

# CLEMSON COMMENCEMENT WILL OPEN SUNDAY JUNE 6

Clemson College, May 20.—The close of the session of 1919-20 is drawing near. It is only three weeks until the commencement exercises are to be held Sunday, Monday and Tuesday, June 6th, 7th, and 8th. The senior class will begin its examinations next week so as to be allowed a week between examinations and commencement for winding up their classes and other special work. The other classes will have their examinations the first week in June, closing just prior to the commencement exercises.

The commencement program this year promises to be a particularly good one. The baccalaureate sermon on Sunday, June 6th will be preached by Dr. J. W. Frazier, pastor of the Central Methodist church of Spartanburg. The address to the graduating class on graduation day, Tuesday, June 8th will be delivered by Dr. E. W. Sikes, president of Coker College, Hartsville. Both of these are well known and able speakers, and their presence on the program is assurance that the 1920 commencement will be a good one. The closing exercises of the Y. M. C. A. will be held on Sunday evening, and the alumni and athletic exercises will be held on Monday evening. The alumni orator for this year is Henry a district agent of the Extension Service with headquarters at Aiken. The usual literary society exercises on Monday morning and military exercises on Monday afternoon will be held. These exercises always draw large crowds of people who are interested in the cadets who take part.

The graduating class this year is the largest in the history of the college, there being 144 men on the class roll. It might be interesting in this connection to note that the college has so far graduated 1,557 men, and the present senior class will run the total to 1,701 in the 24 classes which have graduated by that time.

In connection with the announcements for commencement the registrar, J. C. Littlejohn, who is also alumni secretary, is sending out notices and requests to all Clemson men for information to help complete the new alumni directory and also the new alumni record of Clemson men, which is to be published as soon as possible. Already over 1,000 names have been collected from various sources of Clemson men who have been in the service. Mr. Littlejohn is also calling attention of all graduates and ex-students to the big home

coming of Clemson men, which will be held at the college during the summer, the dates to be announced later. This is the second home-coming, the first having been held in the summer of 1914. The plan of the Alumni Association and the college authorities is to hold these home-comings hereafter every 5th year as one means of strengthening the ties among Clemson men and their alma mater.

## LIBERTY BOND OWNERS ADVISED TO KEEP THEM

Washington, May 20.—The treasury department appealed today to the press of the United States to aid in improving the liberty bond situation by carrying in their columns a statement as to the intrinsic value of the bonds and their present prices. The statement explained the reasons for the bond prices and suggested methods for their improvement.

Referring to the slump in market quotations for Liberty bonds, the statement said: "The price has been brought down because so many people are offering to sell their bonds."

"If the market is flooded with tomatoes," the statement added, "you can buy them cheap, but if every one is clamoring for tomatoes and there are few to be had, the price goes up. The same is true of Liberty bonds. Short sighted people are dumping them on the market, and wise ones are buying them."

The treasury advised holding on to the bonds bought during the war and the buying of as many more at the present low rates as could be afforded, for in the latter case the purchaser will not only receive the regular interest but make a clear profit of the difference between present prices and the face of the bonds.

## STATE CAMPAIGNS TO OPEN JUNE 18

The State Democratic executive committee was organized early Thursday morning in Columbia when major matters in the state Democratic convention had been cleared up. T. P. Cothran, of Greenville was elected by the convention to be chairman of the committee. The committee then reelected Willie Jones of Columbia treasurer. Harry N. Edmunds, prominent member of the Columbia bar and formerly editor of The State, was chosen secretary of the committee without opposition. Ashley C. Tobias, Jr., who has been a most efficient secretary of the com-

mittee, did not offer for reelection. The committee fixed the assessments for candidates for various offices. Those offering for the United States senate this summer will pay \$400; candidates for congress, \$175; candidates for governor \$150 other state offices railroad commissioner and solicitors, \$75.

Statewide campaigns for United States senate and congress and for state offices will begin June 18, and a special committee was named to arrange the itinerary for the two campaigns. The campaigns will open in different sections of the state simultaneously: Members of the committee are: Willie Jones, G. A. Guignard and Harry N. Edmunds. The itineraries will be arranged within the next few weeks.

A subcommittee to hear appeals from municipal elections, under the statute of 1920, was chosen as follows: First Congressional district, J. M. Moor, Walterboro; Second, J. Herman Lightsey, Hampton; Third, C. M. Walker, Oconee; Fourth, J. H. Gosnell, Inman; Fifth, R. B. Caldwell, Chester; Sixth, T. W. Berry, Latta; Seventh, G. A. Guignard, Lexington.

## HAYS AND G. O. P. CHIEFS TALK CAMPAIGN ISSUES

Washington, May 20.—The League of Nations and other issues of the campaign bearing on the country's foreign relations were discussed at a protracted conference between Republican National Chairman Will H. Hays and Senator Henry Cabot Lodge, Republican leader of the Senate and chairman of the Senate Foreign Relations Committee, in the Senator's office Thursday.

## SCOTLAND TO HAVE A 'DRY' CAMPAIGN

Glasgow, May 22.—Scotland's local option act, enacted in 1913, after 30 years of agitation, becomes effective June 1. Coincident with the coming into force of the law, prohibitionists are planning to launch an electoral campaign, which in intensity cost and use of all varieties of publicity will be comparable only to the latter stages of the anti-alcohol crusade in the United States.

