Samuel Lovingsood has been elected president, and Col. J. J. Norton vice-president of the Walhalla Bank, The Rev. O. F. Gregory, of Charleston, is conducting a series of protracted meetings in the Baptist Church at Anderson, From the 1st of January to the 1st of April the aggregate rainfall in Greenville County amounted to 18.77 inches. Thomas colored, Samuel P. Pickett, colored, Pickett County leads the van in the temperance movement, The annual elections in the incorporated towns were held on the 1st Monday in April, resulting in the choice of "dry" tickets at Pickett Courthouse Basley and Central, About Sick Animals, Nearly all sick animals become so by improper feeding, in the first place, Nine cases out of ten the digestion is wrong, Charcoal is the most efficient and rapid corrective, It will cure a majority of cases, if properly administered, An example of its use, The hired man came in with the intelligence that one of the finest cows was very sick, and a kind neighbor proposed the usual drugs and poisons, The owner being ill, and not able to examine the cow, concluded that the trouble came from over-eating and ordered a teaspoonful of pulverized charcoal given in water, It was mixed, placed in a junk bottle, the head held upward, and the water and charcoal poured down, In five minutes improvement was visible, and in a few minutes the animal was in the pasture quietly eating grass, Another instance of equal success occurred with a young heifer which had become badly bloated by eating green apples after a hard wind, The bloated was so severe that the sides were almost as hard as a barrel, The old remedy, saleratus, was tried for correcting the acidity, But the attempt to put it down always caused coughing, and it did little good, Half a teaspoonful of fresh powdered charcoal was given, In six hours an appearance of the bloated had gone, and the heifer was well.—Live Stock Journal, The Greenville News states that that the negro who murdered the Rev. J. C. Miller, in Union County, on Saturday, 3rd inst., before he committed the fatal deed, told him that he did not wish to kill him on his horse, and requested him to dismount, which he did, and received the two discharges in his body, A priest in Troy, N. Y., has a habit of taking a seat in a bar room on Sunday afternoons and watching the customers, It is said to be surprising to see how many persons look in simply to enquire what time it is, or where certain persons live, The Virginia Legislature has appropriated \$3,000 for the purpose of providing artificial limbs, or commutation therefor, to the citizens of the State who lost limbs in the Confederate service, Mrs. Bolnap is considered to be the best dressed woman in Washington, A correspondent says that when Worth received the order for her tressouer he retired to a cave and fasted for seven days, Mrs. Bolnap is considered to be the best dressed woman in Washington, A correspondent says that when Worth received the order for her tressouer he retired to a cave and fasted for seven days, Mrs. Bolnap is considered to be the best dressed woman in Washington, A correspondent says that when Worth received the order for her tressouer he retired to a cave and fasted for seven days,

Hints.

Kerosene oil is good for removing rust from cutlery. Soft soap should be kept in a dry place in a cellar, and should not be used for three months after it is made. Lard should be kept hard and white—and that which is taken from a hog over a year old is best. To select nutmegs prick them with a pin, if they are good the oil will instantly spread around the puncture. One ounce alcohol; two drachms cayenne pepper; one ounce kerosene oil; let it stand twenty-four hours after mixing. It cures the worst toothache ever known. When a kog of molar is brought draw off a few quarts, else the fermentation produced by moving it will burst the cask. Two small arteries branching up from the main arteries on each side of the neck, and passing over the outside of the jaw bone, supply the face with blood. If the nose bleeds from the right nostril, for example, pass the finger along the edge of the right jaw till the beating of the artery is felt. Press hard upon it five minutes and the bleeding will cease. Under the ruling of Judge Mackey, at the late term of the Court in York, jurors who could not read were excluded. The fear of Russia has the toothache like the rest of us, and he uses almost the same emphatic expressions. An Italian count has gone into business in Buffalo with a hand organ, and the young women are being looked up. Phineas T. Barnum, Mayor of Bridgeport, Conn. Admission to Bridgeport hereafter, fifty cents; children half price. Men grow mellow in their cups. Women get tight in their corsets.
