DR. JOEL BRANHATS LIVER & HYSFECTIC MEDICINE.

N offering this valuable Medicine to the peo ple of S. Carolina for the relief and care of many diseases incident to a Southern climate I do not claim for it infallibility; neither do I say it will cure all diseases. But in CHRONIC LIVER AFFECTIONS

AND DYSPEPSIA. I can confidently advise and recommend its use, from my personal observation and use of the article in my own practice. This article is favorably received wherever it has been used. I am allowed to refer to Mr. George Heard of Troup, Mr. John Warren of Celumbus, Mr. McAffee of Cobb, Mr. Asbury Hall of Athens, Mr. William D. Terrell of Pu nam, Rev'd. John E. Dawson of Lagrange to which a great number of games might be added, who car their testimony to its value.

Habitual costiveness is found very frequently connected with feeble constitutions, and per-sons of sedentary habits, which often exert a very unfavorable influence upon the general haelth of the subject; and is particularly manifested by a restless and desponding state of the mind, irregular if not a loss of appetite. For this condition of the system, this cricle is confidently recommended with the positive assurance that if the dose is properly adjusted, so as not to move the bowels too actively, relief may be relied on, without any, even the least of the umpleasant consequences, resulting from the use of the common purging medicines usually esorted to. This article will be found to act as a pleasant cordial and tonic, restoring the appetite, and at the same time falfilling every ndication that the common purging medicines are designed to effect.

There are some constitutions liable to regular attacks of Bilious fever almost every fall, to such, I recommend the use of this Medicine, beginning at least by the middle of May, or first

Many persons whose Digestive organs are feeble, often experience a sense of fullness, weight, and oppression, about the stomach af ter eating—in such cases a dose of this medi-cine will often afford immediate relief.

Pregnant women often suffer from heart burn and costiveness, they may use the article without the least danger and with great benefit, In sick or nervous head-ache, it is a most valu-

I could append a long list of certificates, but forbear, preferring to rely on the virtues of the medicine to sustain itself. The medicine is a gentle and certain cathartic, tonic and sudorific, JOEL BRANHAM. Eatonton, Georgia.

weak and dehilitated condition of the system.

Britimore, December 154, 1843. Dr. G. K. TYLER .- Dear Sir .- It is with great pleasure that I announce to you a restoration of my healsh by the use of your in-valuable pills. I had been suffering com Chills and Fevers for eighteen or twenty months, during which time I took five bottles of Rowand's Tonic Mixture, Dr. Sherman's Fever and Ague Lozenges, Dr. Love's Vegetable Elixir, Keener's Powders, Barks, Quinine, Thompso nian Medicines, Arsenic, Herbs, and in fact almost all the popular remedies I could hear of; and yet received no lasting benefit. The chills were stopped by Quinine and other things, but after a few days or weeks they would return again, as had or worse than before. Towards the last the chills came only every third day, and these were followed by fever of such se verity as to affect my reason and it was found necessary for some one to watch with me until the paroxysm passed off. At last I procured a box of your pitis, and only took four of them this so completely stopped the chills, that I have never had a return of them up to this time, (nearly two years) and near a year of this time was passed in the same place where I first caught the disease.

That my case is not one cured by chance is proven from the fact that four pills out of the same box cured Capt. Renben Banks, so effoctually that he has never had the disease since whereas before he often suffered from it. Two other person were also cured by the contents of this same box, and they neither of them have and a return of it although they both reside where they are exposed every season.