There will be a poll on the local government franchise in every town and district of Scotland and out of that vote will come the choice of one of three alternatives total prohibition, reduction of drinking facilities by one-fourth, or continuance of present regulations. Even spokesmen for the liquor interests concede that a good part of Scotland will go dry.

Local option is to be exercised in fairly small areas. There will be 1,300 voting areas in Scotland. The electoral unit in the counties is the parish. In the burghs with a population of less than 25,000 it is the whole burgh; in the burghs with over 25,000 the municipal ward. The effect of this may be curious. Glasgow has thirty-seven wards. Some of them almost will certainly go dry, others will remain as at present, so that while the "public houses on one side of the street

## ASPIRIN

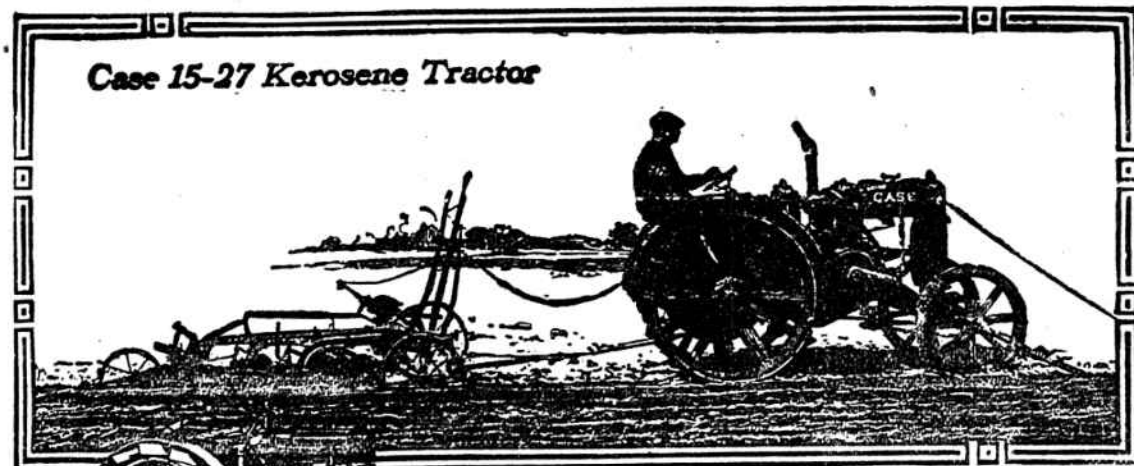

Name "Bayer" on Genuine

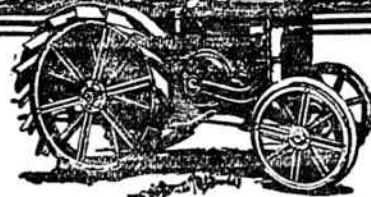

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper direction to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacturing Monoacetic-acidester of Salicylic acid.

## BUY "DIAMOND DYES" DON'T RISK MATERIAL

Each package of "Diamond Dyes" contains directions so simple that any woman can dye any material without streaking, fading or running. Druggist has color card—Take no other dye!

Case 15-27 Kerosene Tractor

## Pulls 3 or 4 Plows

In fields where plowing is difficult—tough or baked soil, stiff grades, etc.—this Case 15-27 Kerosene Tractor will pull 3 plows easily. Where conditions are favorable, this tractor can pull 4 plows.

So it is a favorite on the average farm. It is neither too large nor too small.

In addition to its field work, it is designed for belt work, having the pulley properly placed. It will drive a Case 26x46 Thresher equipped with feeder and wind stacker or other machines requiring similar power.

The Case 15-27 has abundant reserve power. While rated at 15 horsepower on the drawbar, it can deliver more than 18

horsepower. While rated at 27 on the belt, it can deliver 33 horsepower. It is ever ready for the hardest jobs. It never tires.

All gears are cut steel, enclosed and run in oil. It has a four-cylinder valve-in-head motor, mounted crosswise on a one-piece main frame. This affords the use of all spur gears.

A Case Syphon Thermostat controls the cooling system and insures complete combustion of kerosene. A Case air washer delivers clean air to the carburetor.

There are dozens of betterments found only in this tractor. You should be familiar with them, so that you may make a careful comparison.

May we have the opportunity soon to point out Case superiorities?

C. B. LEONARD  
Dealer  
Donalds, S. C.

may be closed, those on the other side, being in a different ward, may remain open.

The poll is to be taken in November or December. In the large towns the day will probably be the same as the municipal elections, November 2.

The vote will be by ballot, and the paper will hear the three resolutions which the electors can vote.

## SOUTH ATLANTIC SHIP OFFICE TO OPEN JUNE 1

Washington, May 20.—Rear Ad-

miral W. S. Benson, chairman of the shipping board, Thursday announced the new South Atlantic District with headquarters at Savannah, Ga., would be in full operation by June 1.

At the same time director of operations, Capt. Saul Foley, began recruiting the personnel to be in charge of the new district, most of which will be chosen in the South.
