The Brooklyn INSURANCE COMPANY

Two Million Dollars. Paid up Cash Capital and Assetts,

CHRISTIAN W. BUCK, President. W. H. WALLACE, Vice President.

Office No. 141, Broadway, New York.

JOHN E. BACON and W. P. BUTLER, General Agents for the State of South Carolina and Augusta, Georgia.

As general Agents we take pleasure in presenting this well known and responsible Company to the public and in recommending it as FIRST CLASS in every way. We might add much more in this regard, but being interested as its Agents, prefer to speak through DISINTERESTED PARTIES. Therefore, read and digest the following notices (among many others) from both Northern and Southern papers as to the virtues of this Company.

Sun—Columbus, Georgia, January 27, 1869: "There is no better Company in the land. A comparison with other corporations of a similar character will convince all of the superior safety in taking risks with the Brooklyn Life."

Insurance Times—New York, January, 1869: "The Brooklyn has placed itself in the van guard of insurance reform, and is the first Company that has done full justice to the insured," &c., &c.

The Sentinet—Raleigh, N. C.: "This great feature of cash surrender value is an important improvement that signalizes the era in insurance."

Boston Post—Massachusetts, 1869: "This plan (gueranteed surrender values) removes the sole objection existing to making an application for insurance. Each policy becomes a piece of negotiable paper, as easily transferred as a Registered Bond."

Discretel—St. Louis Mod. January, 7, 1869: "A policy in the Brooklyn Life is

Bond."

Dispatch—St. Louis, Mo., January 7, 1869: "A policy in the Brooklyn Life is thus worth so much in ready money, &c. This is the only Life Company that has carried this excellent feature into business," &c., &c.

We call especial attention to this distinctive and advantageous feature of guaranteed surrender value of the Brooklyn Life, particularly characteristic; and also to the fact that there are no classes in the Brooklyn Life. All fare alike, whether from the North, South, East or West.

Above all, we direct the public attention to the fact, that Polices can be obtained in this Company, owing to its careful management and superior advantages, at LOWER RATES than in any other Company of EQUAL RANK AND SOLVENCY in America.

We refer with special pleasure to th advertisement of the Great Southern Piano Manufactory of Messrs. Wm. Knabe & Co. of Baltimore.
This factory is now one of the larges in the world: it is a magnificent five story structure, fronting an entire block or Eutaw st., and covering, together with the Lumber Yards attached, some two and one half acres of ground. Three hundred and fifty men are constantly employed turning out over forty instru-ments per week. Among the thousand and one Pianos offered to the public, we scarcely know any instrument so fully uniting all the desirable qualities sought for as the Knabe
