEPSIA,
Liver Complaint, Fever and Ague, &c.

THE SUCCESSFUL INTRODUCTION AND USE of this celebrated remedy has been the signal for a literal flood of compounds called "Bitters," offered in various forms, from a quart bottle to a five-gallon keg, until this word "Bitters" is but another name for "grog," or some villanous whisky mixture.

But the really great relief derived from 1st minute dose, one teaspoonful, of our medicine,

BOERHAVE'S HOLLAND BITTERS

AND THE ENTIRE ABSENCE OF AFTER PROSTRATION, has established for it a reputation which the host of imitations and counterfeits have failed to undermine. It is positively a vegetable preparation, with barely sufficient pure spirits to preserve it.

It is a medicine of long-tried efficacy for *Purifying the Blood*, so essential for the foundation of good health and for correcting disorders of the stomach and bowels.
