T. G. PERRIN, Supervisor of Registration, City of Abbeville.

Even at present high prices no one can plant all or nearly all cotton, buy food and grain at present prices from supply merchant on credit and make money. Food and grain is higher in proportion than are present cotton prices.

It's a time above all others to play safe; to produce, all possible food, grain and forage supplies on your own acres; to cut down the store bill.

A good piece of garden ground, rightly planted, rightly tended and kept planted the year round, can be made to pay nearly half your living. It will save you more money than you made on the best three acres of cotton you ever grew!

Hastings' 1918 Seed Book tells all about the right kind of a money saving garden and the vegetables to put in it. It tells about the farm crops as well and shows you the clear road to real and regular farm prosperity. It's Free. Send for it today to H. G. HASTINGS CO., Atlanta, Ga.—Adv.

Half Your Living Without Money Cost

We are all at a danger point. On the use of good common sense in our 1918 farm and garden operations depends prosperity or our "going broke."

Economy Your Watchword Purity Your Standard

Your Uncle Sam wants you to be as saving as possible in the matter of Food, but there is not a citizen of these good old United States that he want to go hungry.

In the matter of Conservation of food, remember this: The Best goes the longest way. You cannot economize-by using the cheapest food products obtainable. Highly nourishing food comes higher in price and is the cheapest in the long run.

Feed your family from our store. We are constantly on the watch out for the best from every viewpoint. If it is pure and wholesome and at the same time highly nourishing, we have it. 'Tis the very best way to economize.

Teach Children To Save

Start the kiddies right by making them want to save their money. A personal savings account in a high-class banking institution like this, where children are given the proper attention and encouragement to handle their own finances is a good start in the right direction. One dollar opens an account.
